1	<p>Covid-19 Vaccinations</p> <p>Dear Commissioners...</p> <p>My wife and I are wondering what you might be able to do to help fix/alleviate the lack of vaccinations occurring in Pinellas County. Our county health department seems to be very inept.</p> <p>The first time appointments were opened on January 5th, the system crashed. While some managed to get through on Jan 6th, and some just went to the health department and stood in line, and the 3,000 doses were somehow given out even though the system failed.</p> <p>We then had a ten day delay where we waited for them to contract with a 3rd party vendor to get a working system.</p> <p>Even though I checked back daily, they announced on January 15th that they had given out appointments for 10,000 more doses within an hour of opening the site.</p> <p>We were told this past week that we could sign up for the vaccine at patientportalfl.com. We did and got a notice that 8,000 more appointments would be offered on Saturday, January 23rd at 10am. My wife and I both started at 10 a.m. trying to get an appointment thru this new system.</p> <p>Initially there were notices of server failure. Several attempts later we both managed to get into the site and watched the little wheel spin for an hour and 15 minutes. Our patience got us a few pages into the site where you fill out several pages of questionnaires but the spinning continued and we never got to the select an apt page. After 75 min we called a phone number and were told that all appointments had been filled. At 1:21 p.m., a news item came across the internet that the 3rd party system had crashed again and no appts were able to be made. Supposedly they will let the public know when the system is up again.</p> <p>What kind of insane system is this? This crazy system just makes people irate!</p>	Chuck Bradley	4626 Tamworth Drive	Palm Harbor	34685	7272147087	chuckbradley54@gmail.com	2021-01-24 19:27:46
2	<p>COVID site crash at 10:00 am 1/23/2021</p> <p>It is extremely disappointing that the COVID Vaccine State and County distribution is still so flawed. The site isn't designed for the volume trying to log in, the error message is a loop, defaults to appointments are all taken and the phones ring busy. At 10:05 am everything said appointments were filled using 2 phones and 2 tablets.</p> <p>Most disappointing is that the software problem was resolved with no text or automated calls like the night before as to when to try again! Unless you were spending Saturday trying all day you wouldn't have known that the issues were resolved and opened at 1:00 pm. By 2:00 all appointments were filled.</p> <p>The only positive is that at least the Vaccines are now for Florida residents. Myself having Asthma and my husband being immune deficient from Thyroid Cancer we will have to try other countries hoping to beat the Virus. We just tried Hillsborough County at 2:00 today with no luck and will try Publix Wednesday morning.</p> <p>Anything you all can do to expedite efficiency, working systems, assistance on what we can do would be greatly appreciated.</p>	Barbara McKee	1732 Water Oak Dr	Tarpon Springs	34689	727-510-5958	hbmckee2@yahoo.com	2021-01-24 14:47:49
3	<p>COVID Vaccinations</p> <p>Pinellas Commissioners:</p> <p>I am extremely disappointed in the Pinellas COVID vaccine roll-out. We have approximately a quarter million eligible recipients and to date less than 10% have been vaccinated. Your vendor, CDR Health, is less than competent. Their first rollout of 10,000 appointments closed in one hour. I registered with them on Friday and they were offering Pinellas vaccinations in Pasco and Orange. Did they really think we were going to drive to the Orlando Convention Center? The Pasco time was for Friday at 2pm - I am in Seminole and could never drive to New Port Richey in 25 minutes. Their web site is awful. On Friday, they notified me about the second rollout this Saturday. They notified me that registration would commence at 10AM, yet their web site was unable to function till after 1PM. In less than one hour they shut it down. I have no confidence in CDR Health. Fix this mess. People are dying. Henry Solares</p>	Henry M Solares	11174 90th Terrace	Seminole	33772	8135056913	solares703@gmail.com	2021-01-24 12:20:11

7	CDR Health Pro Failed Again	<p>FYI, the \$3 Million investment in CDR Health Pro failed again. What a poor decision to invest in a company with known issues.</p> <p>I was registered and on the website before 10 AM and at 10 AM I was ready to start the process to get an appointment. I watched the 6 blue dots spin for over 1 hour, hoping that I was in the queue. There is no notification that there is a problem. I took video of the frustrating experience.</p> <p>I called the CDR phone line (1 for English, 2 for Pinellas, 3 for Website) after about 25-30 minutes and the automated system indicated that the response time would be 55 minutes. I selected to reserve my spot but have a return call to ask about the issue rather than hold for nearly an hour. That call back came around 2:45 PM for a 10:30ish call. So either the hold time was longer than 55 minutes or others were notified before my turn in the queue. The person that called said the website had again crashed.</p> <p>In an article January 15, https://www.govtech.com/health/Florida-Communities-Work-Through-Vaccine-Website-Problems.html, it was stated:</p> <p>CDR Maguire CEO Tina Vidal-Duart said the website never crashed, but frozen screens and errors were a result of the sheer volume of hits to the system. She said a now-resolved coding glitch caused users to receive an error message when they should have seen a message saying all appointments were filled.</p> <p>"What we're seeing is an inundation, a volume that no one has ever seen," Vidal-Duart said in an interview Wednesday. "I can only equate it to Black Friday at Walmart, where you have thousands of people all trying to go through one door."</p> <p>I can tell you from personal experience, it is not resolved.</p> <p>To say I am disappointed is an understatement. As a consumer, I would ask for my money back from CDR for not living up to its contract.</p>	Sandra Beck		St. Petersburg	33702		SandyBeck@tampabay.rr.com	2021-01-23 17:56:04
