Application and Submission Information

Completing an application under this program is a two-step process. Applicants must first register via www.grants.gov and complete an SF-424, the government-wide standard application form for federal assistance and the SF-LLL Lobbying Certification Form.

The remainder of the application will be completed through the JustGrants System <https://justicegrants.usdoj.gov/>. The application in JustGrants consists of a series of questions and a budget worksheet with accompanying budget narratives. The complete list of questions is at the end of this solicitation. Applicants are encouraged to read through the online application questions in advance to ensure sufficient time to prepare answers to the questions.

See "How to Apply" and "Submission Date and Time" below.

Information to Complete the Application for Federal Assistance (SF-424)

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. Applicants must complete and submit the SF-424 via <http://www.grants.gov>.

Applicants should ensure that the project title entered on the SF-424 matches the project title from the Congressional Joint Explanatory Statement (JES). The legal name (or "doing business as" name) associated with the applicant's unique entity identifier (UEI) as registered in the System of Award Management (**SAM**) must coincide with the agency name listed in the JES.

In Section 8F of the SF-424, please include the name and contact information of the individual who will complete the application in JustGrants. JustGrants will use this information (email address) to assign the application to this user in JustGrants.

Intergovernmental Review (SF-424 Question 19): This solicitation is subject to Executive Order (E.O.) 12372, Intergovernmental Review of Federal Programs. Applicants must check the Office of Management and Budget's website for the names and addresses of Single Points of Contact (SPOC) under Intergovernmental Review: <https://www.whitehouse.gov/wp-content/uploads/2020/04/SPOC-4-13-20.pdf>. If the applicant's state appears on the SPOC list, the applicant must contact the state SPOC to find out about, and comply with, the state's process under E.O. 12372. In completing the SF-424, such an applicant is to make the appropriate selection in response to question 19 once the applicant has complied with its state E.O. 12372 process. An applicant whose state does not appear on the SPOC list should answer question 19 by selecting the following response: "Program is subject to E.O. 12372 but has not been selected by the state for review."

Standard Applicant Information (JustGrants 424 and General Agency Information)

The Standard Applicant Information section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add zip codes for areas affected by the project, confirm its two Authorized Representatives, and verify and confirm the organization's unique entity identifier, legal name, and address.

The Authorized Representatives are officials who have ultimate and final responsibility for all programmatic and financial decisions regarding this COPS Office application as representatives of your agency, as the legal recipient.

For guidance on who should be assigned as Authorized Representatives, please see below:

For law enforcement agencies, COPS Office awards require that both the top law enforcement executive (e.g., chief of police, sheriff, or equivalent) and the top government executive (e.g., mayor, board chairman, or equivalent) sign the application, and (if awarded funding) accept the award package. The top law enforcement executive must be assigned the role of Authorized Representative 1 and the top government executive must be assigned the role of Authorized Representative 2 in Just Grants.

For non-law enforcement agencies (institutions of higher education, school districts, private organizations, etc.), COPS Office awards require that both the programmatic official (e.g., executive director, chief executive officer, or equivalent) and financial official (e.g., chief financial officer, treasurer, or equivalent) sign the application, and (if awarded funding) accept the award package. These two officials must have the ultimate signatory authority to sign contracts on behalf of your organization. The programmatic official must be assigned the role of Authorized Representative 1 and the financial official must be assigned the role of Authorized Representative 2 in Just Grants.

Please note that nonexecutive positions (e.g., clerks, trustees) are not acceptable Authorized Representatives.

Applicants should ensure that the project title entered on the SF-424 matches the project title from the Congressional Joint Explanatory Statement (JES). The legal name (or doing business as name) associated with the applicant's unique entity identifier (UEI) as registered in the System of Award Management (SAM) must coincide with the agency name listed in the JES.

Proposal Abstract

The proposal abstract is entered into a text box in JustGrants. Briefly summarize (no more than 400 words) the proposed project, including the purpose of the project, including goal, intended outcome and impact on public safety or crime prevention in your community, primary activities, the service area, and intended beneficiaries.

Data Requested with Application

Applicants must complete the web-based questions in JustGrants. Each narrative must describe the items requested, and how each cost is necessary to the implementation of the proposed plan.

Budget and Associated Documentation

The applicant must complete the JustGrants web-based budget form along with a narrative entry for each cost category.

