Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

There is no fiscal impact associated with this action; Fiscal impact of this agreement was approved on September 5, 2024, by the Board of County Commissioners as part of approving the SHI Sourcewell Agreement (24-1103A).

This agreement will allow Microsoft to provide coverage for departments under jurisdiction of the Board of County Commissioners, Clerk of Circuit Court, State Attorney, Public Defender, Property Appraiser, Supervisor of Elections, and Independent Agency users. This agreement can be scaled to accommodate additional agencies as needed to purchase MS software and services to support ongoing County operational needs for a period of thirty-six (36) months.

The County has maintained an Enterprise Agreement to secure and or maintain products such as Microsoft 365, Azure Cloud, Standard Server, Data Center, Database SQL and includes security updates every 3 years since 2015.