8	COVID vaccines for people age 65+	<p>Dear Commissioner Flowers,</p> <p>I have never communicated with a member of the county commission before now, but I feel compelled to weight in on the utter and complete failure of the systems used to make vaccine appointments for those 65 and older. CDR has utterly failed to manage this, as evidenced today, Jan. 23. Also, communications have been ridiculously incompetent with different messages, and delayed messaging on the variety of social platforms used. I don't need to waste anymore of your time itemizing the many ways in which the rollout has been a failure but there are lives at stake and this is a seriously bad performance on the part of the county. I request that you do whatever you can to make this system work. Thank you.</p>	Kathleen Bennett	5619 Kelly Dr. N	St. Petersburg	33703	7276416642	kathleenbennett@gmail.com	2021-01-23 17:02:20
9	Covid Vaccine	Why did Pinellas receive only 11000 doses of vaccine this week?	Tom Gregory	670 Island Way Unit 505	Clearwater	33767	7276149863	rivahbiker@gmail.com	2021-01-23 16:49:30
10	Problems with Corona Virus Vaccine Appointments	<p>Good day Charlie,</p> <p>My name is Fred Albert. I am 72 years old and live in Broadwater. This morning at 10 am I went on the County designated website in an attempt to get an appointment for vaccination. At exactly 10 am I attempted to gain access via patientportal.fl.com. Immediately I got a message that the website was down. About 15 minutes later I was finally able to get to the point on the site that asks where you want to go for the immunisation. But once I checked my preferred location I was notified that all appointments were filled. This was at 10:15.</p> <p>I continued to try different locations thinking that maybe just the location I checked was filled. But I got the same message for each one. Finally I gave up at about 11 am.</p> <p>Then this afternoon there was an article in the news stating that the slots for today's vaccination appointments in Pinellas county were filled by 2:30 pm. It further stated that the website never went live due to problems with the vendor.</p> <p>How could 8,000 doses be committed when the website was down? Why wasn't there some communication during the process to let people know there was a problem with the website and an alternative method to try. This could have been done by the same method used to alert me to use the website.</p> <p>This is the second time I've tried using the so called preferred method to get an appointment and it hasn't worked either time. I'm sure I'm not the only one complaining to you and we all deserve to know what is being done to rectify problems and at least to communicate better.</p> <p>I would appreciate a reply from you with some explanation.</p> <p>Regards,</p>	Fred Albert	4301 44th Street S	St Petersburg	33711	469-494-6852	falbert198@yahoo.com	2021-01-23 16:42:58

11	COVID 19 Vaccination issues	<p>Dear Ms. Peters,</p> <p>Can you please tell me why the commission can't figure out a way for there to be an efficient method of registration for the vaccine. While I'm sure that there is not enough of the vaccine to go around for every Pinellas County member, I don't understand why there is only one place to use for sign up and that crashes every time there is another shipment of vaccine? There is only one place to register and even then we have already given the vaccine to plenty of non-residents. Why isn't Publix involved in giving the vaccines? Why can't our primary care physician give us the vaccine? What is the problem with Pinellas County? Every other county has alternative ways to get the vaccine and we do not! Why is Pinellas County not advocating for more vaccines? Even Hillsborough County, which is bigger than we are, is able to get more vaccines out than our county? Why? Why? And what is going to be done about this?</p> <p>I would appreciate any information regarding this issue. Thank you.</p>	Danute Krebs	730 116th Avenue	Treasure Island	33706	630-431-7754	danute413@gmail.com	2021-01-23 15:03:04
12	Vaccinations	<p>Dave as I hope you are aware the sign in system is very questionable My wife and I each tried to sign in a 10:01 Am today Saturday. On the patientportalfl.com my page came up showing no Pinellas Count sites My wife's page showed 6 or 7 County sites but all were filled at 10:02 I find it hard to believe that 8000 vaccinations were filled in 2 minutes! On our walk this afternoon every neighbor we talked to had the same issue. We could not find a friend in Crescent Oaks subdivision who had any different results. We feel the system has to be rigged somehow. Sub Divisions in Pasco county are getting their vaccinations at their clubhouse for all over 65. This is the second Saturday that the system has not worked for us. Without more communication I feel we need some State or Federal monitoring of the Pinellas county Health Dept. David DeMersseman 3877 Nottingham Dr 34688</p>	David DeMersseman	3877 NOTTINGHAM DR	TARPON SPRINGS	34688	7275054665	rvlovers1941@gmail.com	2021-01-23 15:00:42
13	Covid 19 vaccinations	<p>The web site finally started working at about 1:30 and I was able to make an appointment. I'm glad it worked out but still wonder why they weren't ready at 10am as advertised. Thanks for what you folks did to get this moving.</p>	Stewart Olson	100 Fareham PL N	St Petersburg	33701	7272780747	stewartolson@yahoo.com	2021-01-23 14:09:38
14	Covid 19 vaccinations	<p>The current method being used is horrendous. A robo call goes out to all preregistered people telling them to call at 10 a m the following day. The result is that the system is overwhelmed at 10a m. Do not believe me try it your self. There has to be a better method. People are preregistered. So call them in by category and date registered for shots.</p>	GERARD DISTEFANO	1847 SHORE DR SO UNIT 815	SO PASADENA, FL 33707	33707	7273433951	gdistefano@tampabay.rr.com	2021-01-23 13:45:15

	D	E	F	G	H	I	J	K	L
15	New portal vaccine system	Your new system is a cruel joke. When you register you are lead to believe that when you get a text you will have a real chance at registering for a vaccine. Well we (my wife and I) got the text yesterday about logging in today at 10 am. We logged in at 10 am and could not get on the site for several minutes. Once on the site all appointments were gone in 10 minutes. Apparently, rather than running an efficient system that sends a text message to an appropriate number of people you are texting everyone causing the system to crash and not giving people a realistic possibility of getting a vaccine. This is cruel, mean, horrifying and a miserable way to treat your constituents. I have no problem waiting for my turn to get the vaccine just let me know when that will occur. Don't let me believe I have a realistic chance when it's real nothing but a free for all. You can do much better.	Ion Poling	1475 Misty Plateau Tr.	Clearwater	33765	7277911012	Myattitude1@yahoo.com	2021-01-23 11:40:22
