This is the only email I found. No other correspondence was received by this person, but I think I talked to him in the field while delivering the letters and he reiterated that he was opposed.

Corry,

We received a letter and have been asked to make a comment on No. WND -21-00540

We were the recent original owners of the covered dock. After selling the dock and portion of the lot we approved the addition of the second covered dock.

Since we are in a residential area and they have already approved additional slips for the Zamora Hotel, we do not support any more slips or large (commercial / slip rental) operation in our small water quiet

The traffic from the Hotel Zamora already creates daily damage to our local sea grass and animal preserve.

Regards

Resident 3610 East Maritana Dr.
