ROLL CALL - 9:32 A.M.

Present: 6 - Chairman Kenneth T. Welch, Vice-Chairman Karen Williams Seel, Dave Eggers, Pat Gerard, Charlie Justice, and Janet C. Long

Absent: 1 - John Morroni

Others Present: Jewel White, County Attorney; Mark S. Woodard, County Administrator; Jeanette L. Phillips, Director, Finance Division; and Lynn M. Abbott, Board Reporter, Deputy Clerk

INVOCATION by Reverend Becky Robbins-Penniman, Church of the Good Shepard, Dunedin.**PLEDGE OF ALLEGIANCE****PRESENTATIONS AND AWARDS**

1. International Internal Audit Awareness Month Proclamation:
- Melissa Dondero, Assistant Inspector General, Division of Inspector General

Chairman Welch invited Ms. Dondero to the podium, presented her with a plaque, and read a proclamation recognizing May 2018 as International Internal Audit Awareness Month.

Ms. Dondero introduced her colleagues Jason Stanley, Robert Poynter, Anne DiNatale, Corey Atha, Cassie Moreau, Darcy Eckert, and Mary Beth Makrianes, and thanked the Board on behalf of the division, noting that Inspector General Hector Collazo and Clerk of the Circuit Court and Comptroller Ken Burke were unable to attend and conveyed their appreciation for the award. She related that the proclamation demonstrates the Board's support for the internal audit profession and the services that have been provided for the past 35 years, and serves to build awareness of the essential role internal auditing plays in strong organization governance, internal audit control, and effective risk management.

2. Emergency Medical Services (EMS) Week Proclamation:
- Jon Michael Farris, Paramedic, Sunstar
- Chief Rick Graham, President, Pinellas County Fire Chiefs Association

Chairman Welch called forward Mr. Farris and Chief Graham and provided a brief history of the Pinellas County Emergency Medical Services Authority, noting the dedicated efforts of the highly skilled and professional EMS personnel; whereupon, he presented them with a plaque and read a proclamation recognizing May 20 through May 26, 2018 as Emergency Medical Services Week.

Mr. Farris and Chief Graham expressed gratitude to the Commissioners, emergency medical and firefighter personnel, and citizens for their recognition.

Chairman Welch mentioned that Commissioner Morrone has been a long-time advocate for emergency services personnel and thanked him for his support, noting that he is probably watching the live broadcast of the meeting.

3. EMS Professionals of the Year Award:

Emergency Medical Dispatcher

- Sandy Stoinski, Public Safety Telecommunicator III, Pinellas County Emergency Communications/Regional 911

Emergency Medical Technician (EMT)

- Aaron Dill, Field Training Officer/EMT, Sunstar Paramedics Paramedic

- Stephen Bailey, Lieutenant/Paramedic, Largo Fire Rescue Pinellas Federal Credit Union

- Sherry Belcher, President/CEO

- Gina Signor, VP of Administration

Chairman Welch acknowledged that Pinellas Federal Credit Union has been a supporter of the EMS Professionals of the Year Award for 28 consecutive years and introduced Mses. Belcher and Signor as its representatives. He noted that EMS Advisory Council Chairman Dr. David Weiland and Vice-Chairman Kelly Cullen were unable to attend today's meeting and expressed the Board's appreciation of their partnership.

Chairman Welch invited EMS and Fire Administration Division Director Craig Hare forward to lead the presentation; whereupon, a video was played highlighting the services of Ms. Stoinski, Mr. Dill, and Lieutenant Bailey. Mr. Hare presented the awards to the winners, and Mses. Belcher and Signor provided monetary gifts; whereupon, Chairman Welch congratulated the awardees and thanked them for their service.

4. Partner Presentation:

- Dr. Angus Jameson, Medical Director, EMS

Referring to a PowerPoint presentation titled *Doing Things! EMS System Clinical Update*, Dr. Jameson discussed the state of the system, including operational statistics and focus areas; clinical education and provider wellness programs; quality management advances; ongoing clinical challenges; and quality management goals and opportunities; whereupon, he responded to queries by the members.

12. Case No. CW 18-12 - City of Clearwater

Countywide Plan Map amendment from Public/Semi-public, Retail Services, Residential Low Medium and Activity Center to Activity Center, regarding 555.8 acres more or less, generally located south of Palm Bluff Street, west of Highland Avenue, north of Druid Road, and east of Clearwater Harbor (regular amendment). (Companion to Item #13)

Ordinance No. 18-23 adopted approving Case No. CW 18-12. Forward Pinellas, in its role as the Pinellas Planning Council, recommended approval of the proposal, and staff concurred. No correspondence has been received. No citizens appeared to be heard.

