Topic Local State of Emergency

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

We're no longer in a state of emergency! Statistics don't support it, and it's time to be influenced by facts, not media/agenda-based fear. As a front line healthcare worker, I can personally attest to this. Additionally, 9/9/2020, visitors are now allowed back into hospitals, and that speaks volumes. Personal Health Freedoms should never have been up for debate, especially with the lack of scientific evidence to support the many liberties taken away during this pandemic. Please allow us citizens to have hope that there will be an end to this fear mongering and power struggle. The world will always have viruses and diseases to combat. Masks should be a personal health freedom choice, not a mandate. What is the magic numbers or events that have to take place to end this order? We are owed that much as tax-paying, law-abiding citizens. Thank you for your consideration on my opinions and observations.

Topic Mandatory Mask Ordinance

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

I strongly oppose the mask ordinance. Who would've ever believed that simply breaking fresh air in public would be thought of as selfish and considered a crime?! Yet here we are. Masks can be incredibly triggering for trauma survivors, people who have panic attacks/ anxiety, people with hearing disabilities, people with autism and people with airway restrictions. These same people are being forced to wear masks or risk being discriminated against, bullied, harassed and even refused service even though the ordinance clearly states and allows for medical exemptions. Please be kind to others.

I stand for medical freedom and forcing our entire county to wear a medical device covering our face is unacceptable and unconstitutional! What is the end game to end this ordinance? What metrics are being used? What specific numbers/ data are we looking for to remove the ordinance? Forcefully masking, testing, separating and quarantining healthy people is not only damaging to their physical and psychological health, it is also a human rights violation and a crime. End the ordinance and make it optional immediately- those who choose to wear a mask can continue to do so but it MUST remain a choice!

Topic	State of Emergency/Mask Mandate
BCC Agenda Date	9-10-2020
Your Stand on the Issue	Oppose
Comments	I oppose the COVID-19 restrictions, if you look at our community, people are not practicing social distancing, cloth mask do not work and if/when wore they're not worn properly. Several major corporations are not enforcing mask requirements, nor does the county have the ability to enforce every mask infraction. At the end of the day, these restrictions are more of burden/hindrance on our community than a benefit to our health and safety.

Topic	State of Emergency/Mask mandates
BCC Agenda Date	9-10-2020
Your Stand on the Issue	Oppose
Comments	I hereby oppose the continued mandates for any type of mask requirement for citizens at any business or gathering, indoors or outside. Masks provide no protection from the transmission of viruses and prolonged wearing of face covering can be detrimental to one's health. Please, rescind this order as some people cannot wear masks because of medical conditions or have psychological issues that make wearing them traumatic.

Topic	Revoke emergency order and mask mandate
BCC Agenda Date	9-10-2020
Your Stand on the Issue	Undecided
Comments	Pinellas county commissioners based on the numbers in the state of Florida and in our county we have met and exceeded the standards that were put forward at the very beginning. Please stop the nonsense and follow the science. And I apologize but not the science of those who you follow but the real science. If there was a pandemic we will be dropping like flies. Protect the elderly and the vulnerable and at the very least make it an option for those who would like to wear the mask. Because if the mask works then why are you bothered that I don't have one.

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

### Comments

A mandatory mask mandate is not necessary to continue. Masks have been proven NOT to work and they cause other health issues. I personally, suffer from anxiety attacks from PTSD of being abused by a past domestic partner. My ex used to cover my mouth and nose, as a form to stifle my breathing. Having ANYTHING across my face causes anxiety attacks. I also suffer from asthma. Wearing a mask has caused numerous asthma attacks due to the lack of oxygen I am getting. Even with an inhaler, I am being denied service from retail establishments because I cannot medically wear a mask. I have been verbally and physically attacked for not wearing a mask by people within the stores. I have been isolated and afraid to go out to even get necessities. I shouldn't be afraid to live my life because of an unnecessary mask mandate that has a "one size fits all" attitude. It doesn't. The wearing of a mask should be left to the INDIVIDUAL...NOT THE GOVERNMENT!

