Public Works

22. Interlocal Agreement with Hillsborough County, the City of St. Petersburg, and the City of Tampa for the Cross Bay Ferry Inter-City.

Agreement approved for a four-year term in the amount of \$822,500.00, beginning October 1, 2021.

Mr. Burton provided an overview of the history of the Cross Bay Ferry and the agreement before the Board for consideration and related that based on the staff's analysis of the project, there is no countywide value, noting that the benefit of this service is localized only in St. Petersburg and for tourists. He noted the large amount of correspondence received regarding the matter.

In response to the Chair's call for public comment, the following individuals presented their comments in support of the agreement:

Mariella Smith, Tampa (Hillsborough County Commissioner, Chair of Hillsborough Area Regional Transit Authority)
Ed Turanchik, Sarasota (former Hillsborough County Commissioner)
Matthew Miller, Miami Lakes (President of HMS Ferries, Inc.)

Mr. Turanchik, with input from Mr. Miller, conducted a PowerPoint presentation titled *Economic and Transportation Benefits of Intercity Ferry Service* and provided background information regarding a Cross Bay Ferry partnership for intercity ferry service, including ridership statistics, economic impact, commuter interest, projected cost and revenue, future goals and aspirations for the ferry service, and the regional transportation approach. Mr. Miller noted that based on projections, more service will be offered each year for less cost, with the final year of the agreement establishing permanent service with no subsidy by the participating governmental agencies.

Responding to queries by Commissioner Seel, Mr. Turanchik indicated that the permanent 4-trips-per-day Monday through Friday service is estimated to start 40-45 months from now; and that HMS Ferries has provided a letter of commitment to work with the County toward increasing fares and reducing the subsidies.

Ms. Carpenter indicated that Hillsborough County Assistant County Administrator Thomas Fass is available virtually to answer questions the Commissioners may have.

In response to comments and queries by the Commissioners and Mr. Burton, Messrs. Turanchik and Miller provided information regarding the following topics related to the ferry:

- Travel routes
- Times of service
- Current lack of state funding
- Transfer of partnership from St. Petersburg to Hillsborough County with HMS Ferries, Inc.
- Opportunity for federal funding
- Timeframe, maintenance, and associated costs related to vessel construction

Mr. Turanchik clarified that the agreement before the Board is for the ferry to operate on weekdays after 6:00 PM and weekends; and that the initial commuter service between Downtown Tampa and Downtown St. Petersburg had terrible ridership statistics.

He related that a transit authority would be responsible for applying for funds to purchase a vessel; whereupon, Chair Eggers and Commissioner Peters expressed their concerns pertaining to the lack of progress since the initial agreement, absence of pertinent requested information prior to the meeting, and the proposal being void of a countywide benefit and questionable or problematic based on various issues, including funding and use of the ferry.

In response to queries by Commissioner Flowers, Attorney White indicated that the term of the agreement is four years; and that there is a clause in the agreement that allows any

partner to provide notice by June 1 of any year during the term of the agreement to terminate the contract.

Discussion ensued regarding funding for the ferry, and in response to queries by the members, Forward Pinellas Executive Director Whit Blanton related that the Florida Department of Transportation has communicated that if there is a well-vetted and thought-out plan for a transit service, they will provide funding; that until there is an interlocal agreement between partners, there will be no federal and likely no state funding; and that long-term governance issues will be resolved as the partnership continues.

In response to a query by Commissioner Seel regarding who will apply for federal funding, Mr. Fass indicated that though there is no firm commitment yet, the Hillsborough Area Regional Transit Authority would have to apply for federal funding on behalf of Hillsborough County; whereupon, Mr. Turanchik provided comments, stressing a commitment to work with the County through any issues.

Commissioner Seel indicated that she is willing to support the agreement for a year, highlighting her expectation that the participating entities work with the Metropolitan Planning Organization and the Waterborne Transportation Committee to get their buy-in, and, responding to her queries, Attorney White advised that the current contract cannot be changed; and that the funding commitment could be terminated as early as June 1, 2022.

Commissioner Justice moved, seconded by Commissioner Flowers, that the agreement be approved. In response to a query by Chair Eggers, Mr. Burton indicated that the agreement will be funded by the General Fund, and brief discussion ensued, with Commissioners Gerard and Flowers expressing support for the project, indicating that it provides an opportunity to develop waterborne transit; and that the County has funded entertainment-based transportation projects in the past; whereupon, Commissioner Flowers stated for the record that she would not support additional requests for the ferry after the contract end date in four years.