16	COVID-19 vaccinations	This COVID vaccination system is insane. There should be a waiting list based on age and time of registration rather than everyone 65 and older crazily all signing in at the same time and crashing the site immediately and overwhelming calls where you can't through until they are gone. You need to check in with Sarasota where they have a waiting list that will be available next week for even under 65; where people can get their vaccinations within a week of registering. Marion County has had a waiting list for almost a month. There needs to be a serious update to the pinellas county system!!!	Donna kesting	2530 Gary circle unit 701	Dunedin	34698	8457053497	donnakesting@gmail.com	2021-01-23 11:25:36
17	Covid-19 Website to Schedule an Appointments	I am 69 years old. At exactly 10:00 am this morning I logged in to make an appointment. There were no Pinellas County locations on the map initially. By 10:05, a location in Largo opened, but appointments were not available except for first responders. By 10:10, a Pinellas Park and St Pete sites were appearing, but again, only for first responders with a code. I refreshed and again, only appointments for first responders with a code could continue to scheduling. Additionally, the first available time we could select (for first responders only) has not changed for 15 minutes. I am appalled that this is how this vaccination program is being rolled out to the 600,000+ senior citizens 65 and older. You should all be ashamed that there is no better way to do this to ensure the people who need the vaccination are receiving them. As of 10:59, the site is still only opened to first responders. Please address this asap! People will not be safe in this county until you do! Joan Haseman	Joan Haseman		St Pete Beach			jandk1220@comcast.net	2021-01-23 11:02:54
18	CDR HealthPro Vaccination Patient Portal	Good morning, Well, this CDR Portal crashed just as badly as the one before. This turned out to be an extremely frustrating experience. At ten o'clock, the web site was already buffering and took at least 20 minutes to allow access to the site by that time all appointments were filled. And, how much money did we spend on this? Sincerely frustrated, Dotti Fischer 727-409-1002 dotti.fischer@gmail.com	Dotti Fischer	85 Belleview Blvd. #504	Belleair	33756	7274006498	dotti.fischer@gmail.com	2021-01-23 10:59:17

19	Vaccine Distribution	After wasting my time this morning on trying to register for a vaccination I would just like to say that you could not have designed a more inept and useless website. I don't know if this was something our moronic state officials have mandated to the counties but for everyone from the Governor down to the local level, you included, to flash their face on the news and tell the world how wonderful and gosh darn spectacular this process has been, needs to understand that you're only drawing attention to their own incompetence. This applies to both Republican and Democrats alike and I can assure you that I have a long memory!	Patrick Kroeger	3041 SPRING OAK AVE	PALM HARBOR	34684-1659	7274889759	pkroeger@tampabay.rr.com	2021-01-23 10:48:09
20	Covid 19 vaccinations	I have been trying since 10am which was announced as the time to apply today (Jan 23) for new appointments. The website either crashes or asks me for my first responder code. The phone number is either busy or leads me to a line that tells me no appointments are available. This is at 10am or a few seconds after. PLEASE get this fixed. I'm a 73 year old Viet-Nam war veteran and need this vaccine. Thank you.	Stewart Olson	100 Fareham PL N	St Petersburg	33701	7272780747	stewartolson@yahoo.com	2021-01-23 10:47:49
21	Covid-19 vaccination	I received an email that I could go on the Health Department Site Saturday the 23rd at 10am I am already registered, and that there would be vaccination times available. I was on the site from 8:30 AM. When the vaccination sites locations became available, after 10, each one said it was only for medical personnel and required a code?? Why did they waste the public's time. Does the Health Department know what they are doing??	Linda J Sakon	7600 Hunter Ln N	Pinellas Park	33782	7274820833	lindasakon@gmail.com	2021-01-23 10:47:37
22	COVID 19 Vaccinations	I am writing to express my displeasure and frustration with the registration system for COVID 19 vaccines. Despite logging on at exactly 10:00, I was only able to see spinning dots until 10:35 when I was informed all appointments were filled. I fully understand that there is a limited supply of vaccine available to Pinellas County. The system is clearly overwhelmed with the traffic on the site and the high demand. However, there are several options available to make the process more efficient and less frustrating. 1. Other counties allow couples to complete one registration which reduces traffic. Each time there has been availability of the vaccine, both my husband and I have tried to access the registration portal. Were we and others able to register together, that would significantly reduce the traffic on the site. 2. Likewise, other counties have created waiting lists and are calling individuals either in the order they registered or randomly. Both methods are preferable to the wasted hours expended trying to secure an appointment. 3. Another option for reducing traffic would be to establish set times in which individuals in specific zip codes and/or age groups can call. Finally, I am hard pressed to believe that the County is getting \$3 million of value from the current vendor. I would hope that when this contract expires, you seriously consider contracting with Amazon, TicketMaster, CVS or Walgreens—all organizations that are used to dealing with high volume requests and appointments. You might even consider enlisting the box offices of Ruth Eckerd Hall or the Straz, both of whom have excess capacity given the need to cancel performances.	Mary Grace Duffy	2980 Farnham Way	Clearwater	33761	781-962-3040	mgd@cambridgehill.com	2021-01-23 10:45:44
