Integrating Land Use & Transportation

# A Regional Decision-making Process for Tampa Bay

Pinellas County Board of County Commissioners  
October 11, 2016

**FORWARD  
PINELLAS**  
Integrating Land Use & Transportation

# Who is Forward Pinellas?

- Charged with addressing countywide land use and transportation concerns, as the Pinellas Planning Council and Pinellas County Metropolitan Planning Organization
- Integrate transportation and land use solutions that connect the communities of our county and the Tampa Bay region
- Forum for countywide decision-making on transportation and land use issues
- Provide technical support, coordination and independent policy advice and guidance to local and state agencies

# TMA Leadership Group

# Speaking with One Voice

- If each MPO is the forum for countywide decision-making, who can speak for the whole region?
- The TMA Leadership Group's role:
  - Developing regional priorities
  - Focusing on major cross-county traffic movements
  - Helping the Tampa Bay area speak with one voice
- Forward Pinellas representatives:
  - Clearwater City Council Member Doreen Caudell
  - St. Petersburg City Council Member Jim Kennedy
  - County Commissioner Karen Seel

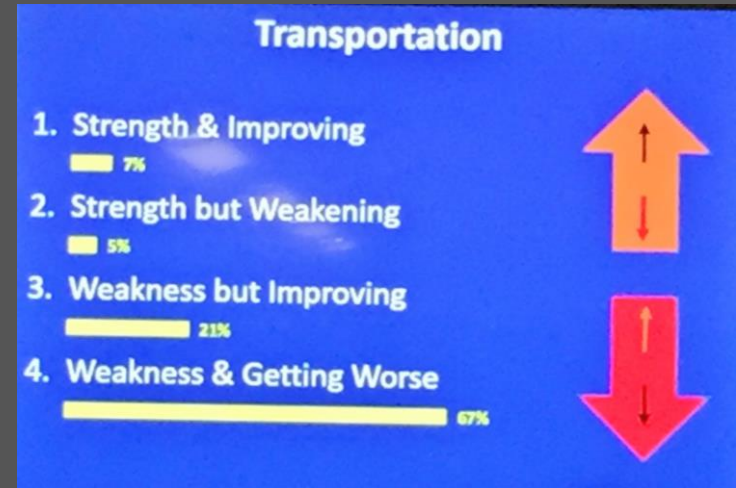

# Participants

- Tampa Bay Transportation Management Area Leadership Group (and its MPO members)
- Tampa Bay Area Regional Transportation Authority
- Tampa Bay Regional Planning Council
- Counties and Cities
- Tampa Bay Partnership
- Hillsborough Area Regional Transit
- Pinellas Suncoast Regional Transit Authority
- Tri-County Local Coordinating Board
- Florida Legislature – Bay Area Legislative Delegation
- Florida Department of Transportation
- US Department of Transportation

# The Issue

- Perception that our region is lagging others
- Fragmented decision-making
- Federal rulemaking notice on MPO Planning Areas and Coordination
- How do we best strengthen the regional transportation planning process?

# Notice of Proposed Rulemaking – MPO Coordination

- Rule issued in June, comments due in August
- Requirement to plan for a Metropolitan Planning Area that includes 20 years of expected growth
- Urge to consolidate MPOs in overlapping MPAs
- Option to remain separate but prepare one set of planning products
  - Transportation Plan
  - Performance measures and targets
  - Project priority process
  - Dispute resolution process

# Key Considerations

- A region of many voices — organize the conversation and define a focal point
- Many options for how we align regionally for transportation
- Mission, roles, responsibilities and streamlining
- Independent evaluation of those options to help guide a locally-defined solution
- FDOT will support funding for a study if counties and MPOs agree to request one
- How do we keep what works in Pinellas (countywide land use and transportation) with new regional framework?

# Important Milestones

- Final federal rule on MPO coordination – unknown
- November 2016 – next TMA Leadership Group meeting
- March 2017 – Legislative Session begins
  - Filing deadline for bills in January
- Spring 2017 – Planned regional transportation summit (TBRPC)
- 2018 – Tampa Bay Premium Transit Study complete
- 2019 – MPO Long Range Transportation Plan(s) adopted
  - Work to begin in 2<sup>nd</sup> half of 2017

# Regional Governance Study

- Independent research and case study examples to explore options
  - FDOT or legislative funding
  - Do nothing (“no build”) alternative with refinements to current structure
- Collaborative process – two decision forums
  - Define guiding principles and desired outcomes
  - Review options and develop recommendations
- Defined time line with clear outcomes
  - How soon to begin? 1st quarter 2017 or July 1, 2017
  - 6-9 months to complete

# Next Steps

- Prepare scope for study
  - Obtain input from counties, cities and business community
  - TMA review and recommendation in November 2016
- Expand Tampa Bay TMA Leadership Group's responsibility
  - Invite business community and county reps to attend
  - MPOs prepare recommendation to Bay Area Legislative Delegation and Governor
  - Review and recommend regional planning work products
- Prepare joint letter to FDOT Central Office outlining plan

# Complete Streets Program

Call for Projects

# Project Update: Complete Streets Program

- *Complete streets are for everyone, no matter who they are or how they travel.*

- Annual Call for Projects
  - Oct. 17, 2016
- Up to \$100K for concept planning and design
- Up to \$1 million for construction projects
- Applications due Dec. 2
  - Project must be catalyst for land use/redevelopment
  - Must entail some level of local match
