Topic Crosswinds Bridge Project CATS 55119

BCC Agenda Date 1-30-2024

Your Stand on the Issue Support

Comments I respectfully request that you terminate American Empire Builders (AEB's), Inc.'s right to proceed with the Westwinds and Crosswinds Bridge Replacements and the Oakwood Bridge Replacement Projects, effective immediately. AEB has proven, over again, that timely completion of their Pinellas County contractual obligations is not high on their list of priorities. They have provided excuse after excuse for their delays while a pattern has emerged across their local projects. Then they have gone silent while leaving people to deal with fallout in their daily existence. AEB has disrespected the community of Baywood Village, for instance, in creating a public nuisance to health, safety, and property (which has been/will continue to be documented in CATS 55119). Thank you for your consideration. Please vote accordingly.

Comments	Call for complete transparency in AEB/Pinellas Co contract administration and project management. Request plan for completion, including dates and line items of unfinished work / incorrect work. Not to be told "we are working on" again.

Comments I support and request the county to take the necessary action, as soon as possible, to get the Crosswinds Bridge Project to final completion. And get the Crosswinds Dr street cleaned up by removing the AEB co construction materials and debris. And to restore the small triangle neighborhood common area to its previous park like setting as it was before construction began.
