**To Assist The Underserved
North Pinellas County Is In Need of
A Kind Mouse Pantry**

North Pinellas County is in need of food services. For Kind Mouse to make a substantial impact on food insecurity, we have targeted the circled area in the map below. It is our goal to add to our existing programs hardworking, low income families and The "A.L.I.C.E."** population. These are families where a single illness or vehicle breakdown could mean missed meals for the day, the week or longer.

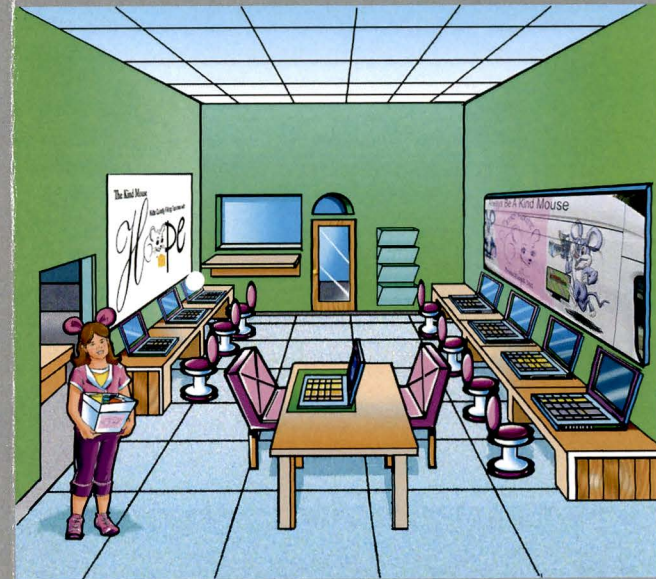

Many who reside in the yellow area are living paycheck to paycheck. In the event of an unforeseen emergent expense, Kind Mouse would be there to bridge the food gap. We feel that this population is where we could have the most impact in ending hunger insecurity issues.

Our Kind Mouse "Kids Feeding Kids" program, while still feeding the chronically hungry children, would assist in raising awareness and helping these families and their children.

"Kind Mouse is good because it helps people eat."
Marcus - Age 7

"Volunteering with The Kind Mouse has changed our lives. My son and I help feed children and families in our own community who are in need. I am teaching him to be an empathetic, kind and caring human being."
Theresa

"I stumbled across The Kind Mouse while purchasing my children's school clothes. We had recently moved to St. Pete for a job that fell through once we got here, just before the holidays. Struggling in a new place with nothing, The Kind Mouse was an amazing light in a dark situation. Gina, Stan and the other mice were always there to greet us with a smile. The Kind Mouse even helped with Christmas; Our twins still ride their big wheels they received that Christmas over anything else to this day. With the help, assistance and compassion that we received for The Kind Mouse, we were able to bridge the gap of job loss until we got back on our feet."

Providing Relief and Dignity

Since the birth of The Kind Mouse in 2012, we have established the following programs:

- **FEEDING FAMILIES MOST AFFECTED BY THE ECONOMY**—The Kind Mouse's **90-Day Family Program** has served over 250 families with food, housewares and pet food, helping them to restore their dignity and to reestablish their lives. Most families do not complete the 90-day program, for once the fear of being unable to feed themselves and their families is gone, they are able to find some sort of employment.

KIDS FEEDING KIDS

- **FEEDING KIDS ON WEEKENDS**—The Kind Mouse's "Mouse Nibbles" **Weekend Feeding Program** has delivered over 240,000 meals confidentially to children who otherwise may be unsure of how they will eat outside of school hours. These children are "the hungriest of the hungry." *There are 7,000 chronically hungry and 36,000 food-insecure students in Pinellas County alone.*
- **PROVIDING KIDS MEALS ON AN EMERGENCY BASIS**—Through **Jane's Pantry**, our partnership with the Pinellas County School Board's Food Distribution Center, our **Mouse Nibbles Program** provides children who are deemed to be food-insecure with an immediate donation of nine meals each. These students are homeless or at risk of being homeless or are homeless. This program enables children to receive food on an emergency basis via their school social workers.
- **FEEDING CHILDREN OVER THE SUMMER**—Kind Mouse has gone out into the community providing meals to local hungry children.
- **FEEDING THE CHILDREN'S CHILDREN**—Most recently, through our **Mouse Nibbles Program** we now provide food for the infants and toddlers of financially constrained young parents.
- **MOUSEVISION**—The Video Production side of Kind Mouse Productions run by older Mice Interns, raising awareness of our cause.

- **RAISING AWARENESS AMONG OUR YOUTH**—To raise awareness of the Kind Mouse programs and to foster the spirit of giving among today's more fortunate young people, we have developed two Kind Mouse outreach clubs. Our **Mice In Training** (ages 5-12) and **Mice Interns** (ages 13-18) join us as volunteers on a scheduled basis. They form their own boards, learn the business of non-profits, gain experience in public speaking at schools and events, and organize their own food drives and fund raising events. It is our goal that these future leaders will become "The Voice of the Children," by learning to provide hope of a brighter future to the children we serve. These students are the next generation of The Kind Mouse.