Topic Mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments As a lifetime citizen of Pinellas County, I feel the imposed mask mandate infringes on my rights as a citizen. I am asking that the mandate be changed to optional. The spike is declining, the hospitals are not taxed and we need to stop this madness that is keeping our citizens from making their own personal decisions.

Topic	Mask Mandate/ State of Emergency
BCC Agenda Date	9-9-2020
Your Stand on the Issue	Oppose
Comments	Revoke mask mandate. Lift state of emergency immediately. You serve at the pleasure of your constituents; these mandates are outside of your authority. You allow this to stand knowing it is illegal and not in your scope to mandate a medical device or prescription. Legal action may be taken against you as you KNOW you're outside of your authority yet continue to force this on the people you represent as an experiment. We are getting sick from the masks!!!

Topic Mask Mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments I do not support a mandatory mask mandate. It is my body, and my choice of whether I want to wear a mask or not! And it should be the choice of the PEOPLE. Remember who voted you in.

Comments	Please provide your measurable criteria that will be used to remove the mask mandate. Based on the new "Rise and Shine, Spread Out, Mask up campaign and the expense spent on the new signage and wrapping of county buses, it is evident that most of the commissioners are planning on the mask mandate carrying far into the future. I am only one vote, but there are many other RESIDENTS (not the tourists you are catering to) that feel the same.

Topic State if Emergency mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

As a Pinellas county resident I ask you remove the mask mandate. I suffer from asthma and anxiety and I am touching my mouth and face more with this mask on then before. I am secretly pulling it down in public in isles no one is in so I can breath. I have tried multiple masks but the panic I have with someone covering my mouth is making things worse for me. My 12 year old son has sensory processing and will not keep it on, the mask is always in his mouth sucking on it so we chose the virtual option for school and it is ridiculous, he ended last year with honor roll and this year he has all F's. I have totally given up on him for school because the online option is terrible but refuse to send him to wear a mask all day and get yelled at if he lets it fall down. Many other parents kept their kids home just because of the mask mandate. You are causing the dumbing down of Pinellas students and making people less friendly in the county because they are all miserable in the mask. Enough of this already. Start listening to the residents because we are joining up together online and meeting more and more people who are now paying attention to what you commissioners do. Start listening to us and not the same old crabby people who have always called in every week. Many new people paying attention this election year and it is time we are heard.

Comments	<p>Study showing asymptomatic carriers are not spreaders: <a href="https://www.acpjournals.org/doi/10.7326/M20-2671">https://www.acpjournals.org/doi/10.7326/M20-2671</a> We need an end date. Last meeting concern was expressed over a spike after Labor Day. We have Halloween next month, then Thanksgiving, Christmas and New Year's, and then Jan-Feb when flu season is the worst. Are we wearing masks until March of next year because there might be spikes after every holiday? We need a realistic metric. This virus isn't going anywhere and evidence continues to show mitigation efforts don't make a significant difference. It's turned into a false sense of security for people who don't keep up with current scientific literature while breeding civil unrest and animosity between citizens.</p>

### Comments

As a citizen of Pinellas County, I respectfully request that Ordinance 24-10 (mask mandate) be immediately revoked. Additionally, please end the state of emergency, as we are no longer receiving the associated federal funding. Also, The county-wide Rise to Shine safety campaign is an absolutely ridiculous waste of tax money. You actually spent bed tax money wrapping city busses, signs, flags and sent the message that “masks are here to stay” for a virus that is less deadly than the flu with fraudulent reporting and faulty testing. The pictures show a person kayaking ALONE with a mask on. A small child on a paddle board with a mask on. People playing on the beach with masks on. You have signs/flags that say “mask up” on the beach. Your response on Facebook was that people aren’t supposed to take it literally, why would you spend all that money on advertisements that people aren’t supposed to take literally? You spent lots of money on a mask campaign to promote our county as a “masked destination”. What are you going to do when people and kids start having heat strokes from sitting and playing on the beach in the 100 degree weather not being able to breathe with a sweaty sandy mask on? And what’s the plan for all the mask pollution that will fill our waters and beaches? The mask mandate needs to be abolished.

