Based on Article 1 section 8 clause 17 of our current constitution this government is intent on manifesting fortifications/imposts of such 10miles square as the (new) Seat of Government, as Legislated. Fortified as a despotic Water Jurisdiction under the 14th Amendment. As Enumerated from Article 1 section 2, as legislated. In its Capture of Water in Article 1 section 8 clause 11. In recognition of an Actual Invasion "Roundly" assailed from Article 1 section 10. Capturing the water, Fortifying water jurisdictions, taking our liberty, property and life is the "Roundabout" objective of our current Constitution in its aiding and abetting of such invasion. The RoundAbout in Palm Harbor is a Fortification serving such political insurrection.

Nobody that drives on AltHwy19 likes the RoundAbout except for the politicians and their crony cohorts. The RoundAbout is a *Subversive Military establishment* in support of an Insurrection. The political reasoning for the installation of the RoundAbout wasn't just Deceptive, but a Lie!

There is no rational explanation for funding a million dollar obstacle in the middle of Alt19, equipped with palm trees as an unnecessary blockade in the middle of the road; Meanwhile there is a traffic jam on US19, 30 years long. US19 needed overpasses clear thru WeekiWachee 30years ago, which "still today" remains neglected in a *overpopulated* state that has produced more in tax revenue that any other civilization in the history of the world. You just got caught in a BigFat "RoundAbout" LIE!