The budget narrative should be mathematically sound and correspond clearly with the information provided in the budget detail worksheets. The narrative should explain how the applicant estimated and calculated all costs and how those costs are necessary to the completion of the proposed project.

Costs incurred on/after March 15, 2022, the enactment date of the FY 2022 Consolidated Appropriations Act, but prior to issuance of an award and approval of the project budget by the COPS Office may be reimbursed, but are incurred at the applicant's own risk, as authorized costs will be limited to those approved by the COPS Office.

Budget Worksheet and Budget Narrative (Web-based Form)

Each requested budget item must be allowable, necessary, allocable, and reasonable, and must directly link to the project activities identified in the Joint Explanatory Statement.

All items requested will be considered on a case-by-case basis during the budget review process. Items under the program must be purchased using the legislative guidelines established by the appropriations legislation that governs this funding. To the extent permitted by law and to the greatest extent practicable under a federal award, recipients and subrecipients must provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. See 2 C.F.R. § 200.322.

Consultant Rate

Prior approval is required for consultant or contractor rates that exceed \$650 per day. If known at the time of application, upload justification to the application section titled "Consultant Rate". If not known at the time of applications, note that recipients must request and receive COPS Office approval of those rates before drawing down funds. Determinations will be made on a case-by-case basis.

Applicants are required to disclose whether they have pending applications for federally funded assistance or active federal awards that support the same or similar activities or services for which award funding is being requested under this application. As a general rule, COPS Office award funding may not be used for the same item or service funded through another funding source. However, leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate.

To aid the COPS Office in the prevention of awarding potentially duplicative funding, you will need to indicate in the application question survey whether your agency has a pending application and/or an active award with any other federal funding source (e.g., direct federal funding or indirect federal funding through state subawarded federal funds) that supports the same or similar activities or services as being proposed in this COPS Office application. For each potentially duplicative program, you will be asked to provide the name of the name of federal awarding agency, or state agency for subawarded federal funding, award or application number, program name, award start and end dates, award or requested amount, items requested, and description of how this project differs from the application for COPS office funding.

Allowable and Unallowable Costs

Allowable costs are those which are allowable, necessary, allocable, and reasonable, and directly link to the project activities identified in the Joint Explanatory Statement. Typically unallowable costs are identified in the DOJ Grants Financial Guide, 2 CFR 200 Cost Principles, and the unallowable lists below. Additionally, each item must programmatically link to the technology enhancement efforts described in your application. To the greatest extent practicable, all equipment and products purchased with these funds must be American-made. The unallowable lists are not exhaustive and are generally considered unallowable for the entire solicitation, irrespective of whether an applicant adds the requested item in its budget submission. The COPS Office reserves the right to deny funding for any items that may not be identified as allowable in this solicitation.

Each of the categories that follows includes definitions as well as information on frequent requests as well as typically allowable and unallowable costs.

Budget requests may be made in the following categories:

- Civilian personnel salary
- Civilian personnel fringe benefits
- Travel
- Equipment
- Supplies
- Procurement contracts
- Other costs

Sworn personnel (base salary and fringe benefits)

Salaries of sworn officer positions are not allowable under this solicitation, with the exception of overtime. All overtime requests should be in the "Other Costs" section.

Civilian personnel (base salary and fringe benefits)

Base salary

Salaries of personnel are costs based on the percentage of time spent (full time equivalent **FTE**) working directly on the project. The total salary percentage should be comparable and consistent with organizational policy. The total amount paid is comparable to industry standards and the type of work being performed. A recipient may not use federal funds to pay total cash compensation to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the Federal Government's Senior Executive Service (SES) at an organization with a Certified SES Performance Appraisal System for that year. The 2022 salary table for SES employees is available on the [U.S. Office of Personnel Management's 2022 Executive and Senior Level Employee Pay Tables](#) web page. Note: A recipient may compensate an employee at a greater rate, provided the amount in excess of this compensation limitation is paid with nonfederal funds. (Nonfederal funds used for any such additional compensation will not be considered matching funds.) If only a portion of an employee's time is charged to a COPS Office award, the maximum allowable compensation is equal to the percentage of time worked times the maximum salary limitation. Examples of allowable personnel and fringe benefits include those for civilian project coordinators or crime analysts.

Typically unallowable civilian personnel costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

For awards made to states or units of local government (including law enforcement agencies), salaries and benefits for

positions (including exempt employees) that are already budgeted with state, local, or Bureau of Indian Affairs (BIA) funds and would be funded in the absence of this COPS Office award are also not allowed.

