SUBJECT: MSTU Funding Proposal for East Lake Recreation

I am proposing that we fund the attached funding request from East Lake Recreation to include:

Two shade structures and bleachers to be installed at The Meadows fields: \$20,000

I plan to bring this request up at the Tuesday, 4/9th BCC meeting under County Commission New Business.

P H C S A

Palm Harbor Community Services Agency, Inc.

March 20, 2019

Dear Honorable Commissioner Seel,

We thank you once again for your support of the MSTU funding for 2018. Throughout the four entities (CSA Palm Harbor, East Lake Community Library, East Lake Recreation and Palm Harbor Library), services have been improved with enhanced facilities. CSA expended \$20,000 for flooring replacement at the Centre, East Lake Library expended \$12,000 in furnishings for its new expanded Community Room, East Lake Recreation expended \$11,000 for a water fountain/filling station at the "Meadows" and Palm Harbor Library expended \$10,000 for public and office equipment. We now respectfully request MSTU funding for 2019.

On behalf of the four PHCSA Directors, listed below are this year's capital project requests:

1) CSA Palm Harbor- Acoustical Upgrade \$19,400

There is a need to address the acoustical issues at Harbor Hall which were raised by the County's Real Estate Management Department. This heavily used venue's sound upgrade will require the installation of acoustic wall panels, acoustic ceiling panels, A/E designer fees and other miscellaneous expenses. See attachment for further details.

2) East Lake Community Library- Carpeting \$20,000

Funding for the recent renovation and expansion of the library did not include upgrading the entryway, the Adult Services Collection and Member Services Desk areas. The carpeting in each of these sections needs to be replaced. The cost includes removal of existing carpeting, remove and replace shelving and furniture on carpeted areas, installation of new carpeting and other miscellaneous fees. See attachment for further details.

3) East Lake Recreation- Shade Structures \$20,000

To provide better coverage from the elements and offer improved comfort for the many park attendees, two shade structures and bleachers will be installed at the "Meadows". See attachment for further details.

4) Palm Harbor Library- Library Vehicle \$20,000

The library wishes to broaden its outreach services. One means is to have its own library vehicle. It can function as a mobile technology center, a portable library at community fairs and events, visit schools,

assisted living facilities, recreation centers and other similar venues as well providing library materials to homebound residents. There is also the possibility of partnering with "Meals on Wheels". In addition, it will have the ability to transport up to eight staff members to conferences and meetings. See attachment for further details.

Thank you in advance for your consideration and support.

Sincerely,

Kelli Snow, Chairman

Re: FY '19 MSTU Grant Application Project for East Lake Recreation Sports Complex.

East Lake Recreation would like to be considered for FY' 19 MSTU grant funds to purchase and install two sets of bleachers and two shade structures for the Meadows Soccer Fields. There is currently no shaded areas or bleachers for fans to enjoy watching soccer games. This project will enhance the complex while adding comfort for our spectators and those visiting our facilities. We are asking for an amount of up to \$20,000 towards the project. I have attached the two best quotes for bleachers and shade structures for your review as well as a picture of what they would look like. Thank you for your consideration.

Sincerely,