A motion was made by Vice-Chair Justice, seconded by Commissioner Flowers, that the item be approved. The motion carried by the following vote:

Aye: 5 - Vice-Chair Justice, Commissioner Flowers, Commissioner Gerard, Commissioner Long, and Commissioner Seel

Nay: 2 - Chair Eggers, and Commissioner Peters

Mr. Burton indicated that there is no specific funding source for waterborne transportation, which will have to be addressed in the future.

He indicated that the monoclonal antibody infusion center provided treatments to 4,135 individuals as of last week.

In response to queries and comments by the members, Mr. Burton related that the site that staff has established for distribution of the booster vaccine will serve as a testing site until the shot becomes available, and Assistant County Administrator Lourdes Benedict clarified that the death count range previously stated was from the end of August.

33. County Commission New Business: Pertinent and Timely Committee/Board Updates, Policy Considerations, Administrative/Procedural Considerations, and Other New Business:

- Annual performance review of the County Administrator.

Following introductory comments by Chair Eggers, Human Resources Officer Jack Loring provided an overview of the compensation study results for a County Administrator position, including information regarding salary and total cash compensation comparisons to eight similarly organized and largely populated Florida counties, wage growth, and other relevant trends and market data. He indicated that the data supports a connection between years of service and salary, but does not account for other influences, such as prior experience, training, education, or performance; and that three counties did not provide information to be included in the compensation study.

In response to comments by Commissioner Justice, Mr. Loring related that the compensation study did not highlight budget comparisons but included counties with the same form of government, excluding Orange, Duvall, and Miami-Dade counties.

The Commissioners commended Mr. Burton on his leadership and performance, highlighting accomplishments of his staff noted in the *Annual Review September 2020-September 2021* document in the agenda packet; whereupon, Chair Eggers opined that it is appropriate to provide a 3% pay increase, similar to what is being proposed for all County employees, and Mr. Burton expressed gratitude to staff and the Board for their support.

Commissioner Flowers moved, seconded by Commissioner Justice, that Mr. Burton be awarded a 3% salary increase. Responding to queries by Chair Eggers and Commissioner Long, Attorney White advised the Board that action should be taken with

regard to the salary increase and related that it is customary to provide the same percentage increase that other employees are projected to get.

A motion was made by Commissioner Flowers, seconded by Vice-Chair Justice, that Mr. Burton be awarded a 3% general salary increase. The motion carried by the following vote:

Aye: 7 - Chair Eggers, Vice-Chair Justice, Commissioner Flowers, Commissioner Gerard, Commissioner Long, Commissioner Peters, and Commissioner Seel

- 35.** Resolutions to adopt final millage rates and budgets for Fiscal Year 2022 (second public hearing).

Public hearing was held regarding the proposed Fiscal Year 2022 final millage rates and budgets for Pinellas County; resolutions adopted approving final millage rates and budgets for the Pinellas County General Fund (Nos. 21-68 and 21-69), Pinellas County Health Department Fund (Nos. 21-70 and 21-71), Pinellas County Emergency Medical Services Authority (Nos. 21-72 and 21-73), Pinellas County Planning Council (Nos. 21-74 and 21-75), Unincorporated Area Municipal Service Taxing Unit (MSTU) (Nos. 21-76 and 21-77), Public Library Services District (Nos. 21-78 and 21-79), Palm Harbor Community Services District (Nos. 21-80 and 21-81), Feather Sound Community Services District (Nos. 21-82 and 21-83), East Lake Library Services District (Nos. 21-84 and 21-85), East Lake Recreational Services District (Nos. 21-86 and 21-87), the Fire Protection Districts of Belleair Bluffs (Nos. 21-88 and 21-89), Clearwater (Nos. 21-90 and 21-91), Dunedin (Nos. 21-92 and 21-93), Gandy (Nos. 21-94 and 21-95), High Point (Nos. 21-96 and 21-97), Largo (Nos. 21-98 and 21-99), Pinellas Park (Nos. 21-100 and 21-101), Safety Harbor (Nos. 21-102 and 21-103), Seminole (Nos. 21-104 and 21-105), South Pasadena (Nos. 21-106 and 21-107), Tarpon Springs (Nos. 21-108 and 21-109), and Tierra Verde (Nos. 21-110 and 21-111), and Resolution No. 21-112 approving total final Fiscal Year 2022 County Budget.