Comments	This ordinance should be lifted, the positivity rate in Pinellas is under 3%, the percentage of hospital beds occupied by Covid patients is under 3%. If the ordinance is not lifted, the commissioners owe the public a well documented plan for what metrics are required to remove the ordinance. The public have been asking for this plan for weeks.

Topic Ordinance 24-10 and State of Emergency  
BCC Agenda Date 9-10-2020  
Your Stand on the Issue Oppose

As a Pinellas County citizen I am writing to ask that the mask ordinance 24-10 be revoked and that we stop declaring a state of emergency as federal funding has been cut or discontinued. Hospitals have been off of divert for a few weeks now. Covid bed units are being minimized or shut down completely. Even with positive cases there has not been an increase in hospitalizations. Masks ordinances should be up to the individual business if need be. Otherwise, the individual citizen should have the right to decide what is best for themselves and their family. I also request that you look into revoking/suspending the ordinance that shut down bars who only serve alcohol on premise. Covid does not know if you are drinking at a bar versus drinking at a restaurant. You can become intoxicated at both. You can go to a restaurant and only order alcohol without food. If anything, you should only be making sure that the bar has enough seating with social distancing standards inside to accommodate their max allowances. This is highly ridiculous to feel that people are safer from a virus if they do not go to a bar, but it is okay to attend schools, churches, restaurants, and grocery stores.

John Chesnut park complaint about Upper Pinellas  
Bootcamp for Women

BCC Agenda Date

9-10-2020

Your Stand on the Issue

Comments

My comments are in response to the small vocal group that opposes the Bootcamp exercising at the park. I have been exercising with this group for 9 years and never have I encountered such opposition to a group trying to be healthy, especially during a pandemic. I have two risk factors that would make contracting covid a serious health crisis that I may not recover from. Exercising in a gym is not an option for me. This Bootcamp is no larger than other groups convening at the park such as birthday parties, family reunions, school functions or corporate events, many of which play music and litter. (I have picked up litter left by these groups.) The music has been turned off as requested. The roadways are not obstructed. We do not litter. How does this Bootcamp, which operates with a permit and includes taxpaying citizens, impinge on the freedoms of others using the park?

Topic Face Mask Mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

It is time to rescind the State of Emergency for Pinellas County and the mask mandate. YOU are making medical decisions for people that you have no authority to do so. You are making healthy people wear masks. THAT is despicable. Make the mask optional. You represent us, we are not your servants. Enough is enough. THIS is a highly survivable virus. Stop acting as if the majority that are infected, die. It has an over 99% survival rate. ENOUGH!!!!!!

As a permanent resident of this county, I say enough! There is a multitude of evidence the masks are ineffective. They purposefully isolate people who want their freedom of choice and those with medical and mental conditions in fear of verbal and physical assault. Stop ignoring that this is detrimentally affecting those with mental illness! The beach campaign is the final straw. We the people voted you all in and we can surely vote you all out. Start talking about facts, like the fact the CDC has admitted to fraudulent reporting of covid cases which has grossly exaggerated the impact. The movement to not wear masks is growing everyday. We have had enough.

