Date/Time/Comments: Approval and execution by the County Administrator to the Medical Examiner and Forensic Laboratory Services Agreement to address the impacts of new requirements for processing sexual assault kits.

NOTES: In March 2016, the Florida Legislature enacted legislation to eliminate the DNA Backlog and mandate time frames that sexual assault kits must be processed. The Amendment allocates funding to the Medical Examiner to support the requirements imposed by the law. The proposed workload and material requirements include the training and staffing of a DNA Analyst, equipment, supplies and workspace remodeling at the Medical Examiner's Office.
