Purchase options and add-ons

P:

- COsense Technology – Stops. Alerts. Saves. Powerful protection against hazardous carbon monoxide
- Generac 816cc EFI Engine – Delivers the right amount of power to get the best performance and efficiency out of your engine
- TruePower Technology – With less than 5% THD, safely powers sensitive electronics and tools
- Low-Oil Pressure Shutdown – Automatically safeguards engine from damage
- Large Capacity Fuel Tank – With incorporated fuel gauge, provides durability and extended run times
- Homelink Manual Transfer Switch Compatible – When paired with a manual transfer switch, the GP18000EFI is powerful enough to provide whole home backup and is a great alternative to a Home Standby Generator.

Description

The Wacker Neuson GPS9700A Portable Generator is designed for construction, rental and other demanding applications, these quiet, high-performance, portable generators deliver unmatched tool starting and voltage regulation in a rugged compact package. Excellent for powering single or multiple tools on an entire job site or as emergency or standby power. Built with heavy-duty frames and premium components to provide long, trouble-free operation even in abusive environments. Ideal for powering high starting amperage tools such as compressors, grinders, fusion welders as well as all your Wacker Neuson electric power tools.

UPDATE - 2 DAY Sale and subject to end without notice on In Patriot's physical stock, please read Ship from Options for pricing details.

Wacker Neuson GPS9700A Brochure (click for pdf)

- Best in class tool starting and voltage regulation due to a unique step-start generator technology with Automatic Voltage Regulation (AVR) and separate excitation winding.
- Central GFCI (neutral bonded to ground) sensor system eliminates common GFI outlet failures while offering personal protection on all receptacles including 240 Volt. Meets the latest NEC and OSHA jobsite standard
- Unique auto-idle control with time delay system automatically reduces the engine to a low speed reducing fuel consumption, noise and wear.
- Robust, powder coated steel frame with dual cross-member support, high impact polyethylene fuel tank and heavy duty shock-mounting combine to provide outstanding impact protection.
- Proven Honda GX390 engine with low oil shutdown. Fully compliant with the latest EPA evaporative emissions regulations.

Description

Winco WL18000VE 18kW Portable Electric Generator Commercial

The Winco WL18000VE 18kW Portable Electric Generator Commercial, earns the WINCO designation “Big Dog” among the most durable and dependable generators in the market and it produces big power. The WL18000VE offers 15kW continuous duty and 18kW surge and passes both tests effortlessly. At 62.5 continuous amps this generator is at home with demanding loads. It has proven itself in the field in spray foam, agricultural, and roofing applications. A durable Vanguard 31 HP engine with a reliable inherently regulated brush less generator end allows this generator to withstand harsh environments where other generators fail. The most important proof of the quality of this generator is in your application. Put this Winco WL18000VE 18kW to work in on your jobsite or business and watch the hour meter turn and turn cranking out quality power that you can depend on. Need parts or maintenance kits? Toba Energy offers its customers all of the necessary items to get you going and keep you working. 18kW not enough check out the [WL22000VE/A](#) the largest portable generator that Winco has to offer!

Toba Energy Resources LLC is an authorized Winco dealer offering generators, parts, transfer switches and help with selection. If you need a generator and cannot find what you need please contact us or just fill out a request for quotation and we will contact you.

Engine

- Briggs & Stratton Vanguard
- Cast iron cylinder sleeves
- EPA approved
- Electric start

Generator

- Clean power at less than 5% total harmonic distortion
- Steady voltage regulation is safe for sensitive loads
- Heavy duty capacitors and diodes
- 100% copper windings
- Optional 4 wheel dolly kit sold separately
- Optional cover sold separately
