Per the request below – can you add this to item 16-417D. It is marketed as final, so I cannot add.
Thanks.

Subject: RE: Grants Intent to Apply Received - Cooperative Agreement to Support ...

OMB has no objection to the department submitting a grant application to the US Department of Health and Human Services, Centers for Medicare and Medicaid Services, to obtain continuation funding for the County to provide health plan marketplace services to its residents.

Requested funding is \$580,000 from the Cooperative Agreement to Support Navigators in Federally-facilitated and State Partnership Marketplaces for a 3 year period. A match is not required.

The Department Director can sign off on this application. Please include this email when you send a completed submittal through Granicus to be placed on the delegated authority log.

If you have any questions, please do not hesitate to contact me.

Thank you.

OPUS Project Title:	
Duration:	Multi Year
Proposed Abstract (Project Scope of Work):	<p>The applicant, Pinellas County Board of County Commissioners, serves as the lead agency for Pinellas County for the Cooperative Agreement to Support Navigators in Federally-facilitated and State Partnership Marketplaces opportunity.</p> <p>The Project seeks to provide access, information, and a connection to health coverage for eligible individuals. Pinellas County has a population of 929,048 people. There are approximately 3.5 million uninsured residents in the State of Florida with approximately 156,534 uninsured residents in Pinellas County.</p> <p>The lead agency has provided services that include outreach, eligibility determination and enrollment into the programs for vulnerable populations within the County for over 50 years. Pinellas County residents rely on the County for information and linkages to a variety of programs and services. Because of this historical reliance and the County's role in providing Navigation services through the 2013-2014 and 2014-2015 Cooperative Agreements, the County anticipates that residents will again seek out and expect Pinellas County government to provide information and services regarding the health plan marketplaces.</p> <p>The award of the Cooperative Agreement funding will allow the Project to continue to offer accessible, comprehensive health exchange information and (re)enrollment into health plans that meet the community's need. The budget is \$580,000. Funding will be used to hire 11 Navigators, purchase supplies and conduct marketing outreach.</p> <p>The goals of the three-year project are to provide education, information, selection, and (re)enrollment services for qualified health plans or other Federal/State/Local healthcare programs primarily to uninsured residents in Pinellas County in a manner that is sensitive to cultural, linguistic, physical, mental, and educational differences. Through the use of Navigators, agency staff and volunteers, it is estimated that a minimum of 15,000 people will be directly assisted by a Navigator for education and/or (re)enrollment into a health plan. Participants will be able to obtain services at 10 access points provided by the lead agency and collaborating partners throughout the County. Through collaborative efforts, a solid workplan, intensive training for the Navigators and volunteers, and a strong marketing campaign, Pinellas County has the optimum capability for success.</p>
Benefit Summary (How will this benefit the County, Dept, etc?):	<p>The goals of the three-year project are to provide education, information, selection, and (re)enrollment services for qualified health plans or other Federal/State/Local healthcare programs primarily to uninsured residents in Pinellas County in a manner that is sensitive to cultural, linguistic, physical, mental, and educational differences. Through the use of Navigators, agency staff and volunteers, it is estimated that a minimum of 15,000 people will be directly assisted by a Navigator for education and/or (re)enrollment into a health plan. Participants will be able to obtain services at 10 access points provided by the lead agency and collaborating partners throughout the County. Through collaborative efforts, a solid workplan, intensive training for the Navigators and volunteers, and a strong marketing campaign, Pinellas County has the optimum capability for success.</p>