In response to queries by Commissioner Seel, City of Clearwater Senior Planner Ellen Crandall related that the amendment will not affect an existing land use provision in the Old Bay character district; that no changes to the Community Redevelopment Area (CRA) are being proposed at this time; that the City's newly hired CRA director is working on amendments to Chapter 4 and the Tax Increment Financing (TIF) district; and that additional information will be submitted by the end of summer as required for Pinellas County's 15-year review of the CRA Plan.

Referring to a presentation titled *Clearwater Downtown Redevelopment Plan*, Forward Pinellas Planning Division Manager Rodney Chatman pointed out the subject property's location, boundaries, and surrounding land uses, and provided an overview of the proposed amendment, noting that it seeks to expand boundaries and amend densities, intensities, and height allowances associated with the Special Area Plan, which is part of the Clearwater Downtown Redevelopment Plan; that the amendment is consistent with the Countywide Rules; and that staff recommends approval.

Commissioner Justice commented that changing the land use to Activity Center will significantly increase the density allowances for each parcel, and responding to his query, Mr. Chatman indicated that the County has not conducted an analysis to determine the total potential impact.

A motion was made by Commissioner Gerard, seconded by Commissioner Long, that the item be approved. The motion carried by the following vote:

Aye: 6 - Chairman Welch, Vice-Chairman Seel, Commissioner Eggers, Commissioner Gerard, Commissioner Justice, and Commissioner Long

Absent: 1 - Commissioner Morroni

Economic Development

23. Resolution approving B7111450363 as a qualified applicant for the Qualified Target Industry Tax Refund program.

Resolution No. 18-25 adopted approving Project B7111450363 as a qualified applicant pursuant to Section 288.106, Florida Statutes, and identifying sources of local county financial support (total local contribution amount, \$60,000.00, 50 percent of which will be paid by Pinellas County, to be paid over a series of fiscal years as determined by the State).

Mr. Woodard related that a technology-centric business service enterprise is seeking to relocate its international headquarters to the City of St. Petersburg, creating 50 new jobs at 150 percent or more of the State of Florida average annual wage; and that the County is competing with locations in California, Georgia, and Illinois.

A motion was made by Vice-Chairman Seel, seconded by Commissioner Eggers, that the item be approved. The motion carried by the following vote:

Aye: 6 - Chairman Welch, Vice-Chairman Seel, Commissioner Eggers, Commissioner Gerard, Commissioner Justice, and Commissioner Long

Absent: 1 - Commissioner Morroni

Management and Budget

- 24.** Resolution supplementing the Fiscal Year 2018 General Fund Budget for unanticipated revenues and realigning appropriation from the General Government (Reserve for Contingencies) cost center to the Emergency Events cost center in the General Fund for expenditures related to Hurricane Irma.

Resolution No. 18-26 adopted appropriating earmarked receipts for a particular purpose (unanticipated revenue from the Federal Emergency Management Agency (FEMA) in the approximate amount of \$4.6 million) and realigning appropriation in the approximate amount of \$12.7 million.

Responding to queries by Commissioners Seel and Eggers, Mr. Woodard indicated that despite assurances from the Office of Governor Rick Scott and the White House following Hurricanes Irma and Maria, reimbursements by FEMA have not been issued quickly; that his level of confidence in receiving the additional expected reimbursement in the amount of \$17.6 million by the end of Fiscal Year 2019 is not as high as the anticipated reimbursement of \$4.6 million in the current fiscal year; and that the County will submit reimbursement requests on behalf of the various Enterprise Funds; whereupon, he explained that the current reserve level would be lowered from 15.1 percent to 12.8 percent, but would return to approximately 15 percent should the Fiscal Year 2019 reimbursement be received.

A motion was made by Commissioner Justice, seconded by Commissioner Gerard, that the item be approved. The motion carried by the following vote:

Aye: 6 - Chairman Welch, Vice-Chairman Seel, Commissioner Eggers, Commissioner Gerard, Commissioner Justice, and Commissioner Long

Absent: 1 - Commissioner Morroni

Housing Finance Authority

27. Resolution approving the issuance by the Housing Finance Authority of Pinellas County of its Multifamily Housing Revenue Bonds to finance a multifamily residential rental housing project.

