1) Participation of Agencies and History of Relationship

Pinellas County, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, is the lead applicant for the Adult Drug Court Discretionary Grant Program and supports Solutions Behavioral Healthcare Consultants, a Florida substance abuse and mental health treatment provider, in implementing a new Courage to Change program for eligible Adult Drug Court clients in Pinellas County. Pinellas County, through its Administrator, enters into this Memorandum of Understanding (MOU) with Solutions Behavioral Healthcare Consultants and the Sixth Judicial Circuit of the Florida State Courts System.

Pinellas County has long supported and helped fund the Pinellas County Adult Drug Court, one of the largest in the state of Florida, since its inception in 2001. The Adult Drug Court offers integrated screening and assessment; individualized treatment planning; intensive substance abuse treatment services and integrated trauma-informed approaches to treatment. The activities of the Adult Drug Court will result in an increase in public safety and a decrease in costs to taxpayers.

The proposed enhancement in Pinellas County will enable the Sixth Judicial Circuit to meet the unique needs of drug court clients who struggle with rule and probation violations due to continued criminogenic thinking and behavior. The Adult Drug Court's overall goal of the proposed program is to enhance the capacity of the Sixth Judicial Circuit's Adult Drug Court to reduce crime and substance abuse among offenders enrolled in the Adult Drug Court as a method of increasing the offenders' likelihood of successful reintegration into the community.