- Salaries and benefits of personnel that do not work directly on the Technology and Equipment project.
- Salaries and benefits for contract or consultant personnel (these should be placed under "Procurement Contracts").

Completing civilian base salary in web-based budget

If you are not requesting any civilian base salary, move to the next section. For each civilian personnel request, applicants must complete the web-based form.

The "additional narrative" section should be used to describe the employee's roles, responsibilities, and activities related to the work to be completed on the project. If the salary increases from one budget year to another because of cost of living increases, be sure to detail these increases in the budget description.

Fringe benefits

Fringe benefits are allowances and services provided by the organization to its employees as compensation in addition to regular salary. Fringe benefits should be based on actual known costs or an established formula.

For Civilian/non-sworn positions, fringe benefits typically covered the applicant organization, as specified in the personnel and salary policies of that organization or any contractual agreements, and allowable under 2 CFR 200, will be covered. Examples of allowable fringe benefits include Social Security, Medicare, insurance (life, health, dental, etc.), shift differential, retirement plans, and holiday pay. Severance pay, hazard pay, and training and equipment fringe benefits are not allowed. Certain overtime costs are allowable, see Unallowable Costs, but must be included in the "other" budget category.

Completing fringe benefits in web-based budget

If you are not requesting any civilian base salary, move to the next section. Applicants will need to provide the appropriate percentage for each fringe benefit that the individual is allocated per the employee benefits. Note, the system will not allow more than 6.2% for Social Security and 1.45% for Medicare.

Travel

Travel costs include grant-related travel costs for the recipient to visit other jurisdictions engaged in similar programs or to attend project-related training and technical assistance conferences that directly relate to the goals of the Technology and Equipment project. Expenses for transportation, lodging, meals, and incidental expenses (if travel is more than 50 miles from the program location) will be reviewed in accordance with applicable regulations and guidelines as part of the application process.

If a recipient does not have a written travel policy, it must adhere to the Federal Travel Regulations (FTR). For information on the FTR and U.S. Government General Service Administration (GSA) per diem rates by geographic area, please visit <https://www.gsa.gov/travel/plan-book/per-diem-rates>. For all applicants (with or without a written travel policy), airfare travel costs must be one of the following: the lowest discount commercial airfare, standard coach airfare, or the Federal Government contract airfare (if authorized and available).

Typically unallowable travel costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

- Bar charges/alcoholic beverages
- Catering
- Entertainment, including amusement, diversion, social activities, and any associated costs (e.g., tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)
- Firearms training
- Food and beverages at conferences, meetings, or trainings your organization is hosting
- Local travel costs (lodging, meals, per diem, or transportation costs) within a 50-mile radius of the project location, including mileage reimbursement, rental cars, parking fees, or taxi fare for local travel
- Paying for meals other than your own

Completing travel in web-based budget

If you are not requesting any travel, training, or conferences, move to the next section. For each travel request, applicants must complete the web-based form. Each trip should be entered as an individual entry rather than a group of trips.

The "additional narrative" section should be used to describe the purpose of the trip, proposed destination, trip duration by day/night, and list of individuals traveling as well as a detailed cost breakdown for each travel category (lodging, per diem, etc.). The cost breakdown should include

- mode of transportation and proposed fare per trip (airfare, train, etc.) broken down by day;
- mileage allowances if private vehicle will be used;

- per diem rates for the destination per day (including full per diem and travel day per diem);
- lodging costs per night;
- transportation fees per day;
- parking fees per day.

Equipment

Necessary equipment must be specifically purchased to implement the proposed project. Equipment is defined as tangible, nonexpendable personal property, including exempt property, having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. Applicants may use its own capitalization policy for classification of equipment and supplies, but only where it is less than the Federal policy threshold of \$5,000. If your organization does not have a capitalization policy in place, you must use the Federal policy amount of \$5,000. See FY22 COPS Technology and Equipment Program Reference Guide for information on the prohibition on purchasing covered telecommunications and video surveillance services or equipment for grants.

