NOTES: The Public Defender's Office provides legal advice, counsel, and defense services to needy and indigent citizens accused of crimes in Pinellas County (County). Programs are in collaboration with the Public Defender, State Attorney, Pinellas County Sheriff, judiciary, and local service providers.

1. The Jail Diversion Recovery Program provides supportive services including assessments, transportation, transitional housing, psychiatric evaluations, treatment plans, prescription medication therapy, intensive case management, a court liaison, and community resources to individuals with mental-health and substance abuse diagnoses involved in the criminal justice system.
2. The Jail Diversion Case Manager guides Jail Diversion clients through recovery and transition back into the community.
3. The IT position performs all necessary on-site installation and support services for computers and equipment purchased by the County. Article V of the Florida Constitution requires the County to provide all reasonable and necessary technology and communication functions for the Public Defender.
4. The juvenile crossover case managers provide representation to children whose cases cross both the dependency (foster care) and delinquency (juvenile justice system).