Resolution No. 18-27 adopted approving the issuance of the bonds in a principal amount not to exceed \$8,200,000.00 for the benefit of SP Trail, LLC, a Florida limited liability company, or its affiliate; no County general funds are required; all lendable funds are generated from the sale of tax-exempt housing bonds.

Mr. Woodard indicated that while the Board had previously approved the transaction, that approval will expire before the bond closing date; and that the resolution would allow for the construction of an 80-unit affordable housing project in the City of Clearwater.

A motion was made by Commissioner Gerard, seconded by Commissioner Long, that the item be approved. The motion carried by the following vote:

Aye: 6 - Chairman Welch, Vice-Chairman Seel, Commissioner Eggers, Commissioner Gerard, Commissioner Justice, and Commissioner Long

COUNTY ADMINISTRATOR REPORTS

28. County Administrator Reports:
- Comprehensive Plan Update
 - Doing Things! TV - Reaching out to the Community

Mr. Woodard introduced the Comprehensive Plan Update report, commending Planning Department staff for their ingenuity in creating a video that presents the Comprehensive Plan in simple terms. Long Range Planning Division Manager Scott Swearingen introduced the plan update team members, Principal Planners Becca Stonefield and Alexandra Keen, and referring to the project website titled *Plan Pinellas*, linked from the Planning Department homepage, provided a summary of the project; whereupon, he played a video featuring a fifth-grader explaining the purpose of the Comprehensive Plan and the reasons for and phases of the update.

Mr. Swearingen provided information regarding open houses for community input with respect to the plan and presented guide packets for the public, noting that in addition to English, the packets would be available in Spanish and Vietnamese.

In response to queries by Chairman Welch and Commissioner Seel, Mr. Swearngen agreed to provide a link to the video and information regarding the final date for the June open house to the Commissioners.

Following introduction by Mr. Woodard, a video was shown to highlight staff's efforts in engaging the public by (1) speaking with school children on Junior Achievement Day regarding the function of government, (2) educating the public about reducing waste at the annual Eco Fun Festival, and (3) holding a discussion with young women at East Lake High School on making a positive public impact by pursuing engineering careers.

COUNTY COMMISSION

30. County Commission New Business Items:

- Florida Firearms Preemption Lawsuit (Commissioner Long)
- 2018 TBARTA DRAFT Interlocal Agreement (Commissioner Long)
- State Mandate School Safety - Funding Responsibility (Commissioner Welch)
- CareerSource Pinellas Update (Commissioner Gerard)

Deviating from the agenda, these items were addressed out of order.

State Mandate School Safety - Funding Responsibility

Chairman Welch referred to a memorandum from Mr. Woodard dated May 4 included in the agenda packet and indicated that, as previously discussed, the County had agreed to financially assist the School Board in implementing the state mandate regarding public safety personnel for Florida public schools in the absence of other funding options; and that based on discussions with Pinellas County School Board Superintendent Michael Grego and the School Board members, the School Board is willing to fund a portion of the full personnel costs, which raises the question of whether the County would fund the remaining \$2.7 million.

Responding to queries by Chairman Welch and Commissioner Eggers, Mr. Woodard clarified that the mandate is directed to the School Board, which has the ability but not the desire to increase the school millage rate in order to fund school safety personnel. He indicated that if residents were to be presented with a referendum question and voted for a tax increase, it would take effect next fiscal year, starting on October 1, 2018; whereupon, he related that the School Board has approximately \$46 million in unrestricted reserves

which could be used to cover the interim period, which is from August 13, the start of the school year and the mandate deadline, through October 1; and that the School Board has the ability to meet the recurring need for safety personnel through an increase in the school millage rate.

Pinellas County Sheriff Bob Gualtieri pointed out that the reason he initially brought forward the issue regarding the need for the funding of safety personnel to the BCC a month and a half ago was because of a tight mandate deadline and assurances by Superintendent Grego that the School Board did not have sufficient reserves or the ability to increase its millage rate until 2020 to provide the required funding. He stressed that the mandate requires that by August 13, the beginning of the next school year, there must be an armed person in all Florida schools: a safe school officer, which is either a police officer or a deputy sheriff serving as School Resource Officer (SRO), or a guardian under a Guardian Program.

