Fiscal Year(s)	FY26-FY27		
Description & Comments			
(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)			
This item requests approval and execution of a Federally-Funded Subaward with Florida Division of Emergency Management (FDEM) to fund the McKay Creek Operable Lake Controls and SCADA project, 004134A.			
This grant agreement provides funding in the amount of \$313,404.36 on a reimbursement basis for engineering, designing, plans preparation, permitting and bidding the McKay Creek Operable Lake Controls and SCADA project (004134A). The required County match is \$145,211.41.			
Funding for agreement deliverables and required match is available under McKay Creek Operable Lake Controls and SCADA project (004134A), included in the FY26-FY31 Capital Improvement Plan, funded by the Capital Project Fund with Local Infrastructure Sales Surtax (Penny for Pinellas).			
- The total design cost represented in the grant agreement is budgeted and funded by Penny for Pinellas in the FY26-FY31 CIP. The FDEM grant is not reflected in the CIP but will offset Penny for Pinellas. - The grant agreement states Total Project Cost \$439,028.00. This is FDEM's grant project cost not the County's total project cost as represented in the CIP.
