14. Description of the Project

The project will be completed in three distinct phases. This award will be used by Pinellas County to improve the network screening, diagnosis, and countermeasure selection process for examining pre-crash, crash, and post-crash factors that contribute to the cause of crashes. ITS technology deployment will be implemented through several corridors in the County to evaluate crash conditions. Subsequently, these technologies can be used to predict collisions and provide an improved travel experience in addressing the county’s greatest transportation safety needs. The Demonstration activities include deploying detection hardware to analyze the crash conditions and additional technologies to improve emergency response time, condition warning alerts, signal retiming optimization, and more.

**GRANT AGREEMENT UNDER THE
FISCAL YEAR 2024 SAFE STREETS AND ROADS FOR ALL GRANT PROGRAM**

This agreement is between the United States Department of Transportation’s (the “USDOT”) Federal Highway Administration (the “FHWA”) and the County of Pinellas (the “Recipient”).

This agreement reflects the selection of the Recipient to receive a Safe Streets and Roads for All (“SS4A”) Grant for the Pinellas Advanced Technology for Traveler Information (PATTI).

The parties therefore agree to the following:

**ARTICLE 1
GENERAL TERMS AND CONDITIONS**

1.1 General Terms and Conditions.

- (a) In this agreement, “**General Terms and Conditions**” means the content of the document titled “General Terms and Conditions Under the Fiscal Year 2024 Safe Streets and Roads for All (“SS4A”) Grant Program,” dated November 4, 2025, which is available at <https://www.transportation.gov/grants/ss4a/grant-agreements> under “Fiscal Year 2024.” Articles 7–33 are in the General Terms and Conditions. The General Terms and Conditions are part of this agreement.
- (b) The Recipient acknowledges that it has knowledge of the General Terms and Conditions. Recipient also states that it is required to comply with all applicable Federal laws and regulations including, but not limited to, the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR part 200); National Environmental Policy Act (NEPA) (42 U.S.C. § 4321 et seq.); and Build America, Buy America Act (IIJA, div. G §§ 70901-27).
- (c) The Recipient acknowledges that the General Terms and Conditions impose obligations on the Recipient and that the Recipient’s non-compliance with the General Terms and Conditions may result in remedial action, termination of the SS4A Grant, disallowing costs incurred for the Project, requiring the Recipient to refund to the FHWA the SS4A Grant, and reporting the non-compliance in the Federal-government-wide integrity and performance system.

ARTICLE 3 SUMMARY PROJECT INFORMATION

3.1 Summary of Project's Statement of Work.

The Pinellas Advanced Technology for Traveler Information (PATTI) Project involves a comprehensive approach to identifying and addressing factors contributing to roadway crashes. The project will focus on network screening, diagnosis, and countermeasure selection processes to examine pre-crash, crash, and post-crash elements. Through the integration of advanced technologies, the study will monitor changes in intersection conflict points, collision severity, vehicle speeds, roadway visibility, incident detection, and emergency response times. These observations will help assess the impact of Artificial Intelligence (AI) and Intelligent Transportation Systems (ITS) in identifying incidents and enhancing roadway safety. The project will also include data collection during live demonstrations to evaluate safety benefits, enabling more effective application of technologies aligned with the Vision Zero Action Plan.

Planning and Demonstration Narrative:

The project will be completed in three phases.

Base Phase: Pre-NEPA:

Pre-NEPA activities include researching discrepancies in the crash reporting process within the State of Florida dealing with fatal crashes involving pedestrians and bicyclists that are under the influence. The team will analyze and document the crash reporting process to determine why the toxicology report findings in 2021 identified over 67% of pedestrian and bicycle fatalities being under the influence versus the statewide reporting system's (Signal 4) 16% rate of being under the influence. During this phase the project team will submit preliminary and final NEPA checklists, determine demonstration locations, potential treatments and countermeasures, preliminary design, and develop potential educational campaigns. The project will perform a pre-and post-evaluation of countermeasures and produce an evaluation report that will be used in developing a supplemental safety action plan to add to the existing Pinellas County Metropolitan Planning Organization's (Forward Pinellas) Vision Zero Action Plan. Implement educational campaigns and enforcement activities to determine the effectiveness of each strategy in reducing these types of fatal crashes.

