Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This item is for the recommended approval of award of bid to QRC Inc. for the annual water and reclaimed water repairs and extensions for FY 2024-2026.

Only one qualified bid received. This contract replaces the existing QRC agreement for water and reclaimed water repairs. Due to several large emergency repairs, the current contract has insufficient remaining funds.

Funding for this agreement is included in the FY25 Budget for Utilities. The agreement will be utilized by both operational repairs and capital improvement projects.

There is sufficient funding to approve this recommendation. Obligation of funding will occur when a Purchase Order is created and sourced to the agreement.
