Direction of Inquiry	General Information
Subject	End the mask mandate
Message	Hello, I've emailed a few times and have never received a response. I see on the 9th on your meeting notes it shows there was a discussion on easing the COVID regulations. The meeting notes are so vague that I cannot find the section of the video that addresses that meeting note. Can you please tell me what the resolution was with that or how to navigate your notes so I can more easily find that information moving forward? Thank you.

Subject: Oppose-LSOE - Mask Ordinance at 2/23rd BCC Meeting
Attachments: 17265890_VOICE_210219-105202.wav; Sarasota City Lifted Their Mask Mandate

See attached voicemail from Pam McAloon voicing her displeasure with the Mask ordinance. She would like to see it rescinded.

Received call from Toni Trevillain voicing her displeasure the mask ordinance, LSOE and the funds being spent on vaccinations. She would like to see them all rescinded. She plans to attend the BCC meeting on 2/23rd and speak before the Commission.

Subject Mask Mandate

Message Greetings Pinellas County Commissioners,

I'm writing today over great concern on your insistence to continue the county wide mask mandate. No, I will not debate any legality or constitutional right for either side. I ask you to take into consideration the safety concerns.

We have been dealing with the virus for almost a year now. Everyone is well aware of proper hand washing and social distancing. Medical personnel now know how to treat cases with far more positive outcomes than before. People are more apt to stay home when they are feeling ill and parents are keeping their sick children home instead of sending them to school.

My concerns are that you are taking a "one size fits all" approach. Business' are not honoring the medical exemption, complete strangers verbally attacking people not wearing a mask and who legitimately have difficulty wearing a mask due to a medical condition and a safety issue.

There are many business' who have signs stating "Masks required to enter, If you do not comply, you will be asked to leave". Where is the medical considerations there? Order on line and we will bring your order out? Would we allow someone in a wheelchair to be treated this way? Or, someone wheeling their oxygen tank with them? Would we allow them to be denied entrance due to their disability? Some business' will refuse to check you out if your mask doesn't fully cover your nose! This is beginning to become utter nonsense for adults to act this way and unprofessional for business' to treat their customers like this.

I have seen and heard stories of people "stalking", arguing and threatening others in stores

demanding they put a mask on. Would you like a complete stranger, who knows nothing about you, demand that you do something? This is a real safety issue! I have personally seen people completely covered with hoodies, sunglasses and their mask pulled all the way up covering their face entering a business. Again, a very serious safety concern!

With all of the knowledge that we now have for preventing and treating this virus, your mask mandate is really not necessary anymore. People who are concerned about becoming infected can continue to wear their mask but requiring that everyone should wear one is no longer essential.

Thank you for time and consideration to the concerns of ALL of the residents in Pinellas.

Direction of Inquiry	General Information
Subject	Please lift the Mask Mandate
Message	Please lift the county-wide mask mandate now. There is no statewide mandate. There is evidence that masks do not work to prevent virus transmission. The flip-flop guidance from the federal government is laughable at this point. Why not make masks optional now? We're a year into masking with no let-up in sight. You will see from statistics that masks have not helped with the transmission of the virus (states with v. without mandates). Please just consider lifting the mandate.
