

We had a technical problem with our webserver connection that may have prevented it from sending some emails. I looked on what was put in today and there were several comments related to the BCC agenda. As I cannot tell just by looking at this list if any of these might not have made it to your inbox, I'm just going to send all of them (see below). For the submission timestamp you have to subtract 4 hours because it's in UTC.

Some seem to be substantially duplicates but they do have different timestamps.

**Topic:** Petition to Vacate #1591  
**BCC Agenda Date:** 7-21-2020  
**Agenda Item Number :** 1591  
**Your Stand on the Issue:** Oppose  
**Comments:** I am against the petition to vacate the land due to allowing people to build or plant trees in this area. This drainage that the water flows off of Desoto and Palm Ave. If its blocked this could cause flooding of home

Topic: Petition to Vacate #1591  
BCC Agenda Date: 7-21-2020  
Agenda Item Number : 1591  
Your Stand on the Issue: Oppose  
Comments: I am against the petition to vacate the drainage easement. I am afraid that if someone builds or plants tree could block and cause potential flooding to the homes that backup to this area.

**Topic:** Petition to Vacate #1591

**BCC Agenda Date:** 7-21-2020

**Agenda Item Number :** 1591

**Your Stand on the Issue:** Oppose

**Comments:** I am against the petition to vacate the property. I am afraid someone will build in the area or plant trees. This easement is used for drainage that services Desoto Drive and Palm Ave. Any alteration to this area could change the flow of the water and potentially flood homes.