During discussion and in response to queries by the members, Sheriff Gualtieri indicated that in addition to the 15 SROs already supplied by the School Board, the total conservative number of positions needed, including SROs, supervisors, and relief personnel, is 68; that the portion the School Board proposes to pay would leave a gap of \$2.7 million, which is the amount that it is requesting from Pinellas County; and that since the County already contributes approximately \$1.3 million toward school safety costs each year, its total annual recurring contribution would amount to approximately \$4 million. He noted that the costs presented in the letter and contract from Superintendent Grego included in the agenda packet are different because they do not include the necessary costs of SROs for Charter schools and relief and supervision personnel, as the School Board has refused to address those.

Responding to queries by Commissioner Seel, Sheriff Gualtieri discussed the requirements for preparing personnel under the Guardian Program, noting that the School Board did not authorize it, preferring to place experienced law enforcement officers in the schools over the guardians, and he agrees; whereupon, he addressed the need for the SROs to have vehicles for the storage of essential equipment and transport, indicating that there are ways to significantly mitigate the start-up costs of the SRO services from what was initially discussed, including utilizing older model vehicles that were slated to be auctioned.

In response to queries and concerns by the members, Sheriff Gualtieri indicated the following:

- The School Board's plan to have his office hire personnel to provide SRO services for approximately 12 to 18 months, after which the School Board would assume that role and provide their own safety personnel, is unfeasible.
- He can provide his existing personnel to fulfill the need for SROs on a temporary basis for up to 90 days, as doing so for a longer period of time would take away from other essential law enforcement functions.

- The \$67-million Guardian Program fund is non-recurring, and if it becomes available for SRO service costs, he suggests using it for non-recurring start-up costs.
- Many other Florida counties are implementing the Guardian Program.
- No other County Commission in the state has assumed the responsibility of paying for SROs under the mandate. (Mr. Woodard provided input.)
- So far, only two small municipalities in Pinellas County have decided to staff their own SROs.
- The \$164 million allocated by the state for SROs in all Florida schools under the mandate consists of a \$100-million new allocation and a \$64-million existing allocation, which has historically only partially been used by the school districts for SROs.
- The School Board has opted not to use the Guardian Program and has not provided the needed funding for the SROs. The matter is urgent because both avenues require time for hiring and training. In the absence of action by the School Board, Sheriff Gualtieri is prepared to authorize and set up training for the Guardian Program to show that he has done everything possible to comply with the mandate.

Commissioner Long opined that because the state created the mandate, it should pay for the safety personnel along with the School Board and, in response to her queries and comments, Chairman Welch referred to a letter sent to Governor Rick Scott and state legislature leaders addressing issues of state funding and school hardening, as well as a request to use the money designated for the Guardian Program to pay for SROs; whereupon, he indicated that it is important to identify all the facts prior to having a productive joint meeting with the School Board.

During discussion, Chairman Welch indicated that it appears the School Board has the capacity and the reserves to provide the needed funding, and Commissioner Justice stated that it should exhaust all other options before requesting assistance from the County. Additionally, the members questioned the County's responsibility for the existing annual \$1.3-million subsidy of school safety, noting that the BCC recently raised the Health Department millage rate to provide for school nurses; whereupon, Commissioner Eggers noted that county residents will ultimately be the ones paying for school safety; and that if the County and the cities financially assist the School Board with its funding responsibilities, it may create a problem regarding how the School Board's actual financial burden is viewed by the state.

Following further discussion, the members reached consensus that the School Board should bear the full cost of school safety personnel; and that as a partner concerned for its school children, the County stands ready to provide financial assistance as a last resort; whereupon, Chairman Welch directed that Mr. Woodard draft a response to the School

Board outlining today's discussion and the consensus reached by the members, including the potential responsibility of the School Board to absorb the current school safety subsidy provided by the County.

In response to the Chairman's call for persons wishing to be heard, Greg Pound, Largo, presented his comments regarding the item.

CareerSource Pinellas Update

Commissioner Gerard reported that CareerSource Tampa Bay plans to completely separate from CareerSource Pinellas by July 1, and there should be a new interlocal agreement between the BCC and CareerSource Pinellas in place by that time.

Mr. Woodard provided input, indicating that in light of recent events and findings pertaining to governance, internal control, and firewalls, the Board should re-examine the old interlocal agreement, as well as CareerSource bylaws; whereupon, he recommended that former Chief Assistant County Attorney Dennis Long assist with the review, given his legal expertise and familiarity with CareerSource. County Attorney Jewel White agreed, and discussion ensued.

