AWARD:

Section A, Paragraph 10 (a) is amended to add the following:

The quantities shown on the “Bid Submittal Sheets” (Schedule of Values) are approximate and only represent estimated planned requirements based on historical and anticipated needs. Pinellas County does not guarantee any maximum or minimum quantity, any range of quantities or the exact quantities shown for each item bid. The total bid amount will then be used to determine low bidder; however, actual payments under the awarded contract will be based on actual quantities completed and shall not exceed \$9,259,041.00.

ASSIGNMENT OF WORK:

All work shall be executed by the contractor on an assignment-by-assignment basis, in the form of a Work Order authorized by the Engineer. Pinellas County does not guarantee Work Orders will be concurrent and/or consecutive. The Contractor shall perform no work under this Contract without the Engineer's written authorization to proceed for each Work Order. The Contractor hereby agrees to waive any claim for compensation for any work performed without authorization.

Each individual location contained in a Work Order is to be considered an "individual project" such that all work, including demobilization and cleanup, must be fully completed in a reasonable time frame, as determined by the Engineer. The project limits shown on the location maps and/or plans contained in each Work Order are approximate; Contractor shall verify exact limits with the Engineer prior to beginning construction. Construction shall be limited to a maximum of two (2) individual project locations at a time, unless otherwise approved by the Engineer.

All work, including demobilization and cleanup, shall be performed in an expeditious and professional manner. The Contractor shall have sufficient crews and equipment to perform all work, including restoration, at the time the Work Order is assigned. The inability of the Contractor to meet contractual obligations, or to perform assigned work in a satisfactory manner, shall be grounds for termination of the Contract, and/or reassignment of the work for construction by others. The Engineer reserves the right to add or delete sites and project locations from the Work Orders.

The Contractor shall only be compensated for that work satisfactorily completed. There will be no compensation to the Contractor for cancellation of the Contract or for any assigned work that is not constructed to the satisfaction of the Engineer.

Prior to assignment of any Work Order, the Contractor shall prepare a detailed work plan for each project, which shall include a work schedule.

The Contractor shall be responsible for reviewing each work order prior to beginning any work and to notify the Engineer of Record of any discrepancies in the pay items assigned for the proposed work. Only those pay items assigned for the proposed work will be allowed unless otherwise authorized by the Engineer of Record. Requests for any changes must be submitted for review through a Request for Information.

SECTION B – SPECIAL CONDITIONS, Subsection 36 - Submittals After Award, Paragraph A.1 – Schedule:

The term Preconstruction Conference shall mean review meeting prior to commencing each individual Work Order. This review meeting shall include the Engineer of Record or authorized representative.

INSURANCE AND INDEMNIFICATION:

The contractor is advised if work is performed on local municipal roads or state roads in addition to unincorporated local roads, the contractor shall indemnify and name as additional insured Pinellas County, as well as the FDOT and/or the appropriate municipality. Insurance requirements are shown on Section C attached.
