Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This amendment between the County and four municipalities and one independent fire district will extend the Emergency Medical Services (EMS) Advanced Life Support (ALS) First Responder Growth Management Agreement for an additional one (1) year period through FY20.

This agreement is the result of a collaborative effort to manage the growth of Emergency Medical Service (EMS) incidents and to make sure that appropriate resources are dispatched to each incident. The program was implemented on June 5, 2019 and the performance metrics for the program are favorable.

There is no fiscal impact associated with this term extension. As this program continues, further analysis will be performed to recognize efficiencies that may have future fiscal impacts.