Typically unallowable equipment/technology costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

- Armored Vehicles
- Bayonets
- Biometric technology
- Body armor
- Body wire equipment
- Body-worn cameras
- Bulletproof vests and accessories
- Buses/shuttles/transit vans
- Camouflage uniforms
- Electronic control weapons (ECW)
- Explosives
- General law enforcement vehicles (including patrol cars and leased vehicles)
- Handcuffs, weapons, and ammunition (including training ammunition)
- Incentives for research and/or participation in program activities
- Laser spectroscopy device
- Manned aircraft
- Radar guns/equipment
- Standard issue police vehicle equipment (including light bars, cages, and siren packages)
- Stun guns or electroshock devices
- Thermal imaging devices
- Unmanned aerial vehicles (drones)

Completing equipment in web-based budget

If you are not requesting any equipment or technology, move to the next section. For each equipment request, applicants must complete the web-based form.

The "additional narrative" section should be used to describe the type of equipment with a description and justification explaining why the equipment is necessary for the success of the project. The description should provide any additional calculations that make up the base cost and the justification should explain that this equipment is not available or accessible to project personnel without specifically purchasing through this award.

Additional documentation may be needed in case of sole source procurement. See the FY22 COPS Technology and Equipment Program Reference Guide and the Sole Source Justification fact sheet for further guidance.

Supplies

Supplies means all tangible personal property specifically required to complete the project, other than those items described under "Equipment." Supplies differ from equipment in that they are consumable, expendable, and of a relatively low unit cost, defined as less than \$5,000 per unit. Such costs may include paper, printer ink, pens, pencils, laptops, etc. A computing device is a supply if the acquisition cost is less than \$5,000, regardless of the length of its useful life.

For broad category requests (such as "office supplies"), explanation for project amounts should be provided with calculations.

Typically unallowable supply costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

- Entertainment, including amusement, diversion, social activities, and any associated costs (e.g., tickets to shows or sports events, meals, lodging, rentals, transportation, and gratuities)
- Trinkets and other conference takeaways

- Standard office supplies not directly related to the Technology and Equipment project

Completing supplies in web-based budget

If you are not requesting any supplies, move to the next section. For each supply request, applicants must complete the web-based form. The cost should be broken down to the lowest form; therefore, if you are requesting \$30 per month for office supplies, the calculation should be 12 x \$30 and not 1 x \$360.

The "additional narrative" section should be used to describe and justify why the supplies are necessary for the success of the project. Provide any additional calculations that make up the base cost.

Subawards

Subaward costs are typically unallowable under this program.

Procurement Contracts

The applicant should distinguish clearly between sub-awards and procurement contracts in allocating any funds to other entities. Contracts include goods or services that directly contribute to the implementation or enhancement of the project. Keep in mind that the awarding and monitoring of contracts must follow documented procurement procedures, including full and open competition, pursuant to the procurement standards in 2 C.F.R. §§ 200.317-200.326, and the issuance of sub-awards must meet the requirements of 2 C.F.R. § 200.331.

Consultant expenses include the procurement of goods or services that directly contribute to the implementation or enhancement of the project. The use of a consultant should be more economical than direct employment. Compensation for individual consultant services procured under a COPS Office award must be reasonable and allocable in accordance with Office of Management and Budget (OMB) cost principles, and consistent with that paid for similar services in the marketplace. The services should be commensurate with the rate or salary paid by the primary employer.

Unless otherwise approved by the COPS Office, independent consultant rates will be approved based on the salary a consultant receives from his or her primary employer, as applicable, up to \$650 per day (or \$81.25 per hour). Please note that this does not mean that the rate can or should be as high as \$650 for all consultants. If individuals receive fringe benefits from their primary employer, such fringe benefit costs should not be included in the calculation of consultant rates. A consultant rate justification will need to be submitted for review and approval to the COPS Office for any consultants paid more than \$650 per day prior to incurring any costs. Determinations of approval will be made on a case-by-case basis.

Consultant travel costs should be included in the Procurement Contract budget category and should follow the same guidelines as "Travel". These costs should not be reflected in the "Civilian personnel" or "Travel" categories.

All sole source procurements of goods and services (those not awarded competitively) in excess of \$250,000 require prior approval from the COPS Office.

All other consultant-related expenses should be included in this section such as supply and equipment requests. The same guidelines as previously stated in the above sections will apply.

Typically unallowable procurement contract costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

- Maintenance and/or service contracts that extend the life of the award period (multiyear contracts and extended warranties are allowable but must be paid in full within the initial award period and must not exceed the award period)
- Promotional items and memorabilia, including challenge coins, pins, models, gifts, and souvenirs

Completing procurement contracts in web-based budget

If you are not requesting any procurement contract costs move to the next section. For each procurement contract request, applicants must complete the web-based form.