23	Pinellas Covid Registration	Dear Commissioner: I am new to Pinellas County, having retired here a few years ago. I want to point out a problem with the on-line registration for covid vaccines. I was on line and saw the Palm Harbor Center pop up to take the reservation. However, both Palm Harbor and Largo required a healthcare worker code to be entered before it would go forward. I am a senior who was advised by the county that the reservation system would take 65+, but the computer would not go further. Now the system is down. The ineptitude is amazing to watch. I asked someone if this was a poor county and was told it is not. So hire people to man the phones. I couldn't get through there either. Are you voted in to look pretty or to work? We need a solution which I fear will have to wait for the Biden Administration to take over. Can you help us get our vaccinations?	Teresa Russell	795 County Road One, Lot 123	Palm Harbor	34683	305-923-0110	tkrussell721@gmail.com	2021-01-23 10:36:03

26	Covid Vaccine Appointments for Immunocompromised Individuals	<p>Hello,</p> <p>I am requesting some advice on how to proceed in securing a covid vaccine appointment for my mother, who is just a few years shy of the 65 year cut-off, but who currently is battling ovarian cancer. She is treated at a hospital in Tampa, which told her to seek a vaccine in Pinellas County, where we live. Her primary doctor doesn't have any...the local hospital here says they are for patients only. Pinellas DOH has told me both that she should qualify because she is immunocompromised but that there are not shots available AND also that she doesn't qualify because she isn't yet 65...</p> <p>We are practicing all the COVID safety behaviors we can muster, but we are an extended household, and my husband works in the food and beverage industry.</p> <p>Please HELP.</p> <p>Sincerely, Patience Burke</p>			St. Petersburg			burke.patience@gmail.com	2021-01-22 14:52:26
27	Absence of covid vaccination sites in Pinellas County	I am concerned about the absence of covid-19 vaccination sites in Pinellas County, one of the most populous counties in Florida. The PC public health department (actually Florida State Health dept) routes inquiries to a site via patientportalfl.com. For Pinellas, this site gives 3 sites for appointments in counties north and northeast of Pinellas, an hour from our home. Appointments are snapped up very quickly. My big concern is that the governor is lying about the reason why there are not enough vaccination appointment, namely that the federal government is not sending enough vaccination doses to Florida. In fact, there are over a million doses in Florida that have not been distributed. The governor also has stated that he believes that state governments are not capable of distributing vaccines, and has bypassed county public health departments in favor of private sector hospitals, pharmacies and now churches that are unlikely to have the cold storage facilities needed to keep vaccines viable. I don't mind the private sector partners, but excluding state/county public health departments seems more ideological than practical, as is not in the interest of Florida residents, especially those who can not travel outside of their communities. The governor has also rejected the idea of FEMA setting up vaccination sites in Florida, despite his inability to provide sufficient vaccination sites or appointments that keep up with the supply in Florida and the needs of Florida citizens. The pandemic is a national emergency, a condition that FEMA is designed to alleviate and help with. Please invite them to Pinellas County if the governor is unwilling to provide state properties for them to assist with this health crisis. 31	Covid Vaccination	<p>Dear Commissioners:</p> <p>My wife and I are 30 year residents of Pinellas county. We are very disheartened by stories of the thousands of Vaccinations in Manatee, Hillsborough, and Pasco counties but Pinellas county is silent. When the rollout began we sat with 2 computers and 3 cell phones trying to get a spot. After 3 hours a person answered to tell us the computer system was down and they could take no more reservations as all doses were exhausted. If the system was crashed who got these doses? This was weeks ago and there are no new doses coming here. The Pinellas DOH keeps saying "stay tuned, more is coming". In the meantime the death toll rises.</p> <p>I applaude the Governor for his stand on front line and healthcare workers and residents first. Now he says plus 65 persons next. Then we hear selected communities with political ties and the "underserved" are getting vaccinated. I have received no vaccination. Does that make me "underserved". We need to stick to the plus 65 program until all plus 65 people are served. I think the Governor needs to contact the leaders of Pinellas DOH and give them some expert direction because it is blatantly clear they are overwhelmed and have no idea what they are doing. We have plenty of locations for vaccination sites but no vaccine and no plan. In the meantime the death toll rises. Lets build a fire under someone to get more vaccine here and get it in the arms of our people. Do your job.</p> <p>My wife and I are 70 and 71 respectively, rigidly adhering to covid policies, have underlying health issues, and I am in law enforcement. Please help us, please help Pinellas county and lets save some lives.</p> <p>Feel free to contact me. Thank you in advance for your attention to this matter.</p> <p>Joyce and Stanley Gams</p>	Stanley E. Gams	12991 Sophia Cir.	Largo	33774	727-776-5831	sgams@tampabay.rr.com	2021-01-20 13:10:51
32	Vaccines at Pinellas Park auditorium	<p>Dear Commissioners,. In the past I have emailed the Commission several time in regards to the Vaccine roll out. I have always gotten a response back and appreciate that very much. Today I received my first vaccine shot at the Pinellas Park Auditorium. I want to let the Commission know how professional the Pinellas Park Fire Department was in administering the Vaccine and how they had it set up was so efficient and easy, the whole process was amazing. The men and women of the Department need to be recognized for an outstanding job. The Pinellas Park Police Department also did an outstanding job directing the public where to park and directions into the building. Great job all around, God bless you all, and Thank You</p>	Michael J Sullivan	11776 108th Ave N	SEMINOLE	33778	3154087156	hayesbayc2@gmail.com	2021-01-19 12:06:14
