I am the only owner of a house on 39th street and 57th avenue and I recd your letter about housing that will be built. What type of housing is this going to be? Duplexes? Houses? Apartments? I have lived in this neighborhood and house for 56 years, my parents had this house built and we have very fond memories of the area and house that I don't feel comfortable with what is going on. Is this going to hurt our property value? How is it going to help? Am I going to have people next to me that will be able to see over our fence and in our backyard?