Throughout this project, Pinellas County will coordinate with the Florida Department of Transportation, Pinellas County Sheriff's office, Community Traffic Safety Team, Florida Department of Health, and the Metropolitan Planning Organization, Forward Pinellas, to build upon the existing Vision Zero Action Plan to determine and demonstrate specific measures that will reduce the number of crashes and provide safety reduction measures for these technologies.

Option Phase 1: During the Design of Demonstration Activities - finalize design plans for the locations where demonstration projects will be installed.

Option Phase 2: Construction of Demonstration Activities - Will construct demonstration projects including various temporary physical infrastructure countermeasures including deploying detection hardware to analyze the crash conditions and additional technologies to improve emergency response time, condition warning alerts, signal retiming optimization, and more.

3.2 Project's Estimated Schedule.

Demonstration Activity Schedule

Milestone	Schedule Date
Planned NEPA Completion Date:	November 1, 2027
Planned Construction Substantial Completion and Open to Public Use Date:	December 1, 2029
Planned SS4A Final Report Date:	April 29, 2031

Supplemental Planning Schedule

Milestone	Schedule Date
Planned NEPA Completion Date:	November 1, 2026
Planned SS4A Final Report Date:	April 29, 2031

3.3 Project's Estimated Costs.

(a) Eligible Project Costs

Eligible Project Costs	
SS4A Grant Amount:	\$4,800,000
Other Federal Funds:	\$0
State Funds:	\$0
Local Funds:	\$1,200,000
In-Kind Match:	\$0
Other Funds:	\$0
Total Eligible Project Cost:	\$6,000,000

(b) Cost Classification Table – For Planning and Demonstration Grants with demonstration activities and Implementation Grants Only

Cost Classification	Total Costs	Non-SS4A Previously Incurred Costs	Eligible Costs
Architectural and engineering fees	\$2,200,000		\$2,200,000
Construction	\$2,800,000		\$2,800,000
Equipment	\$1,000,000		\$1,000,000
Project Total	\$6,000,000		\$6,000,000

(c) Indirect Costs

Indirect costs are allowable under this Agreement in accordance with 2 CFR part 200 and the Recipient's approved Budget Application. In the event the Recipient's indirect cost rate changes, the Recipient will notify FHWA of the planned adjustment and provide supporting documentation for such adjustment. This Indirect Cost provision does not operate to waive the limitations on Federal funding provided in this document. The Recipient's indirect costs are allowable only insofar as they do not cause the Recipient to exceed the total obligated funding.

USDOT ADMINISTRATIVE INFORMATION

5.1 Office for Subaward and Contract Authorization.

USDOT Office for Subaward and Contract Authorization: FHWA Office of Competitive Grants and Workforce Programs (HACG)

SUBAWARDS AND CONTRACTS APPROVAL

Note: See 2 CFR § 200.331, Subrecipient and contractor determinations, for definitions of subrecipient (who is awarded a subaward) versus contractor (who is awarded a contract).

Note: Recipients with a procurement system deemed approved and accepted by the Government or by the Agreement Officer (the “AO”) are exempt from the requirements of this clause. See 2 CFR 200.317 through 200.327.

In accordance with 2 CFR 200.308(f)(6), the recipient or subrecipient shall obtain prior written approval from the USDOT agreement officer for the subaward, if the subaward activities were not proposed in the application or approved in the Federal award. This provision is in accordance with 2 CFR 200.308 (f) (6) and does not apply to procurement transactions for goods and services. Approval will be issued through written notification from the AO or a formal amendment to the Agreement.

The following subawards and contracts are currently approved under the Agreement by the AO. This list does not include supplies, material, equipment, or general support services which are exempt from the pre-approval requirements of this clause.