33	Vaccine	<p>Very disappointed with Pinellas County handling of the vaccine. There's almost no communication other than to say that there's no more vaccine available. At least communicate what happening. My wife and are in our 80's. Even if we could get some assurance that we could get a date, even if it was three weeks in the future. pinellas County can do better than this!</p>	William Smith	29250 US Hwy 19 N lot 211. 34	COVID 19 VACCINE	<p>I have been trying to book an appointment to be vaccinated since the FL Dept of Health site came up a couple of weeks ago without success. I am registered on the CDRM Health website but the only vaccination sites available are in St Leo, Port Richey, and Orlando. Last week there was a site in Pinellas but by invitation only. Please help to obtain the vaccine doses needed for the quarter of a million seniors in Pinellas County. Seniors are passing away everyday that goes by without the vaccine.</p>	ROBERT LUX	APT 302, 1316 PASADENA AVE S	SOUTH PASADENA	33707	7277984718	rlsprynet@yahoo.com	2021-01-18 12:35:32
35	Covid Vaccine	<p>Commissioner Long We are 2 22 year residents,78 year old folks worrying about the complete lack of information concerning the corvid vaccine. Our county commission needs to take care of their residents since it is obvious the the State of Florida is incapable of caring for the citizens of the state. Help Please!</p>	Peggy and Terry Johnston	1708 Silverwood Street	Tarpon Springs	34689	727 942 8540	res0n0te@verizon.net	2021-01-16 20:50:29
36	Corvid-19 in Pinellas	<p>Would you know the name of the virus: Phizer or Moderna ? Thank you.</p>	Arthur Hebert	10633 Frances Ln	Largo	33774-4534	7275956834	mempep5@gmail.com	2021-01-15 17:16:52
37	Thank You	<p>Hello. Thank you for funding the COVID 19 vaccination registration and administration process. The Pinellas Department of Health was not provided the money and other resources required to be able to successfully implement the program. We are very appreciative that you stepped in showing great leadership to improve the vaccination process. The registration website you started was easy to use and it worked! We know there is much still to do. We encourage you to continue to fund and resource this effort until everyone that needs a vaccine can get one. Your commitment to this will save many lives and allow our community's economy to get back to normal as soon as possible. Thank you again for this leadership. We sorely needed it. 38	Elderly Parent 92 living at home	<p>I don't know where else to reach out. I have been trying to get an appointment for my 92 year old mother who lives at home with me. She is on oxygen 24/7. I have tried Pasco, Hillsborough, Pinellas counties and have not been able to get her an appointment. I have been in contact with her primary, I have called and left messages for the Governor, now I reached out to 8 on your side. Contacted the media department for Pinellas no one can help. My point is she lives at home and should be a priority I live in fear everyday that she will get COVID I am very careful but very upset and understand now why folks get so crazy. I had a bit of a breakdown this am when I was shut out of Pinellas. Oh and I am registered in Manatee County as well. Can you help please get a message to the Governor's Office that he is missing the vulnerable that are elderly and living at home. The most vulnerable living at home are not getting priority. Please help. Thank you.</p>	Ann Petracco	410 Palmdale Dr	Oldsmar	34677		petracco17@gmail.com	2021-01-15 14:20:10

39	Covid 19	What is wrong here in Pinellas County? I see where other states are setting up Covid 19 vaccine mega sites. Other counties are setting up registration systems. Here in Pinellas communication is terrible. People are left in the dark only at the last minute are told what to do. Educating people on how to sign up for a vaccine is non-existent. Why is the county having so much trouble getting the vaccine. We have a large 65 plus population, why haven't we become a priority? Come on man, people's lives are depending on this vaccine. How about getting Pinellas' act together. We are better than this.	Mike Eccles	1531 Patricia Ave	Dunedin	34698		mecclles_99@yahoo.com	2021-01-15 06:48:43
40	Covid 19 Vaccine	I am becoming increasingly convinced that there is no plan for vaccine distribution in Pinellas County. Some of the blame of course goes to state government since the Surgeon General admitted yesterday that their entire plan is a one page document that contains little or no detail. Despite that, other counties have been able to schedule and administer vaccines. Pinellas County made one disastrous attempt last week and has had no updated information on the County Health website since. At the Tuesday board meeting a statement was made that later this week details about a new system for reservations and the ability to make new reservations would be posted later this week. It's now Thursday afternoon and there's no indication that the Board of Health has done anything to fulfill that statement. I know they made it, but they haven't followed up with any tangible detail. It's apparent there is still no real plan, and I don't hold great hope because the system that was touted at the board meeting is the same system that crashed and failed miserably in Hillsborough County.	William C. Cross	2821 Alton Dr	St Pete Beach	33706	7273607625	drbill@tampabay.rr.com	2021-01-14 14:43:30