The "additional narrative" section should be used to describe and justify the product or services to be procured by sub-award including the nature and scope of goods purchased, price proposals, and length of contract. Procurement contract travel requests should follow the same guidance as the "travel" section. Provide any additional calculations that make up the base cost.

Additional documentation may be needed in certain cases. See the FY22 COPS Technology and Equipment Program Reference Guide and the Consultant Rate Fact Sheet and Sole Source Justification (SSJ) Fact Sheet for further guidance.

Other costs

Other costs include other miscellaneous items that have a direct correlation to the overall success of a recipient's project objectives.

Typically unallowable other costs include, but are not limited to, the following (Note: these are typically unallowable no matter which category they are placed under):

- Advertising and public relations designed solely to promote the recipient
- Freight
- Severance pay
- Hazard pay
- Land acquisition including renting, leasing, or construction of buildings or other physical facilities
- Narcan
- Non-holiday premium pay
- Maintenance of vehicles and enhancements (such as mounts)
- Standard or dress uniforms or uniform accessories

Completing other costs in web-based budget

If you are not requesting any other costs, move to the next section. For each request, applicants must complete the web-based form. The cost should be broken down to the lowest form.

The "additional narrative" section should be used to describe and justify why the item is necessary for the project. Provide any additional calculations that make up the base cost.

Indirect costs

Indirect costs are not allowed under this program.

Disclosures and Assurances

Review, complete and submit all disclosures, assurances, and certifications as described below. See the FY22 COPS Technology and Equipment Program Reference Guide for the full text of the assurances and certifications. Applicants must certify whether or not their agency will use COPS Office funds (if awarded) to operate an interjurisdictional criminal intelligence system. If yes, the applicant assures the COPS Office that it will comply with the requirements of 28 C.F.R. Part 23.

Disclosure of Lobbying Activities

Declaration and Certification to DOJ as to Application Submission

Applicants must read and acknowledge the statements in this section.

How to Apply

Applications must be submitted electronically through Grants.gov and JustGrants. See Submission Dates and Times below for a list of steps for registering with all required systems and deadlines for completing each step.

Unique Entity Identifier and System for Award Management (SAM)

Federal regulations require that an applicant for federal funding: (1) be registered in SAM before submitting its application; (2) provide a valid unique entity identifier in its application; and (3) continue to maintain an active SAM registration with current information at all times during which it has an active federal award or an application or plan under consideration by a federal awarding agency. The COPS Office may not make an award to an applicant until the applicant has complied with all applicable unique entity identifier and SAM requirements and, if an applicant has not fully complied with these requirements by the time the COPS Office is ready to make an award, then the COPS office may determine that the applicant is not qualified to receive an award. See 2 C.F.R. §§ 25.200, 25.205 and the Award Terms and Conditions for further information.

The Unique Entity ID (SAM) is a 12-character alpha-numeric value and once issued, will not change. Entities that are currently registered in SAM.gov already have a Unique Entity ID (SAM) which can be viewed in SAM.gov. The transition to UEI (SAM) will not impact an entity's registration expiration date or when renewal is necessary.

SAM centralizes information about grant recipients and provides a central location for grant recipients to change organizational information. Grants.gov uses SAM to establish roles and IDs for electronic submission of grant applications. If the applicant already has an Employer Identification Number (EIN), the SAM registration will take up to two weeks to process. If the applicant does not have an EIN, then the applicant should allow two to five weeks for obtaining an EIN from the Internal Revenue Service. There is no fee associated with these processes. These processes cannot be expedited. The COPS Office strongly discourages applicants from paying a third party to apply or register on their behalf in an attempt to expedite these processes.

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by June 21, 2022 7:59 pm ET.

The **full application** must be submitted in JustGrants by June 28, 2022 7:59 pm ET.

After applicants obtain an UEI and register with SAM, they can begin the Grants.gov registration process. The applying organization must complete the Grants.gov registration process prior to beginning an application for a federal grant. The E-Business Point of Contact (E-Biz POC) must register the applicant organization with Grants.gov. The E-Biz POC oversees the applicant's Grants.gov transactions and assigns the Authorized Representative. The Authorized Representative submits the application to Grants.gov and must register with Grants.gov as well. In some cases, the E-Biz POC is also the AOR for the applicant. Complete instructions can be found at www.Grants.gov.

