Mr. Woodrum,

Please consider my nomination for Dr. David Ball as an alternate on the Pinellas County EMS Control Board. Dr. Ball would serve in my place in the event that I am unable to attend in person.

Dr. Ball is a Board Certified Emergency Medicine Physician and is the Medical Director at St. Anthony's Emergency Center. I have worked with him closely for several years and believe that he would be an excellent addition to the Board.

Thank you for your consideration of this nomination.

Please feel free to contact me with any questions.

Respectfully,

Stephen Feilinger MD  
Vice Chief of Staff  
St. Anthony's Hospital  
St. Petersburg, FL
