MEMORANDUM

TO: Members of the Board of County Commissioners

FROM: Commissioner Dave Eggers, Chair

DIST: Barry Burton, County Administrator
Kelli Levy, Director of Public Works

SUBJECT: Agency for Bay Management

DATE: March 18, 2021

It has come to our attention that one of the Commissioners should be assigned to the Agency on Bay Management, the Natural Resources Committee of TBRPC. The last time one of our Commissioners served on this committee was back in 2014. Melanie Weed, Section Manager with Environmental Management, also serves on this committee as a Pinellas County staff member.

During Commission New Business at the 4/13th BCC meeting, I plan to assign Commissioner Justice to serve as the Commission's representative on this committee.