41	Covid Vaccine Registration	Dear Pinellas County Commission, According to a report "earlier this week, the county signed a \$3 million contract with CDR Health Care to operate an online and phone registration system that's also being used in other Tampa Bay counties". I am shocked. In my opinion and experience with CDR's registration process, it was extremely disappointing. CDR required about a 4 page document (seems endless) to be completed prior to booking an appointment in Hillsborough County. I filled out the document without successfully obtaining an appointment. Apparently, its system crashed this week. I sincerely hope that Pinellas County streamlines this process for appointments in Pinellas. It is unnecessary to ask the number of questions that CDR required based on other registrations systems. Those individuals in the 65 and older should not be required to fill out pages of health questions if the questions do not apply directly to receiving the vaccine. The first week Pinellas County offered the vaccine via Pinellas Department of Health, http://pinellas.floridahealth.gov/ , I had the registration screen up and was completing the form when its computer system crashed. I believe it asked just a couple of questions about health. The questions included: had you had a previous vaccine within 14 days and a Covid 19 question. The Manatee County vaccine lottery system and the Publix registration for the vaccine did not require the questions that CDR requires. The Publix registration system is very straight forward and easy to follow. This is a process I would recommend Pinellas follow. Publix seems to understand registration and appointment setting. It books both appointments when you register. The only issue is the availability of the vaccine due to the distribution restrictions. Please recommend and enforce the KISS process to the registration process by only obtaining the necessary information. 46 Problem with Covid Vaccine Registration	<p>There must be a better way for Seniors to register to get the Covid Vaccine. I got on the registration website the minute it opened, and then every 30 minutes till 7pm that day--each time I was notified that the server was down. Both numbers provided were either busy or stated that I had reached a nonworking number. Two days ago I tried to register on the Hillsborough site which used the new vendor --I made as far as an appointment date but the registration failed to go through. Super frustrating and anxiety producing. Manatee County has a waiting list you can register for ---they will email you once there is vaccine and a slot available for an appointment.</p> <p>I have no confidence that the next registration wave next week for Pinellas will be successful. How about setting up a waiting list like Manatee County? It would avoid crashes and lower the anxiety of Seniors wanting to register. I</p> <p>I'm sure you are getting a million complaints, but I really appreciate your consideration on this super important issue.</p>	Flora Maria Garcia	4543 7TH AVE N	Saint Petersburg	33713	6787330071	floramariagarcia@gmail.com	2021-01-13 18:04:33
47 health dept. information on corno virus vaccinations	Why do I have to read information on vaccinations in the news paper? This information is not on the health department website. Why can't they put it on the website that you hired a outside company and will have 2 extra vaccination locations? I go to the "Dedicated Senior Medical Center" 901 22 ave south , St. Petersburg FL 33705 for my primary care as do a lot of other seniors, why can't we get the vaccinations there as the Governor has approved this place to give them out? Your health department website really SUCKS a big one. All the surrounding counties have more information posted. Some one in the website information team (the boss) should be fired!!!!!!	Joseph Belleau	1110 3rd st s	st. petersburg	33701	6624911693	surferjmb7@yahoo.com	2021-01-13 15:27:40
48 Vaccine sign-up	<p>I'm embarrassed that our county has failed our population over 65 in securing appointments for a vaccine. Hillsborough, Pasco, Citrus, and Hernando have all had significantly better ways to secure an appointment. What have you and the other commissioners done to encourage (force) the Health Dept. to develop suitable sign ups?</p> <p>If you read the Health Dept.'s online page about vaccine distribution which dates from Jan. 5, they supposedly filled all appointments even though their site stopped working within SECONDS of the start of sign ups on Jan. 5. I live in a 55+ community and none of us who tried were able to get an appt. and we do not have confidence that they really did fill all the appointment times. We wonder if all their vaccine doses were even used. Hillsborough and Pasco who had much better sign ups have already revised their online setups but what is Pinellas doing? We need to be ready to sign up when more vaccines become available. SUGGESTION: Create an online sign up sheet/registration by age group (85+), (75-84) and (65-74) and when vaccines become available, send an email according to your distribution criteria and if they don't reply within 24 hours, go to the next person on the list. The appointment would be secured upon reply by the person who had received the email. Confirmation with a bar code number would then be sent to the person. (Your commission can probably develop something better but, please DO something! I have spent hours trying to get an appointment somewhere in the Tampa Bay area but no county is as disappointing as Pinellas. And if there is more than 1 person living in the same home (such as my husband and me), sign up both at the same appointment time. This would make drive through shots more efficient and easier for those with transportation issues.</p> <p>You were elected to serve; please support better methodology to distribute vaccine.</p>	Nancy Olson	793 Chesapeake Dr., #67	Tarpon Springs	34689	770-316-9123	nkotarget@gmail.com	2021-01-13 13:58:33

49	Covid vaccine scheduling	<p>Pat</p> <p>We all know this matter is quite difficult and complicated. However, someone in our county must stand up and lead. This is ridiculous, Pinellas Co residents are traveling to Orlando and South Florida to get vaccinated because the Pinellas system is a MESS. Our governor has made a huge mess at the state level and now our county is falling in right behind him. I know that we are currently out of vaccine but why can't we have a system to schedule a future date? If the county can't get this done, outsource the job to the private sector. Publix is being used in other counties, why not Pinellas? Our commissioners are going to take the blame for this debacle.</p>	Richard Hamlin	639, Ponce De Leon Blvd	Belleair	33756	4356408983	richardnhamlin@gmail.com	2021-01-13 13:48:59
