Comments

I want you to end the Emergency Declaration granted from the State for COVID, which qualifies the county for FEMA funds for qualified purchases of Cat B equipment and materials. I also the want the mask ordinance to expire and not be renewed. I am FEMA trained, Pinellas county resident. I feel depressed every time I see a mask, every time I see a closed business, every time I read the news. Our Governor has it right. Sunshine is a natural healer. Come to Florida and get some Vitamin D!

Sept. 22, 2020 The Pinellas County Board of County Commissioners on Tuesday extended its State of Local Emergency declaration for COVID-19 through Oct. 2 and delegated the authority for near-future extensions to County Administrator Barry A. Burton until further notice. By state law, the emergency declaration must be extended every seven days to remain in effect. The ordinance requiring face coverings and social distancing within public places remains in effect so long as the State of Local Emergency is effective, unless amended or repealed by separate action of the county commission. Board members received an update from Dr. Ulyee Choe, who reported that COVID-19 trending data remains stable, and an expert panel of four healthcare administrators. Dr. Larry Feinman, Chief Medical Officer of HCA West Florida; Dr. Michael Longley, Chief Medical Officer of AdventHealth North Pinellas; Dr. Nishant Anand, Chief Medical Officer of BayCare; and Dr. Nichelle Threadgill, Chief Medical Officer of Community Health Centers of Pinellas, concurred unanimously that face coverings and social distancing are the most effective measures available at this time to slow the spread of COVID-19. Along with Dr. Choe, they cautioned against relaxing requirements, citing the forthcoming convergence of flu season and COVID-19.

It is time to end the state of emergency. Keeping the state of emergency based on faulty data is just wrong. The PCR tests have been proven to be inaccurate. Deaths and hospitalizations should be the data used not cases as the number of cases is not accurate. I'm 65, healthy and take responsibility for my own health as everyone else should. I am not afraid of covid but every day I wake up with an unsettling feeling that I am not free to go about my business breathing fresh air. This is America for God's sake. At this point I feel this SOE is about control and not serving your citizens. The CURVE has flattened now let people get back to living. There is NO state of emergency any more based on deaths and hospitalizations. Better use of your resources might be to implement healthy living programs so the 'vulnerable' can get healthy so they have better immune systems rather than 'mask campaigns'. Stop being puppets of big pharma who wants us all to stay sick and buy their drugs and vaccines. Clint Eastwood once said..... Politicians work for us. If they're not doing their job it's time for them to go.

Please let the EO run out. Y'all are basing public policy on tests that are not accurate. In fact , you have to test a healthy person to determine if they have a deadly disease. Ask the doctors what it means to amplify the DNA 30-40 times. At the end of the day, we all have Sars. Additionally if you have the flu vaccine, and you are elderly not good. as well as people are having a false positive test. #stopthemandness Most recent info from CDC, reflects the the numbers are the same or better than the flu. What are y'all doing? Lets get back to normal and let us make the decision on whether or not we wear a mask. We are adults and take personal responsibility for our actions. So if you are so concerned about our Health, than outlaw/bann cigarette smoking. 2nd smoking is deadly you know.

Please let the EO expire . Enough already!! Numbers do not reflect a pandemic and the cases are NOT ACCURATE!! NO MORE MASKS. LETS GET BACK TO NORMAL AND IMPLORE THE COMMUNITY TO TAKE RESPONSIBILITY FOR THEIR HEALTH. YOU ARE DECEIVING THE PUBLIC AND BY KEEPING THE MASK ORDINANCE SUGGESTING "A MASK" IS KEEPING THEM SAFE. STOP PERPETUATING THE LIE. THIS IS INSANITY!! DEATH RATE IS IN LINE WITH THE FLU. YOU CANT STOP A COLD SO STOP TRYING.
