Subject: RE: Grants - Intent to Apply Submitted to OMB - US EPA Brownfield Assessment Grants

OMB has no objection to the department submitting a grant application to the US Environmental Protection Agency (EPA) to obtain funding to conduct brownfield site assessment activities in the Lealman Community (Community Redevelopment Area) for the purpose of screening redevelopment properties prior to County or Community Redevelopment Agency purchase.

Requested funding is \$300,000 from the FY19 Brownfields Assessment Grant program. A match is not required. Total project cost is \$300,000. If successful the funding will be available in FY20.

The Department Director can sign off on the application. Please include this email when you send the application through Granicus to be placed on the County Administrator's Delegated log.

The OMB Grants COE is available for assistance.
If you have any questions, please do not hesitate to contact OMB.