5.2 Reimbursement Requests

- (a) The Recipient may request reimbursement of costs incurred within the budget period of this agreement if those costs do not exceed the amount of funds obligated and are allowable under the applicable cost provisions of 2 C.F.R. Part 200, Subpart E. The Recipient shall not request reimbursement more frequently than monthly.
- (b) The Recipient shall use the DELPHI iSupplier System to submit requests for reimbursement to the payment office. When requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit supporting cost detail with the SF-270 (Request for Advance or Reimbursement) or SF-271 (Outlay Report and Request for Reimbursement for Construction Programs) to clearly document all costs incurred.
- (c) The Recipient’s supporting cost detail shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, travel, etc., and the Recipient shall identify the Federal share and the Recipient’s share of costs. If the Recipient does not provide sufficient detail in a request for reimbursement, the Agreement Officer’s Representative (the “AOR”) may withhold processing that request until the Recipient provides sufficient detail.
- (d) The USDOT shall not reimburse costs unless the AOR reviews and approves the costs to ensure that progress on this agreement is sufficient to substantiate payment.
- (e) In the rare instance the Recipient is unable to receive electronic funds transfers (EFT), payment by EFT would impose a hardship on the Recipient because of their inability to manage an account at a financial institution, and/or the Recipient is unable to use the DELPHI iSupplier System to submit their requests for disbursement, the FHWA may waive the requirement that the Recipient use the DELPHI iSupplier System. The Recipient shall contact the Division Office Lead Point of Contact for instructions on and requirements related to pursuing a waiver.

- (f) The requirements set forth in these terms and conditions supersede previous financial invoicing requirements for Recipients.

ARTICLE 6 SPECIAL GRANT TERMS

- 6.1.** SS4A funds must be expended within five years after the grant agreement is executed and DOT obligates the funds, which is the budget period end date in section 10.3 of the Terms and Conditions and section 2.4 in this agreement.
- 6.2.** The Recipient demonstrates compliance with civil rights obligations and nondiscrimination laws, including Titles VI of the Civil Rights Act of 1964, the Americans with Disabilities Act (ADA), and Section 504 of the Rehabilitation Act, and accompanying regulations. Recipients of Federal transportation funding will also be required to comply fully with regulations and guidance for the ADA, Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, and all other civil rights requirements.
- 6.3.** SS4A Funds will be allocated to the Recipient and made available to the Recipient in accordance with FHWA procedures.
- 6.4.** The Recipient of a Planning and Demonstration Grant acknowledges that the Supplemental Action Plan will be made publicly available and agrees that it will publish the final Supplemental Action Plan on a publicly available website.
- 6.5.** The Recipient of a Planning and Demonstration Grant that involves a demonstration activity agrees to provide an assessment of each demonstration activity and update the existing Action Plan, which will incorporate the information gathered in the Action Plan's list of projects or strategies and/or inform another part of the existing Action Plan. The Recipient also agrees that demonstration activities are temporary in nature and must be removed and/or ended following the conclusion of the project if the assessment of the demonstration activities does not affirm that the activities provide safety benefits.
- 6.6.** The Recipient acknowledges that it is required to conduct certain environmental analyses and to prepare and submit to FHWA, or State with applicable NEPA Assignment authority, documents required under NEPA, and other applicable environmental statutes and regulations before the Government will obligate funds for Option Phase 1 under this agreement and provide the Recipient with a written notice to proceed with Option Phase 1.
- 6.7.** The Government's execution of this agreement does not in any way constitute pre-approval or waiver of any of the regulations imposed upon Recipient under the applicable Federal rules, regulations and laws regarding SS4A projects undertaken in accordance with the terms and conditions of this agreement. The Recipient shall comply with all applicable Federal requirements before incurring any costs under this agreement.
- 6.8.** There are no other special grant requirements.

CHANGES FROM APPLICATION**

Describe all material differences between the scope, schedule, and budget described in the application and the scope, schedule, and budget described in Article 3. The purpose of Attachment B is to clearly and accurately document any differences in scope, schedule, and budget to establish the parties’ knowledge and acceptance of those differences. See Article 11 for the Statement of Work, Schedule, and Budget Changes. If there are no changes, please insert “N/A” after “Scope,” “Schedule,” or “Budget.” If there are changes to the budget, please complete the table below. Otherwise, leave the table below blank.

