| masks | The success of reducing the rate of positivity of covid tests and the overall reduction in disease is directly attributable to the mask mandate. There is no constitutional amendment protecting any citizens right to be a public health hazard. So clearly unless the citizens of pinellas county are being reduced to guinea pig status there is no reason to rescind the mask mandate until such time as a vaccine is readily available to protect the most vulnerable among us. At present there are 200,000 spirits who agree with me and more being added daily. | COVID masks, distancing | <p>Considering the death rate of COVID is 1/3rd of each the 1958 and 1968 pandemics, why all the continuing hysteria and hype? A million people died in each the Asian Flu Pandemic and the Hong Kong Flu pandemic. As children we were not abused the way you and others are abusing the children in this county and others. Look at this chart. Do you realize as many people who have died of COVID die of HIV/aids annually? | Mandatory Mask Ordinance | I want to thank the Board for extending the mandatory mask ordinance., at least temporarily. However, I hope you all will consider extending it indefinitely., especially since there is no state-wide mandate, and restrictions, if they do exist, vary within the state. As you are aware, a significant percentage of the populace is at higher risk for this virus. This includes my husband and me. We're black, I'm 73, he just turned 70, and he's also immune compromised because he's being treated for cancer at Moffitt. We try to stay in as much as possible, but some outside trips are necessary, especially since I've been visually impaired since my 40s, and am dependent on my husband to drive. Then too, the flu season is right around the corner, even more reason for us to continue to take extra precautions. Of course, this is not the first time this country has faced a health crisis. I was a kid during the polio epidemic, but I remember it clearly, and the fact the vaccines invented by Dr. Salk and Dr. Sabin were ultimately responsible for saving lives then and since. BTW, when it comes to masks, I've made and given away several dozen. | Eugenia T. Conner-Wash | 3113 Saint Clair Avenue | Oldsmar | 34677 | 813-475-4311 | eugogirl@hotmail.com | 2020-09-18 13:57:06 |
| MASK Mandate | PLEASE do not remove the mask mandate from Pinellas County. Florida as a state is barely under 5% and we are just approaching school returning and hopefully some cooler weather, which is known to make the virus spread. NOT THE TIME. | please keep mask order in place | <p>I'm writing to encourage the Commission to maintain the mask order requiring masks to be worn indoors. Lifting this ordinance will put a huge damper on our local economy. I, nor my family and most of my friends, will not be willing to go to any indoor business if customers and staff are not wearing masks. These businesses need as big of an opportunity for sales as possible, let's not hinder them. The business should not be placed in the difficult position of deciding whether to enforce masks, they need the government to be "the heavy" and keep it a level playing field for all.</p> <p>Further, even more importantly, the virus will spread faster again if we allow others to congregate without masks indoors, sharing airborne germs.</p> <p>It's just the mask, I am not advocating any lockdowns. I also urge to limit large gatherings indoors private or public to 25 or less and 6ft distance.</p> <p>thank you for hearing my input.</p> | Julie Julie Del Cueto | 750 4TH AVENUE SOUTH, unit 306 | ST PETERSBURG | 33701 | 7274305941 | julie@juliedelcueto.com | 2020-09-18 11:47:21 |
| Let the Mask mandate expire | <p>It's time to allow the State of Emergency (SOE) to expire instead of voting to end the mask mandate. If the state of emergency expires, the mask mandate will end with it. The Board could then immediately implement a new state of emergency without the mask ordinance included. This allows you to continue to collect federal funds. We are only requesting the right to choose, and an end to this blatant government overreach.</p> <p>I also believe that lifting the mandate would be a boon to our economy. It would allow those that feel comfortable to shop, eat out and spend money and help our economy prosper with out being oppressed. Those that feel uncomfortable being out in public, like some of the people we have heard from today, are going to stay home, and wouldn't really be spending money anyway, just as they are doing right now with the mandate in place. Why not let listen to what the majority of your constituents are saying ? | END MASK MANDATE | <p>END THE MASK MANDATE</p> <p>It needs to be optional. I have lived off Mucinex D (maximum strength) for constant sinus issues and had to start taking Xanax for panic attacks. I have also had irritated throat, headaches, and constant exhaustion with having to work 8 hrs straight in mask, everyday, 5 days a week (only break is 15 min and 30 min), on top of having to wear it everywhere else I need or want to go. Please make it optional. Several people are having issues. Don't punish those people just because some people chose to live in fear and masks.</p> <p>Please, I beg of you....</p> <p>It is with fervor that I would implore you to repeal the mask mandate that you made months ago. When you first initiated it, you said you would review it in two weeks and here we are months later. I would like to also add onto the fact that my children have to wear one every single day for school and have rashes on their faces and are also being conditioned to be living in fear that they will now get in trouble for not having a mask.</p> <p>Enough is enough I'm an educated adult and I can and will make my own choices I don't need you to do it for me.</p> | Marina | tenby way | palm harbor | 34683 | 7277710839 | mstoadjd@gmail.com | 2020-09-18 10:43:54 |
| State of emergency and mask mandate | <p>I am asking to end the mask mandate and state of emergency. Many, including myself, are experiencing discrimination and trauma over these mandates. I do not wear a mask as I have two legitimate conditions that allow me to be exempt; however, I experience degrading remarks from others and exclusion from some businesses. Those that continue to support these mandates demonstrates a lack of compassion for people like me and show others its ok to treat people like me as less than human. | KEEP THE MASK MANDATE ! | <p>Dear County Commissioners:</p> <p>I am a long time resident and home owner of Pinellas County, and I am appalled finding out that you all are considering lifting the mask mandate. Extending the mandate for only a month longer is not enough. This needs to be in place until the nation and the world is free from COVID-19 not because we are only at 3% infection rate or even 1% or even 0.1% but until we are vaccinated.</p> <p>How are you even considering this when there is a pandemic going on? How are you even having schools open for in-class instruction instead of all virtual?</p> <p>Aren't you considering the citizens of Pinellas county who are vulnerable particularly the elderly such as my parents and my child who goes to a Pinellas County School (albeit virtual for now until Pinellas County Schools ends that program taking away that safety net too).</p> <p>In the early days of the pandemic, it was scary going to the grocery stores when not everyone wore a mask. I don't want to go back to those days when the pandemic is still going on regardless of the infection rate. I want to be able to go into stores safely.</p> | M.
