OMB has no objection to the department submitting a grant application to the Department of Homeland Security to obtain funds for monitoring specified aerosol agents.

Requested funding is \$175,000 from the Homeland Security BioWatch program. A match is not required. Total project costs is estimated to \$175,000. The County has provided monitoring through this program since March 2003.

The Department Director can sign off on the application. Please include this email when you send the application through Granicus to be placed on the County Administrator's Delegated log.

The OMB Grants COE is available for assistance.

Thank you.