Topic State of Emergency

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

The majority of mask/virus pushers are social justice warriors and attention seekers. The majority of anti-maskers are critical thinkers and patriots. Anti-maskers: Know there is a virus and understand the risk. Wish to protect the vulnerable elderly in nursing homes, and hope the elderly outside the nursing homes with preexisting conditions take extra precautions to stay safe, from this virus and the flu and ANY virus that compromises their life. Know the numbers are useless, because: the tests are new and inaccurate. The positive result on 50-80% of tests are false positives (yes, it was "scientifically" determined, not just an opinion...even the CDC says you can test positive for the Wuhan Virus if you've recently had a common cold). Simple example~77 NFL players from across the entire country just tested positive...ALL 77 players took two additional tests and ALL positives were determined to be FALSE positives. Know cloth and polyester masks (the vast majority of what folks are wearing) do nothing to filter out a virus. Know, even if the masks slightly worked, would require discipline to be effective (not touching mask/mask properly sealed around clean shaven face, etc.) We see people with masks touching gas pumps, things in Walmart, etc., that hundreds of other people have touched, then reach up and adjust their mask (bringing whatever is on whatever they touched right to their nose/mouth/eyes), then reach back down and touch that pump, etc., again (spreading whatever they coughed or spit or exhaled onto their mask right down to whatever they're touching). It's ridiculous and quite embarrassing to think the mask mandates work. If anything, they are keeping people sick and spreading MUCH more than just the Wuhan Virus. Follow the science. Yep, nice try but we've done our research beyond what the news and the government wants us to hear. We know there is NO scientific proof the mask you bought at Walgreens stops the spread of any virus, there's just an opinion that it "may." The science says (along with some common sense) that 65+ year old folks with

medical conditions like heart disease and diabetes are no more likely to survive the flu than survive the Wuhan Virus. Oh yeah, and scientists are proven wrong, a lot. By the way, your microbiology class you took as an elective for your sociology degree doesn't make you more of an expert on the Wuhan Virus than the person that went to community college for welding, so don't even try...and if you are pushing a CLOTH MASK while backing up your opinion with a medical degree or classwork that didn't lead to an MD or PhD in VIROLOGY, then you are solidifying my point that the person with a welding certificate is not necessarily any less knowledgeable than you are when it comes to the Wuhan Virus and the useless mask mandate. There is no emergency, there has not been an emergency, and there is DEFINITELY no reason to mandate citizens to wear a mask.

The mask mandate needs to go. Pinellas county residents need to be in control of their own health. If people choose to wear a mask to protect themselves then that is fine, however there is NO EVIDENCE that “me wearing a mask for you” works. As a small business owner who’s ONLY income comes from my store, I began to see hope when we reopened in June- however- the minute masks we mandated- people became fearful to leave their homes again and weddings and vacations were canceled by people who had planned to come here. Small businesses have received VERY LITTLE help although we are now struggling with 6 months of destruction largely brought on by this commission and its mandates. Small businesses are the backbones of our communities and do more than any large stores ever will. We are already expected to function at limited capacity with social distancing in mind and masks certainly detour some in our community from coming back out. Families like mine (we have 4 children) are the collateral damage for your politics. I will not sit back and stay silent any longer. Please do the right thing and end MANDATED MASKS.

### Comments

Last week Governor DeSantis visited St. Petersburg for a round table on reopening bars. During that round table he addressed the closing of beaches. Here is his direct quote: "It should be said closing beaches is not an evidence-based decision, there was a huge hysteria about this in March. It was not evidence-based, it was hysteria-based to close beaches. We never did that statewide in Florida. We gave communities the option to keep them running and the places that did that had no discernible difference on the epidemic. It is not a driver of respiratory virus when you're on a sandy beach with the sun beating down on you in 90° weather. That's just reality. So I think going forward people have understood that a bit better, hopefully." As county Commissioners I am asking you to understand that closing our beaches was hysteria based and the Rise to Shine campaign is perpetuating that hysteria based fear of contracting the virus still. The county spent our tax money wrapping city buses pictures showing a person kayaking ALONE with a mask on. A small child on a paddle board with a mask on. This goes against what the Governor said and what the science says. The activities being advertised can be done at a distance and do not require masks for protection! You can not contract the virus alone on a kayak in the Gulf of Mexico! This campaign is perpetuating the fear that is plaguing so many in our community. The mask mandate along with this campaign need to be revised. However, we now know that the county spent a great deal of money on a mask campaign to promote our county as a "masked destination". If someone wants to wear a mask to protect themselves that is their choice. If a business wants to mandate it, so be it. Please listen to the Governor, science and use common sense! Please end the mask mandate, state of emergency and please revise this fear perpetuating Rise to Shine campaign.