In JustGrants, each applying entity will have an assigned Entity Administrator who is responsible for managing entity-level information and assigning roles in the system. The Entity Administrator is also the E-Biz POC designated in SAM.gov. For more information on registering with JustGrants, see <https://justicegrants.usdoj.gov/>.

It is the applicant's responsibility to ensure that the application is complete and submitted by the deadline. Failure to meet the

submission deadline will result in an application not being considered for funding. Applicants should refer to the list below to ensure that all required steps and deadlines are met. Failure to begin registration or application submission by the deadlines stated in the list below is not an acceptable reason for late submission.

Applicant Actions with Required Dates/Deadlines

1. Register with SAM. Access the SAM online registration through the SAM homepage at <https://www.sam.gov/SAM> and follow the online instructions for new SAM users. If the applicant already has the necessary information on hand, the online registration takes approximately 30 minutes to complete, depending upon the size and complexity of the business or organization. Organizations must update or renew their SAM registration at least once a year to maintain an active status.
2. Register with Grants.gov. Once the SAM registration is active, the applicant will be able to complete the Grants.gov registration.
3. Download updated version of Adobe Acrobat before the Grants.gov deadline. Applicants are responsible for ensuring that the most up-to-date version of Adobe Acrobat is installed on all computers that may be used to download the solicitation and to submit the SF-424 and SF-LLL on Grants.gov. To verify that the Adobe software version is compatible with Grants.gov, visit the following link: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>.
4. Begin application submission process in Grants.gov as early as possible, but no later than 24 - 48 hours prior to the Grants.gov deadline. Applicants may find this funding opportunity on Grants.gov by using the CFDA number, Grants.gov opportunity number, or the title of this solicitation, all of which can be found on the cover page. Applicants will submit two forms in Grants.gov (SF-424 and SF-LLL).
5. The Grants.gov Workspace Status will change from "In Progress" to "Submitted" once the application has been successfully submitted in Grants.gov. Within 48 hours after submitting the application in Grants.gov, the applicant should receive four notifications from Grants.gov (i.e., submission receipt, validation receipt, grantor agency retrieval receipt, and agency tracking number assignment). (Note: It is possible to first receive a message indicating that the application is received, and then receive a rejection notice a few minutes or hours later.)
6. Within 24 hours AFTER receiving a confirmation email from Grants.gov, the Application Submitter will receive an email from JustGrants with instructions to complete the rest of the application in JustGrants. If the applicant is a new user in JustGrants, the email will include instructions on registering with JustGrants.
7. Upon receipt of this email, register with JustGrants (if necessary), invite additional users including Authorized Representatives, and begin to develop the application. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component and to submit the complete application package at least 24 - 48 hours prior to the deadline. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.
8. Confirm application receipt: Applicants should closely monitor their email and JustGrants accounts for any notifications from Grants.gov or JustGrants about a possible failed submission. The user who is authorized to submit applications on behalf of the organization is the one who will receive these notifications. The COPS Office does not send out these notifications, nor does the COPS Office receive a copy of these notifications. It is the applicant's responsibility to notify the COPS Office of any problems with the application submission process. Submitting the application components at least 48 hours the deadline will enable the applicant to receive notice of a failed submission and provide an opportunity to correct the error before the applicable deadline.

Application Review Information

Review Process

The COPS Office reviews invitational applications to ensure that the information presented is reasonable, understandable, measurable, and achievable, as well as consistent with the invitation to apply and any associated program(s) requirements. This review process may also include the following:

- Financial stability and fiscal integrity
- Quality of management systems and ability to meet the management standards prescribed in the DOJ
- DOJ Grants Financial Guide
- History of performance
- Reports and findings from audits
- The applicant's ability to effectively implement statutory, regulatory, or other requirements imposed on nonfederal entities
- Proposed costs to determine if the budget detail worksheet and budget narrative accurately explain project costs and whether those costs are reasonable, necessary, and allowable under applicable federal cost principles and agency regulations

In addition, prior to making an award greater than the simplified acquisition threshold (currently set at \$250,000), any information about applicants that is in the designated integrity and performance system accessible through SAM will be reviewed and considered. Applicants may review and comment on any information about them in SAM that a Federal awarding agency previously entered in the designated integrity and performance system, and such applicant comments will also be reviewed and considered.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the

Director of the COPS Office.