Ms. Carpenter reported that two letters and two emails regarding the proposed budget have been received; and that the Office of Management and Budget (OMB) has received 37 phone calls from individuals inquiring about their Truth in Millage (TRIM) Notices.

Chair Eggers reviewed the sequence of events for the evening's proceedings and indicated that any questions or concerns regarding the assessed property value, exemptions, classification, or information appearing on TRIM Notices can be directed Pinellas County Property Appraiser Mike Twitty for those attending in-person or the Property Appraiser's Office for those attending virtually.

Chair Eggers indicated that even though Florida Statutes provide that a taxing authority may adopt tax levies and budgets of all its dependent special taxing districts and MSTUs by a single unanimous vote, members of the general public can request that the Board discuss and adopt any of those items separately; whereupon, in response to his query, no citizen requested that any item be separately reviewed.

Chair Eggers opened the second public hearing on the final millage rates and budgets for Fiscal Year 2022, and Ms. Carpenter reported that the public hearing is being held in accordance with Chapters 129 and 200 of the Florida Statutes; that the meeting has been duly noticed by the "Notice of Proposed Tax Increase" and the "Summary of Proposed Budget" legal advertisements that were published in the September 19, 2021 edition of the *Tampa Bay Times*; and that affidavits stating proof of publication are to be received for filing.

Chair Eggers announced that the BCC, as taxing authority for the BCC Countywide, the Dependent Special Districts, and the MSTUs, as previously referenced, will now proceed with the public hearings.

Mr. Burton related that the percentage increase in the millage rate for all budgets over the rolled-back rate, based on the maximum rates on the TRIM Notice and subsequent decreases to such rates, to fund the Fiscal Year 2022 Final Budget is a 1.93% increase over the aggregate rolled-back rate; whereupon, he indicated that the primary purpose for the changes in millage are as follows:

- In the General fund, including Unincorporated MSTU, and in the Emergency Medical Services Authority, revenue increases are required to support personnel and operating expenditure levels that are driven by inflationary factors. In the Pinellas Planning Council, revenue increases are required for the same purposes, as per the request of Forward Pinellas.
- In the Public Library Services District MSTU, the Palm Harbor Community Services MSTU, the Feather Sound Community Services MSTU, the East Lake Library Services MSTU, the East Lake Recreation Services MSTU, and five Special Fire Protection Districts, revenue increases are needed to support increased expenditures by the agencies providing services for those districts.

- In seven Special Fire Protection Districts, revenue decreases are due to those districts having sufficient reserve levels to provide for future planned capital along with property values that can support annual operations.

Chair Eggers announced that the BCC will continue with the hearing as the taxing authority for the BCC Countywide, Dependent Special Districts, and MSTU levies, as previously referenced, by taking public comment from citizens who wish to be heard regarding the Fiscal Year 2022 Budget.

Responding to the Chair's call for public comment, Mark Klutho, Largo, appeared and expressed his concerns.

Chair Eggers asked whether the members wished to recommend any changes to the proposed millage rates or budgets, and Commissioner Peters expressed her concerns regarding increasing property taxes when there are funds to be received through the American Rescue Plan Act of 2021 and recommended that the millage rate go back to the rolled-back rate so that taxes are not raised.

Chair Eggers expressed his agreement with Commissioner Peters and suggested that since the reserve levels will be increasing over the next several years, the County has an opportunity to use reserve funds to supplement the Transportation Trust Fund rather than raising property taxes; and that in doing so, the millage rate can go back to rolled-back rate. He indicated that the matter is open to the Board for consideration or further discussion, and no response was received.

In response to a query by Chair Eggers regarding General Fund reserve levels, OMB Director Bill Berger indicated that the percentage increase in the millage rate over the rolled-back rate for the General Fund will not have an impact on reserve levels but will rather go directly to the Transportation Trust Fund.

Chair Eggers stated that the resolutions will now be considered to set the final millage rates and budgets; that their adoption requires a unanimous vote; and that should the unanimous vote not be received, each resolution will be adopted separately; whereupon, Mr. Burton announced each of the resolutions separately, noting that the millage rates, rolled-back rates, and percentage change for each taxing authority are listed on Schedule A, which has been posted to the County website.
