

## **CAPITAL PROJECTS FUNDING PROGRAM GUIDELINES**

### **I. Background**

Pinellas County currently collects a six percent (6%) Tourist Development Tax (“Bed Tax”) on all overnight tourism accommodations in the County. This tax is levied on customers of hotels, motels, condominiums, campgrounds, apartments, and private homes that rent accommodations for less than six (6) months in duration.

The Pinellas County Board of County Commissioners (BCC) has developed a Tourist Development Plan (“Plan”) to guide how these proceeds are spent. The Plan divides the potential uses of Bed Tax revenues into five (5) categories, A through E. For the purpose of allocating the total Bed Tax revenue collected in any fiscal year, the Plan has assigned each category of use to one of two groups; Group 1) sixty percent (60%) or three and six tenths (3.6) percents of the total six percents of Bed Tax revenue may be used for Categories A and/or B and any monies not utilized accordingly shall become reserves to be used for future Category A and/or B uses; Group 2) forty percent (40%) or two and four tenths (2.4) percents of the total six percents of Bed Tax revenue may be used for Categories C, D and E and any of monies not utilized accordingly shall become reserves to be used for future Categories C and/or D and/or E uses as defined and/or outlined below. Further, the BCC has expressed its intent to continue beach nourishment funding at a minimum of one-half (.5%) of 1 of the percents from the total six percents of eligible tourist tax dollars.

These funding guidelines have been established by the Tourist Development Council (“TDC”), and approved by the BCC as part of its Capital Project Funding Program (“CPFP”). The CPFP will operate on a two year funding cycle beginning Fiscal Year (FY) 2019, or as otherwise approved by the BCC. Before the TDC initiates a funding cycle, the BCC may approve and establish a total pool of capital funding dollars available to fund projects for that CPFP funding cycle. These guidelines were developed to establish criteria to determine eligibility and define the application process, award criteria, and priorities for certain Group 2 tourist facilities as well as the sources and limits of funding available within each category of use. These projects may be implemented through service contracts and leases with parties with sufficient expertise or financial capabilities to operate such eligible facilities.

Category C, D and E uses are defined in the Plan as follows:

- a. Category C (Beach Improvement/Nourishment): Funding beach improvement, maintenance, renourishment, restoration and erosion control.
- b. Category D (Capital Funding/Debt Service Other): Funding annually as matching funds (applicants must have at least \$1.00 for every \$1.00 of Category D tourist tax funding) to acquire, construct, extend, enlarge, remodel, repair, improve, maintain, or provide debt service on one or more publicly owned and operated

convention centers, coliseums, or auditoriums as well as aquariums or museums that are publicly owned and operated or owned and operated by not-for-profit organizations and open to the public, and sports and recreation facilities not eligible for Category E funding below (hereinafter referred to as “Eligible Facilities”). Eligible Facilities must be located within Pinellas County and demonstrate the ability to attract tourists from the State of Florida, nationally or internationally.

- c. Category E (Debt Service/Professional Sports and Convention Center Capital Costs): Funding for debt service payments for bonds issued to finance the construction, reconstruction, or renovation of any of the following facilities: (i) a professional sports franchise facility located within Pinellas County either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility, and to pay the planning and design costs incurred prior to the issuance of such bonds; (ii) a retained spring training facility located within Pinellas County either publicly owned and operated, or publicly owned and operated by the owner of a professional sports franchise or other lessee with sufficient expertise or financial capability to operate such facility, and to pay the planning and design costs incurred prior to the issuance of such bonds; or (iii) a convention center located within Pinellas County, and to pay the planning and design costs prior to the issuance of such bonds.

Group 2 Capital Funding requests shall be considered in accordance with the following:

1. Funding for Category D projects requesting up to \$10 million net present value (NPV) shall be subject to these Guidelines and reviewed and considered in accordance with Sections II through IX herein.
2. Funding for Category D projects requesting more than \$10 million NPV, or that request funding that exceeds the total pool of available capital funding dollars established by the BCC for that funding cycle, or that cannot satisfy the eligibility requirements herein but will provide significant Marketing and Tourism Economic Benefits shall be first presented to the BCC for approval to allow the applicant to participate in the funding cycle application process. Upon receipt of this approval, these projects shall be subject to these Guidelines and reviewed and considered in accordance with Sections II through IX herein, as well as any other requirements established by the BCC in accordance with the approval process.
3. Funding for Category E projects shall not be considered or awarded through the CPFPP, as these types of project requests shall be first presented to the BCC for consideration and conceptual approval. This will allow County staff to address

County issues and the financing structure as part of the deal negotiations from early in the process, and facilitate a timely resolution of all issues for all parties. The BCC shall determine the criteria, timeline, applicant submittals and reviews required for Category E funding. The TDC can provide guidance and recommendations throughout the County’s negotiation process, as well as make a funding recommendation on the project based on the proposed final deal terms to be later approved by the BCC.

Prior to each CPFPP application process funding cycle, VSPC will hold a public information session to inform interested applicants of the program and provide detailed information, guidelines, and application forms, and respond to any questions. The informational meeting and the program will also be promoted through press releases, VSPC’s electronic newsletter, and other communication tools available through resources at Pinellas County.

These CPFPP guidelines are hereby further established to help prioritize and process requests for capital projects funding. It is the intent of the TDC to recommend funding as provided herein to multiple eligible capital projects as determined to be in the best interest of Pinellas County tourism.