50	Covid19 vaccinations in Pinellas County.	<p>I would like to know what is causing the delay in vaccinating those over 65 in Pinellas. Ever since the fiasco of registrations on the first day over a week ago, there has been no information from any county officials. I tried from the time the registration opened to no avail. Most other counties are moving forward and are on their second rounds shipments of vaccine. I have lived in Pinellas for over 20 years and cannot believe how poor this process has been, I am 74 and my husband is 75 with multiple health issues. Please let me know when we can expect to have another chance to get the vaccine. Also, it appears people who have gone to Pinellas Community Health Centers in the past are being called and offered the vaccine. Those of us who have not been to one of these facilities in the past are out of luck.</p> <p>Any information you can provide will be greatly appreciated.</p>	Pam Brown	1679 Bayhill Drive	Oldsmar / unincorporated count	34677	727-483-3783	pambrown@gmail.com	2021-01-13 13:18:05
51	Face mask ordinance renewal	<p>As a Largo resident, I think this is a ridiculous waste of time that this has to be discussed every week or two. This ordinance needs to be in effect indefinitely! At a minimum, 30 days at a time is not too much to ask for.</p> <p>At the moment, our Covid numbers are going nowhere but up as we approach our busiest tourism season. That this even has to be reviewed again as soon as this week is just a waste of everyone's time and resources that would be better used by enforcing the ordinance and helping organize vaccinations for our citizens.</p>	Pamela Bickett	829 13th Ave SW	Largo	33770		alle1@msn.com	2021-01-13 12:43:00
52	CDRM Contract a Big Mistake	<p>The Hillsborough roll out of this company's website and phone system was a disaster. System crashed multiple times and phones always busy. Their posting of incorrect times to pre-register and sign up for appointments was unacceptable. The company failed and stressed out thousands who held on phone lines for hours and then got a message - goodnight about 6:45 pm! Let's cancel before the contract service goes into effect. Make the process simple and open up administration of the vaccine by all providers at health dept and vaccine sites that you can wait in your cars as other counties have done. Technology doesn't work for this process.</p>	James r Petty	2460 whitman street	CLEARWATER	33765	7275426789	james.petty1@yahoo.com	2021-01-13 10:45:03
53	Vaccine rollout	<p>You r doing a bad job.. other county's are doing better not having vaccine is not the problem. Read other county's health sites. Put facts out don't blame others every county employee should be working on this. Should I just register in another county that's what some of my neighbors have done</p>	David Gavenda	2700 cove cay dr,	Clearwater Fl	33760	813-927-0183	dgavenda@tampa.bay.com	2021-01-13 09:01:14
54	vaccine	<p>This roll out in the state has been awful even though we are supposed to be one of the best in the country.</p> <p>This is why we need people that have been in business as our government workers. All across the country the lack of thought and unintended consequences has been absolutely awful. If these places were running a business they would all be out of business. Since playing with the voters money I guess it doesn't matter.</p> <p>We have been trying in several counties to get on wait lists and today to register in Hillsborough. Their program today was better than the last one. My husband got an appointment and I did not. They did not have in that program what is often the case that two people are together for driving etc etc. Many programs are having where you can have the partner/wife/ caregiver if in the same age getting vaccines to register at one time so both can be done at one time.</p> <p>Now he gets his and I have to continue to fight for one. We have spent at least 20 hours dialing, on hold, searching out county health departments to go to between Hillsborough, Pinellas, Citrus, Pasco, sarasota, manatee, lee county , hardee, orange, Polk, Kajem Citrus, Desota, Hernando, highlands, lake, and .sumter.</p> <p>The program in Hillsborough still dumb in that every time you tried for a different location for the appointment you had to start all over which made me miss. They had in the program that my husband could not use the same computer that he made his on. Luckily we had another one on. I was picking up 3 grand kids at school and was working on my iPad during the time that opened for us I parked at the school an hour early so was on at 2 nothing.</p> <p>My husband and i then both tried at the 5:00 p.m. and he got one and I did not. I again was working in the car doing the Swimming team with one of the kids. We help with the three grand boys ages 9-6and 2. But my daughter says get anything you can and she will take the day off to do the kid run.</p> <p>She has been trying also to get appointments for us. So we have three people that now between have</p>	linda and Tim tyler	17 bellevue dr	treasure island	33706	7277449900	eaglessoc@aol.com	2021-01-12 22:53:23
55	Covid 19	<p>It has been days since we have heard anything about Covid 19 vaccines in Pinellas County. I have seen reports and stories from many other surrounding counties but nothing from Pinellas. What is going on? Do you not have any idea at all about a plan here in Pinellas? What happen to communicating to your constituents? How did a prominent county like ours get this so wrong? People are dying and others have given up so much of a normal life. Please do something</p>	Mike Eccles	1631 Patricia Ave	Dunedin	3498		mecclles_99@yahoo.com	2021-01-12 21:24:24

57	Horrible LOCAL Response to Covid Vaccine Roll-out	I will be 80 years old in March of this year and have some pre-existing conditions. Naturally, I've was pleased to hear about the vaccine roll-out in December. What a disappointment this has been. Each of you should go to the Pinellas County Health Dept website. You will find that as of this evening (1/12/2021) the last announcement si 12-31-2020 stating that there would be no more registrations for the vaccine. No updates, not anything more after Dec. 31! This is an inexcusable affront to the more than quarter million senior citizens in this County. I realize that the State of Florida/Governor De Santis have oversight or perhaps control of the distribution, and apparently the County health dept. At the least, however, I feel you owe it to your constituents in this county to demand some clear answers from the state and that they update the website right away. This is a life and death matter. Isn't the first obligation of government to protect its citizens?	Tony Branch	2522 Corinne Ct., Apt. C	St Petersburg	33712	(727)460-7887	tony1branch@aol.com	2021-01-12 17:59:38