Responding to queries by the members, Mr. Woodard indicated that Mr. Long would be engaged to provide recommendations regarding management and operational matters and not in a legal counseling capacity, which would be fulfilled by the County Attorney's Office; that the associated costs have not yet been determined; and that Economic Development Director Mike Meidel has conducted preliminary research regarding the matter on which Mr. Long would be working. Following discussion regarding the cost of engagement, Mr. Woodard indicated that he will provide information regarding the potential scope of work and estimated cost.

Chairman Welch referred to a letter from CareerSource Counsel Charlie Harris to the BCC dated May 7, 2018 and responded to statements contained therein, indicating that while the Commission has made every effort to be deferential with respect to CareerSource Board members in considering their reappointment, it must exercise the oversight afforded to it by the Department of Economic Opportunity (DEO) and the Department of Labor given the problems which had occurred during the time that those Board members were presiding, such as the multi-thousand-dollar debt associated with the Science Center and the issues of nepotism and the employment placement scam perpetrated on the Sheriff's Office.

Noting instances of misrepresentation by Mr. Harris and the inaccuracies and lack of transparency with regard to the letter, Chairman Welch provided a chronological account of events related to the matter of the CareerSource Board firing an external audit firm under the counsel of Mr. Harris without the knowledge of the Audit Committee; whereupon, he reiterated that the culture of the organization cannot be changed by simply removing its CEO and not also changing the counselor and the Board members who had allowed the problems to occur. In response to query by Commissioner Long, he indicated that the DEO

found no records of a CareerSource Board action appointing Mr. Harris as the organization's attorney; and that he wishes to see that documentation, and Commissioner Gerard provided input regarding another inaccurate statement from the letter, which indicated that the CareerSource Board voted to give former CareerSource CEO Ed Peachy a settlement offer in the amount of \$52,000, noting that the vote was actually rescinded.

During discussion and responding to queries by the members, Mr. Woodard related that the CareerSource Board membership application process has begun; and that some of the existing members whose terms expire at the end of June have been advised to formally reapply if they wish to do so. Mr. Meidel discussed the required membership composition and application process, indicating that there is a total of 45 available positions; that the web portal for applications will remain open until May 29 at 3:00 P.M.; that at the June 19 BCC meeting, the Commission would vote with regard to the members whose terms are expiring; and that the portal could be reopened later for additional applicants, and Commissioner Gerard provided suggestions regarding the application process and input relating to the CareerSource Executive Committee membership and functions.

Commissioner Justice conveyed his respect for Mr. Harris; whereupon, he emphasized that the Commission was entrusted by the state and federal agencies with the authority to take certain actions with regard to CareerSource, indicating that specifics regarding that authority need to be included in the new interlocal agreement. He also expressed hope that the parties involved in the CareerSource reform would look beyond the past and toward improving the organization.

Florida Firearms Preemption Lawsuit

Commissioner Long indicated that pursuant to her conversation with Attorney White, member consensus is needed in order to proceed with filing a firearms preemption lawsuit similar to those filed by other Florida local governments.

During discussion and responding to queries by the members, Attorney White referred to the *Complaint for Declaratory Relief* addressing the provisions of Section 790.33, Florida Statutes, which has been made a part of the record, and provided an explanation of the matter, indicating the following:

- Broward County recently filed a lawsuit, in addition to other local government entities.
- The firearms preemption is the only preemption regulation that attaches personal liability to Commissioners and removal from office as penalties for its violation.
- Constitutionality of the personal liability aspect of the statute's penalty provisions is at the core of the lawsuits. If the County files, it could also attempt to address the preemption provision.

- Filing the lawsuit is a serious matter, and it is important that the members are certain in their desire to do so.
- The County Attorney's Office could likely handle the suit.
- While a judgment would be specific to the parties filing the suit, the decision could ultimately have a statewide benefit, if it is upheld at the appellate level.

Following discussion regarding the cost of filing, prior discussions of the topic, and awareness of the Board's position by the Legislative Delegation, Commissioner Justice noted that there has not been substantial discussion on the matter. Chairman Welch opined that while nationwide or at least statewide decisions with regard to issues related to firearms are more effective, the Board should stand up to the unwarranted punitive nature of the preemption.

Commissioner Long pointed out that the matter has nothing to do with Second Amendment rights; and that at its basis is the inability of local governments to discuss issues of public safety, specifically as they relate to children.

