Dear Commissioner Gerard,

Thank you and the entire Board of County Commissioner for facilitating the generous Pinellas CARES grant of \$10,000 (Check #258288) to support Girls Inc. of Pinellas! Your support makes it possible for more girls to believe in themselves, to excel in school, and to grow up to be leaders of tomorrow. Because of you, girls are on the path toward overcoming the many barriers they face in today's world. From the life-changing mentoring programs to hands-on STEAM enrichment classes, your gift is turning self-doubt into confidence, struggle into success, and fear into determination *every day*.

At Girls Inc. our mission is to inspire ALL girls to be Strong, Smart and Bold! We provide before school, after-school, spring break and summer camp programs to girls ages 5 – 18. We serve girls from various backgrounds, socio-economic statuses, races and ethnicities.

Our goal for each girl that walks through our doors is to open her mind to infinite possibilities and unlimited potential. Girls Inc is the place for girls to explore who they can become, as they discover who they truly are.

Together, we are positively impacting young girls' lives and helping them build a better future.

For the girls,

Darla Otey
Executive Director

Pat,
Girls Inc is lucky
to be a part of a great
community that provides
ongoing support.
Warm,
Darla