58	Covid-19 vaccination program	Mr. Eggers, I am thoroughly dismayed by the absolute botched Covid vaccination registration in Pinellas County. The apparent lack of a coordinated, functional plan for registration and administration is a black mark for you, the Commission and Public Health Department. When can I expect to see a more coherent plan for registration and administration of the Covid vaccine. If Polk, Hillsborough, Manatee and Sarasota can be out in front of this process, why is Pinellas lagging so far behind? Not only is the lack of a coherent plan a threat to health and safety, it is a dereliction of duty to Pinellas citizens. While I voted for you in the last election, you can be sure you will have to double your effort on the vaccine program before I consider voting for you again.	Robert Sherman	300 Old Oak Circle	Palm Harbor	34683	7277725687	rsherman_palm@msn.com	2021-01-12 17:38:43
59	Coronavirus vaccine	The information on this website and the Health Department website is totally inadequate. You need to put the latest status of vaccine distribution in the County front and center, and update it daily, even if it's only to say "we can't get any information from the State." Also, the registration for the shots needs to be happening NOW so that we have some idea when to expect availability.	BARRY LUPIANI	2625 State Road 590 2213	Clearwater	33759	7276675554	bd_lupiani@yahoo.com	2021-01-12 15:46:39
60	2nd Request - More info & Update od Pinellas County Health Site - Vaccinations	Good afternoon, You Health Department Site is closed... No new info. Nothing on Publix, Walgreens, CVS, or drive-thrus... You should update each day with info like its a hurricane... What is the status of more vaccines coming? Thank you. 65 plus retiree	Eric Meserve	PO Box 41443	St. Petersburg	33743	7273797947	Waterview5@msn.com	2021-01-12 14:44:23
61	Vaccine Rollout	As Pinellas county residents and tax payers since 1991 we are very disappointed with the planning. From the beginning you should have anticipated the volume due to the over 65 population and not rolled it out until you were prepared. Need to partner with private industry such as pharmacies, clinics and hospitals. F'n get it done!	Michael Cook	3383 Misty Pond Court	Tarpon Springs	34688		mmcook141@gmail.com	2021-01-12 14:35:41
62	COVID Vaccinations Halted	Vaccinations halted. There is not even a reservation system in place. Not even a number to call. Not even a system to alert citizens when vaccinations will be available if ever! Why do I need to contact you for information? Hillsboro County, Orange County, I don't know about others are not abandoning their constituents. They are receiving Vaccines and distributing them now. What are our commissioners doing to resume COVID 19 vaccinations?	Eugene Ouellette	10002 Key Haven Rd	Seminole	33777	9542421353	gedette@hotmail.com	2021-01-12 11:59:04
63	Covid vaccination registration	Why do news stories have information of covid vaccination programs ongoing in nearby counties ? Why isn't Pinellas getting its share of vaccine? Why is there talk about releasing second shot vaccines when so many seniors with health issues are unable to even make an appointment? Why can't a register be started now, instead of waiting for a new shipment of vaccine? I have received the boiler plate responses from the Dept of Health, but being told to be patient is wearing a little thin. I recognize that this is a complicated political issue but wish we could get some real answers.	Kathleen Jamison	1572 Hill Drive	Largo	33770	17279537907	kathleenjamison@hotmail.com	2021-01-12 11:28:41
64	COVID Vaccinations - Pinellas County	Greetings, As a lifelong citizen of Pinellas County, I am embarrassed by Pinellas County's vaccination efforts. While neighboring counties all have plans, all I hear from Pinellas County is "we are working on it" . As someone that is immunosuppressed I have a keen interest in the county's vaccination program. In addition, my 83 year old Mother-in-law has tried to get information from the county for days and can't find out anything. How often do you, as public servants have the opportunity to save lives? This is your chance to be a hero and it seems the county is dropping the ball. Open up large scale drive through vaccination sites. Get the vaccine in peoples arms. THIS MAY BE THE MOST IMPORTANT THING YOU WILL DO IN YOUR CAREER!!!	Kevin W Korth	340 70th Avenue	St Pete Beach	33706	727-417-6956	kwk367@gmail.com	2021-01-12 10:48:27

1/21/2021	727-647-0896	People over 100 should register first	People over 100 should be able to register first, then 75 and older and so on. Don't just throw it out there for people 65 and older. It is impossible and takes too long to try and register when everyone 65 and older are trying. You all should of staggered doing the oldest first and going backwards	Gary	Williams			
1/19/2021	727-599-1146	Never received Text about new vaccinations	Ms. Brown was not happy because she signed up for alerts about the vaccine and did not receive an alert and missed signing up. She is mad and it is ridic7ulous					
1/19/2020	727-488-2192	Cares Check	She received a cares check for daycare and lost it. Then found it and tried to deposit but it wouldn't go	Barbara	Streeter	sjo spoke to her and gave her the 453-7200 to talk to them about reissuing a check		
1/18/2020	727-447-8468	Vaccine & Masks	He believes consideration or adjustments need to be made to the mask wearing for people who can prove they received a vaccine. He believes people who receive the vaccine should not have to wear a mask. That will make it more appealing to the younger folks if they know that if they get a vaccine they won't have to wear a mask. The county needs to be reasonable.	Steven	Gulasey			
1/15/2021	857-251-3867	Vaccine	She lives in Boston and is looking for answers for her two parents that live down here.	Kathleen	Phillips	sjo- called her back and gaver her information, link to the website for vaccine info	Boston	
1/12/2021	727-688-1528	Covid Information	Mr. Bench called back after my voicemail and said Pinellas should be getting inforamtion out better and that he wanted to file a complaint against the BCC and WANTS TO TALK TO A COMMISSIONER. He was upset and very loud. He does not have a computer and should not have to. Why aren't the commissioners pressuring the Governor. How can the other surrounding counties have vaccines and PC doesn't. Why is there nothing on TV about Pinellas County