Scope: The number of locations were reduced from 78 to 30 because the awarded amount of \$4,800,000 was less than the requested amount \$10,000,00.

Schedule: The project startdate shifted from January 2026 to June 2026 to allow for grant agreement execution.

Budget: The original application requested \$10,000,00 but was awarded \$4,800,000from OST.

The table below provides a summary comparison of the project budget.

Fund Source	Application		Section 3.3	
	\$	%	\$	%

LABOR AND WORK**

1. Efforts to Support Good-Paying Jobs and Strong Labor Standards

The Recipient states that rows marked with “X” in the following table are accurate:

	The Recipient or a project partner promotes robust job creation by supporting good-paying jobs directly related to the project with free and fair choice to join a union. <i>(Describe robust job creation and identify the good-paying jobs in the supporting narrative below.)</i>
	The Recipient or a project partner will invest in high-quality workforce training programs such as registered apprenticeship programs to recruit, train, and retain skilled workers, and implement policies such as targeted hiring preferences. <i>(Describe the training programs in the supporting narrative below.)</i>
X	The Recipient or a project partner will partner with high-quality workforce development programs with supportive services to help train, place, and retain workers in good-paying jobs or registered apprenticeships including through the use of local and economic hiring preferences, linkage agreements with workforce programs, and proactive plans to prevent harassment. <i>(Describe the supportive services provided to trainees and employees, preferences, and policies in the supporting narrative below.)</i>
	The Recipient or a project partner will partner and engage with local unions or other worker-based organizations in the development and lifecycle of the project, including through evidence of project labor agreements and/or community benefit agreements. <i>(Describe the partnership or engagement with unions and/or other worker-based organizations and agreements in the supporting narrative below.)</i>
	The Recipient or a project partner will partner with communities or community groups to develop workforce strategies. <i>(Describe the partnership and workforce strategies in the supporting narrative below.)</i>
	The Recipient or a project partner has taken other actions related to the Project to create good-paying jobs with the free and fair choice to join a union and incorporate strong labor standards. <i>(Describe those actions in the supporting narrative below.)</i>
	The Recipient or a project partner has not yet taken actions related to the Project to create good-paying jobs with the free and fair choice to join a union and incorporate strong labor standards but, before beginning construction of the Project, will take relevant actions described in Attachment B. <i>(Identify the relevant actions from Attachment B in the supporting narrative below.)</i>
	The Recipient or a project partner has not taken actions related to the Project to improve good-paying jobs and strong labor standards and will not take those actions under this award.

1. Supporting Narrative.

The county collaborates with partners like CareerSource Pinellas and St. Petersburg College to build a talent pipeline with in-demand skills. These partnerships aim to meet the needs of target industries through training, apprenticeships, and other educational programs. Additionally, the infrastructure changes implemented through the demonstration portion of the grant will add to good-paying construction jobs in the region.

**ATTACHMENT F
CRITICAL SECURITY INFRASTRUCTURE AND RESILIENCE**

1. Efforts to strengthen the Security and Resilience of Critical Infrastructure against both Physical and Cyber Threats.

The Recipient states that rows marked with “X” in the following table are accurate:

X	The Recipient demonstrates, prior to the signing of this agreement, effort to consider and address physical and cyber security risks relevant to the transportation mode and type and scale of the activities.
X	The Recipient appropriately considered and addressed physical and cyber security and resilience in the planning, design and oversight of the project, as determined by the Department and the Department of Homeland Security.
X	The Recipient complies with 2 CFR 200.216 and the prohibition on certain telecommunications and video surveillance services or equipment.

2. Supporting Narrative.

Any demonstration projects that are implemented will follow security plans developed for previously completed Advanced Transportation and Congestion Management Technologies Deployment (ATCMTD) and SS4A projects, as well as meeting the County’s Business and Technology Service (BTS) cybersecurity review process .
