The PPC public hearing will be held on Wednesday, May 11, 2016, at 3:00 P.M. or as soon thereafter as the agenda permits.

The CPA public hearing will be held on Tuesday, June 7, 2016, at 9:30 A.M.

Both public hearings will be held in the Board of County Commissioners Assembly Room, 5th Floor, Pinellas County Courthouse, 315 Court St., Clearwater, FL. The PPC will make a recommendation to the CPA on the proposed amendments, or to other plan categories as determined appropriate in accordance with Chapter 2012-245, Laws of Florida, as amended, and the Countywide Plan.

The current Residential Low Medium category is used to depict areas that are primarily well-suited for suburban, low density or moderately dense residential uses at a maximum density of 10 dwelling units per acre. The proposed Office category is used to depict areas that are developed, or appropriate to be developed, with office uses, low-impact employment uses, and residential uses (subject to an acreage threshold), in areas characterized by a transition between residential and commercial uses and in areas well-suited for community-scale residential/office mixed-use development.

Case CW 16-15 – Submitted by City of Safety Harbor – 8.4 acres m.o.I.

The current Residential Low Medium category is used to depict areas that are primarily well-suited for suburban, low density or moderately dense residential uses at a maximum density of 10 dwelling units per acre. The proposed Recreation/Open Space category is intended to recognize areas appropriate for public and private open spaces and recreational facilities that serve the community or region. The proposed Preservation category is intended to recognize natural resource features worthy of preservation and those areas of the county that are now used, or are appropriate to be used, for the conservation, production, and management of the regional potable water supply and the supporting infrastructure, consistent with the natural resources of the area.

The current and proposed Preservation category is intended to recognize natural resource features worthy of preservation and those areas of the county that are now used, or are appropriate to be used, for the conservation, production, and management of the regional potable water supply and the supporting infrastructure, consistent with the natural resources of the area. The proposed Recreation/Open Space category is intended to recognize areas appropriate for public and private open spaces and recreational facilities that serve the community or region.

The PPC will make an advisory recommendation to the CPA for approval, approval with modification or conditions, denial, denial with alternative recommendations, or continuance of the items. The recommendation by the PPC and the action of the CPA may amend the Countywide Plan Map from the existing plan category to the proposed plan category as referenced above for the amendment, or to another plan category as may be determined appropriate based on the public hearings and consistent with the Countywide Plan and procedures related thereto.
