

Sports & Barrier Netting Systems
Built Gorilla Strong.™

SERVICE PROPOSAL

It's not just a tagline. Built Gorilla Strong.™ represents the strength of our netting systems, and it equally represents the strength of our company and the team behind it. Like our netting systems, we're built differently at Gorilla Netting; every day, we endeavor to provide the best services to our clients.

Sunderman Sports Complex

Dear Palm Harbor Little League

Gorilla Netting is thrilled to submit our proposal for Sunderman Park. As a leading provider of sports and barrier netting installations in Florida, we are well-equipped to deliver a top-quality solution tailored to your specific needs.

Our extensive experience in the netting industry, combined with our commitment to excellence and customer satisfaction, makes Gorilla Netting the ideal partner for your project. We have a proven track record of successfully working with both private and public organizations, ensuring that our clients receive the highest level of service and expertise.

At Gorilla Netting, we pride ourselves on our ability to deliver projects on time and within budget, without compromising on quality. Our team of highly skilled professionals will work closely with you to design, plan, and execute a netting solution that meets your unique requirements.

We are confident that Gorilla Netting's expertise and dedication to customer satisfaction make us the perfect choice for your baseball netting. We look forward to the opportunity to work with your organization and provide you with a netting solution that exceeds your expectations.

Sincerely,

Dolvin Todd, President

WHAT SETS US APART

Unmatched Expertise and Customization:

Gorilla Netting stands out by offering more than just ball containment. Our barrier netting systems are meticulously designed and engineered to meet the unique needs of each installation, ensuring optimal safety and protection for patrons, employees, and surrounding properties. We prioritize quality, using only the highest-grade materials and employing experienced crews who take pride in their work.

Superior Durability and Longevity:

Gorilla Netting systems are built to last, surpassing the lifespan of our competitors' offerings. Our commitment to using top-quality materials, coupled with our innovative design and engineering, ensures that our netting structures provide a better return on investment and require minimal maintenance or repairs.

Unparalleled Warranty and Support:

We stand behind our work with a comprehensive (5) five-year full coverage warranty on all materials, labor, and equipment involved in your netting system installation. This warranty reflects our confidence in the durability and reliability of our systems, and it's a testament to our commitment to providing exceptional customer support and service.

Quality Assurance:

Quality is at the core of everything we do. We've witnessed the consequences of choosing a netting contractor that cuts corners, resulting in costly repairs and system failures. Gorilla Netting takes pride in our work, ensuring that our clients receive netting systems that are reliable, durable, and built to the highest standards.

By choosing Gorilla Netting, you're selecting a partner that prioritizes quality, customization, and customer satisfaction. Our netting systems are designed to provide the best possible protection and peace of mind, backed by our unparalleled warranty and commitment to excellence.

Check out our work!

COST & SCHEDULE

TOTAL PROJECT COST: \$74,930.87

PAYMENT TERMS: 40/30/30

(\$29,972.35/40%) Down payment for development of submittals, manufacturing of netting, poles, and mobilization. (\$22,479.26/30%) Upon crew arrival. (\$22,479.26/30%) Upon substantial completion of Work, and acceptance of work/sign off.

PROJECT SCHEDULE: We estimate 1 week (7 days) to completion from the time our crew arrives if weather and ground conditions permit.

TERMS AND CONDITIONS

1. This document constitutes an offer for the construction and installation of a barrier netting system, utilizing the specified materials, as outlined in the preceding section (Page 4). The total project cost (SUM) is subject to modification based on the final engineered drawings provided by a certified professional engineer, fluctuations in supply and demand at the time of contract execution, and any subsequent changes in material orders, as well as any delays or disruptions caused by inclement weather or other unforeseen circumstances beyond our control, which may impact the procurement, production, milling, or transportation of raw materials.
2. Your responsibility as the customer is to have any private utilities located before our arrival and commencement of any drilling. Gorilla Netting will order public utilities located. If our crews encounter unforeseen ground conditions not typical to the area that was not reported (i.e., buried wood, concrete, debris, old foundation, pilings, etc.), it may require additional equipment, as well as additional crew and labor, which will result in additional charges above the quoted amount enclosed and will be billed accordingly.
3. Gorilla Netting crews must have full access to the work site area where work is being performed and where materials and equipment are being stored.
4. Any concrete, wood structures, irrigation of any kind, lighting, etc., that are not included in your structure design must be removed before work commences. Although we use the utmost care while on your property, Gorilla Netting is not responsible for damaged landscape, grass, concrete, irrigation, or lighting that has not been removed or protected.
5. You are responsible for removing anything that will obstruct work in the immediate project area (i.e., foliage, trees, overhanging branches, lighting, etc.)
6. Any costs due to delays in our work caused by site conditions or work by other contractors will be passed along to the owner plus 10%.
7. Any costs for permitting, expediting, licensing, etc., will be passed along to the owner.
8. Any responsibility for ball containment, height, and placement of netting is solely the customer's decision.

SIGNATURE PAGE

By signing below, the undersigned party acknowledges and agrees to the terms and conditions set forth in this proposal, including but not limited to the price, scope of work, specifications, payment terms, and conditions as detailed above. The undersigned party further represents and warrants that they have carefully reviewed this document in its entirety and have full authority to execute this quotation on behalf of the entity or individual they represent. By signing this document, the undersigned party authorizes Gorilla Netting LLC to proceed with the Work described in this quotation and the action items listed in the description of the Work. Upon execution of this quotation by both parties, and subject to the receipt of payment in accordance with the terms of this quotation, Gorilla Netting LLC shall provide a Service Agreement if not already provided, prior to commencing the work (project action items).
