Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is for the approval by County Administrator and execution by the Board of County Commissioners for the application certifying that monies received from the State of Florida will be used to refresh and upgrade the existing E911 system that supports St Petersburg Police Department and Clearwater Police Department secondary PSAPs as well as the backup center for the primary PSAP, the Regional 911 Center. The grant request will fund the purchase of all required equipment, workstations, and the first year of maintenance and support for the Vesta E-91-1 system that supports the receipt and processing of 911 calls for St Petersburg and Clearwater.

Grant funds of \$1,918,398.20 shall be provided on a cost reimbursement basis if the application is approved by the State of Florida E911 Board. No matching funds are associated with this grant. This grant was not anticipated during the development of the FY24 Adopted Budget. Therefore, if approved, a budget resolution would be required to recognize and appropriate the funds into the Emergency Communications E911 System Fund.
