

PINELLAS COUNTY'S

GOLF CART COMMUNITY DESIGNATION PROGRAM

The Pinellas County Board of County Commissioners has designated certain neighborhoods as Golf Cart communities as a way to allow an alternative means of transportation within large neighborhoods and to limit the need of motor vehicle travel within a community, primarily for social events and neighborhood meetings.

The Bardmoor North Property Owner's Association (BNPOA) have discussed the desire of the community to allow golf cart travel and has formally asked the County for consideration of this request.

The County has completed the required safety study of the neighborhood per Florida Statutes and has determined that the roads within the neighborhood would be conducive to golf cart travel and has developed the attached plan for the neighborhood's consideration and endorsement. The plan identifies the boundary of the golf cart area.

There will be no cost to you if you endorse the proposed traffic plan that would designate the Bardmoor North Neighborhood area as a golf cart community.

Included in this package is the petition and the traffic signing plan that would be installed if the petition passes. Please review this information and complete the petition. The petitions can be returned to either one of the below locations where there are drop boxes in place:

Phil Day (BNPOA director/homeowner)
