3. **Term**. The term of this Agreement ("Term") commences on execution of this Agreement by the Parties and will end upon the earlier of the expiration or termination of the Plan, or the complete repayment of all outstanding bonds or other indebtedness used to pay for the Projects which were funded by Tax Increment Revenues.

4. **City's Duties**. The City may finance up to \$6.594 million plus costs of issuance and a debt service reserve for approved Plan Projects, provided the following:

A. The final maturity date of any debt secured by the County's contribution to the CRA TIF is no later than December 31, 2033, and the final maturity date of any remaining debt secured by the City's General Fund is no later than FY 2044.

B. Will appropriate and pay to the CRA all TIF Revenues from the District prior to January 1 of each year. The County's obligation to annually budget and appropriate on or before October 1st and pay over to the Fund by January 1st of each year will commence immediately upon the effective date of the Ordinance and continue until all approved loans, advances and indebtedness incurred as the result of the Plan have been paid. The County's increment contributions are to be accounted for as a separate revenue within the fund but may be combined with other revenues for the purpose of paying debt service.

C. Hereby ratifies the issuance of debt service in the amount of \$4.114 million as financing in FY 2022 and approves the issuance of debt service in the amount of \$2.480 million as financing in FY 2024 or thereafter, subject to the terms and limitations stated herein, to finance the remaining approved Plan Projects, including refunding outstanding indebtedness if more cost effective, plus cost of issuance and a debt service reserve, with a maturity date later than December 31, 2033 subject to the following conditions:

- ii. The City will provide written notification of the terms of any financing with the CRA or outside lender authorized herein at least 10 days prior to the adoption of any ordinance or resolution by the City authorizing any such financing.

D. Pursuant to the Ordinance, the County may review its tax increment contribution to the Fund to determine whether given the totality of the circumstances, it continues to be prudent to dedicate the County portion of the TIF Revenues at the existing level, beyond 15 years, provided that there will be no reduction in the dedication of TIF Revenues for as long as there are unpaid loans, advances or indebtedness approved as provided herein and secured by the County's TIF Revenues.

7. **Records, Reports, and Inspection.** The City will maintain financial records, accounting and purchasing information, and books and records for the Projects. These books, records, and information will comply with general accounting procedures. All documents related to the Projects are public records and will be retained and provided as required by law.