The members agreed that more detailed information regarding the matter is needed before moving forward, and Attorney White indicated that the information would be provided. In response to query by Chairman Welch, Commissioner Eggers expressed disappointment regarding the inability of government entities to solve problems outside of court. He agreed that penalties for the preemption violation are excessive and stressed the need to have more information as well as an opportunity to discuss the matter with the Legislative Delegation before filing a lawsuit.

2018 TBARTA DRAFT Interlocal Agreement

Commissioner Long referred to the draft Interlocal Agreement between the Tampa Bay Area Regional Transit Authority (TBARTA) and Hernando, Hillsborough, Pasco, Pinellas, and Manatee Counties, and requested the members' feedback, noting that the Board's support of the agreement would reflect the County's leadership to make an impact on regional public transportation; that the new TBARTA organization has been under scrutiny regarding financial matters in an effort to improve its operations; and that the joint effort of all regional transit agencies for public benefit is unprecedented.

Responding to queries by Chairman Welch, Commissioner Long confirmed that the County contribution to TBARTA under the agreement would be approximately \$86,000 of a \$300,000 total, which would be used for operations; and that there are additional sources of funds for operations. She noted that TBARTA's budget would be changing dramatically over the next three months; and that the organization received \$1 million in funding from the state last year and is working to ensure sustainable funding going forward; whereupon, she discussed the plans for the Central Avenue Bus Rapid Transit project.

During discussion, Commissioner Seel, with input by Mr. Woodard, spoke about the sources of funding for the County's contribution, the importance of all participating counties in providing their share, and her concern regarding the cost of hiring a search firm for replacement of TBARTA Executive Director Ramond Chiaramonte, whose contract will expire in 2019; whereupon, responding to query by Chairman Welch, she indicated that she would contact Mr. Chiaramonte about posting TBARTA's current budget on its website. Commissioner Eggers indicated that it would be valuable to have Forward Pinellas Executive Director Whit Blanton review the draft agreement; and that there should be more detail relating to how the funds will be spent.

In response to concerns raised by Commissioner Gerard, Attorney White indicated that if the members decide to go forward with the agreement, it would need to be modified, including inserting a fiscal non-funding clause and a funding cap provision.

Chairman Welch confirmed that the \$86,000 contribution is acceptable; whereupon, the consensus of the members was that the agreement would be brought back for their consideration after the discussed modifications are made.

31. County Commission Board Reports and Miscellaneous Items.

The members reported on the activities of their assigned Boards and Committees and related or discussed the following items:

- Expressed sympathies to the family of Karen Aungst, noting her numerous contributions to the Clearwater community and the citizens as the 'First Lady' of Clearwater.

Commissioner Welch

- The Tourist Development Council (TDC) met last Thursday and considered the St. Petersburg/Clearwater Area Convention and Visitors Bureau budget. The agency has made good organizational changes and continues to be a great asset to the County and is slated to bring in almost \$9 million in bed tax revenue in May. He recommended that the next TDC workshop, scheduled for June 20, include topics pertaining to events funding, capital projects, and similar matters; whereupon, he indicated that PSTA Chair Janet Long and Mr. Blanton would provide information regarding potential transportation issues; and that a joint meeting of the BCC and TDC could take place in August.

During discussion, Commissioner Justice cautioned against making plans with regard to potential funding opportunities for utilizing bed tax funds for transportation-related projects allowed through recent legislation prior to obtaining more information regarding all legal uses of funds, noting that they are not limited to transit. Chairman Welch assured the members that there will be no recommendations made at the June

workshop relative to projects under the new legislation and indicated that all Commissioners are invited to attend; whereupon, at the request of Commissioner Justice, he directed Mr. Woodard to arrange for a discussion of the said legislation, including a presentation by the County Attorney's Office, at an upcoming BCC workshop.

- Indicated that he will be appointing Michael Jalazo to the Pinellas County Public Safety Coordinating Council.
- Attended the Mayors' Council meeting last week, at which St. Petersburg College President Tonjua Williams discussed an opportunity for local government leaders to talk about the role of education and workforce development; whereupon, he indicated that if the members wish to participate in the forum, he would convey that information to Dr. Williams.
- Commended the Marketing and Communications Department on its website with regard to Public Service Recognition Week and thanked all County employees for the great job they do each and every day.
- Congratulated the Tampa Bay Lightning on its successful games.
- Attended the funeral of Lakewood High School senior Bryson Welton-Williams and extended condolences to his family.