Topic County wide mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

This mandate violates our personal freedoms by requiring a medical intervention - e.g. a mask - without the informed consent of any of your constituents. There are approximately 975,000 people living in the county and there have been 678 deaths which is .06953846% of the population. There is no epidemic here or pandemic and one could argue there never was. There has been flagrant disregard and abuses of people's rights with regard to the exemptions of the mask mandate. Stores and restaurants have been illegally refusing service and harassing customers bc they don't understand the mandate or apply it incorrectly. I was told I had to wear a mask in my UPS store when there were less than 10 ppl & I informed them of this exemption. They don't care. They are scared of retaliation from police and municipalities and instead violate personal liberties of customers instead who have little recourse other than social media. The mask mandate must end. NOW

Topic mask ordinance local state of emergency

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

The county-wide Rise to Shine safety campaign is an absolutely ridiculous waste of tax money. You actually spent bed tax money wrapping city busses and sent the message that “masks are here to stay” for a virus that is less deadly than the flu with fraudulent reporting and faulty testing. The pictures shows a person kayaking ALONE with a mask on. A small child on a paddle board with a mask on. Are you kidding me? The mask mandate needs to be abolished. You have not given any criteria as to what it takes to remove it. Now we know why.

Comments Because, there in the pictures was Pat Gerard promoting this campaign. We know now that you spent lots of money on a mask campaign to promote our county as a “masked destination”. Why on earth would you put a timeline on what we as citizens should expect when you knew you were going to be rolling out the mask wrapped bus and all your fancy flags and signs and postcards? We will not live fearful in masks any longer. This sham has gone on long enough. If someone wants to wear a mask to protect themselves. So be it. If a business wants to mandate it, so be it. I have a choice and I have made mine. I will fight for my rights. This propaganda agenda makes me sick.

Topic Mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments  
Please lift the mask mandate. Our county is doing well. And has been. Last week you said you will probably keep them through flu season? That is way to long. I'm not sure what your agenda is but this isn't politics... why are you mandating healthy people wear a mask? I am healthy. If you make it optional the people who need to wear a mask can wear one. People don't need to wear them outside and I see it everyday! Please lift the mandate. I know why your doing it bc if we stay in a state of emergency you all can mandate the vaccine when it's ready. I am not sure how you fools sleep at night... but be sure to know your getting voted out of there... you can't even give us a plan as to what needs to happen to remove the masks...it's a power play for you all... and wasting the cities money to wrap the busses? That could have been used better somewhere else. We see what your doing and we are going to vote all of you out of there...stop fear mongering people... we have to move on we're not going to stop the virus it's a virus... the whole shutdown was to keep the hospitals under control... they are UNDER CONTROL! Then you keep dangling another shutdown over us in every meeting.... get rid of it and open everything back up.... stop throwing tour weight around...

Topic Mask ordinance

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

I urge the commission to end the mask mandate in Pinellas County. People can feel free to make whatever decision they want personally, but the risks no longer warrant this ordinance, as the hospitalization and death rate as tiny and hospitals are not close to being overwhelmed. This ordinance is causing customers to shop less, hurting small business owners like me.

Topic Mask mandate

BCC Agenda Date 9-10-2020

Your Stand on the Issue Oppose

Comments

I do not support the mask mandate. Healthy people should not be massed. Before Covid if someone was at risk say from an illness or receiving chemo so their white blood cell count was down they would wear a mask and take precautions. Why has this changed for Covid-19? My son does not receive mask breaks or lunch at school because of this, but the teachers have both mask breaks and lunch. He comes home with headaches daily because of wearing a mask all day. This needs to end. We need our basic right for freedom of Healthcare choices reinstated.