Administrative compliance review

All applications will undergo an administrative compliance review. Past financial and programmatic performance with DOJ award funding will be considered in this review process. Past performance may affect the overall rating and ranking of an application. Factors that may be included in the past performance review are: the extent to which the applicant has adhered to all special conditions in the prior awards, the extent to which the applicant has complied with programmatic and financial reporting requirements, the extent to which the applicant has completed closeout of prior awards in a timely manner, whether the applicant has received financial clearances in a timely manner, whether the applicant has resolved any issues identified in an audit or on-site monitoring visit in a timely manner, whether the applicant has adhered to single audit requirements and the extent to which the applicant has completed work and spent prior award funds in a timely manner.

Pursuant to 2 C.F.R. Part 200 ("Uniform Guidance"), the COPS Office also reviews information related to the degree of risk posed by applicants. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record with respect to performance, integrity, and business ethics, the COPS Office checks whether the applicant is listed in SAM as excluded from receiving a federal award. The COPS Office also must review and consider any information about the applicant that appears in the nonpublic segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, "FAPIIS"). Applicants may review and comment on any information about them in SAM that a federal awarding agency previously entered in the designated integrity and performance system, and such applicant comments will also be reviewed and considered.

The COPS Office may contact applicants regarding budget and financial questions as part of the review process.

Federal Award Administration Information

Federal Award Notices

Award notification will be sent electronically from JustGrants. This award notification will include instruction on enrolling in Automated Standard Application for Payments (ASAP) and accepting the award. Recipients will be required to log into JustGrants to review, sign, and accept the award.

All applicants should anticipate notification of funding decisions by September 30, 2022.

The award package

The award package indicates your official award funding amount, the award number, the award terms and conditions, and award start and end dates.

Your FY 2022 award number is in the following format: 15JCOPS-22-GG-XXXX-XXXX. The COPS Office tracks award information based upon this number. Therefore, it is important to have your organization's award number (or your organization's UEI number) readily available when corresponding with the COPS Office.

All award conditions, including special conditions or high-risk conditions will be included in your organization's award package. By accepting the award and the COPS Office funding, your agency acknowledges that it will comply with these conditions and, if applicable, additional special conditions specific to your agency.

In limited circumstances, your award may be subject to special conditions that prevent your agency from drawing down or accessing award funds until the special conditions are satisfied as determined by the COPS Office. Any special conditions will be included with your award.

The recipient's two Authorized Representatives must acknowledge having read and understood all sections of the award package and submit the required declaration and certification to accept the award; these steps will be completed electronically in JustGrants before you will be able to draw down funds or begin the program.

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the approved project proposal and budget, the recipient must comply with award terms and conditions, and other legal requirements including, but not limited to, OMB, DOJ, or other federal regulations that will be included in the award or incorporated into the award by reference or are otherwise applicable to the award.

Please see general terms and conditions in the FY22 COPS Technology and Equipment Program Reference Guide.

Terms, conditions and award requirements

Please review carefully the FY22 COPS Technology and Equipment Program Reference Guide for a full description of each of the

listed terms, conditions, and other requirements for this COPS Office program. By submitting your application, your organization assures the COPS Office that you agree to the below terms, conditions, and requirements. If awarded funds, by accepting your COPS Office award, your organization agrees to comply with all of the terms, conditions, and other requirements in your award package and any additional special or high risk conditions that may be imposed on your award.

Administrative actions and legal remedies related to federal awards

Please be advised that an application may not be funded or, if awarded, a hold may be placed on this application if it is deemed that the applicant is not in compliance with federal civil rights laws, is not cooperating with an ongoing federal civil rights investigation, or is not cooperating with a U.S. Department of Justice award review or audit.

Misuse of COPS Office funds or failure to comply with all COPS Office award requirements may result in legal sanctions including suspension and termination of award funds, the repayment of expended funds, ineligibility to receive additional COPS Office funding, and other remedies available by law.

Under the False Claims Act, any credible evidence that a person has submitted a false claim or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving COPS Office funds may be referred to the Office of Inspector General (OIG). The OIG may be contacted at oig.hotline@usdoj.gov, <https://oig.justice.gov/hotline/index.htm>, or 800-869-4499.

Remedies for noncompliance

Under 2 C.F.R. § 200.339, if the recipient fails to comply with award terms and conditions, the Federal awarding agency may impose additional conditions or take one or more of the following actions as appropriate in the circumstances:

- Temporarily withhold cash payments pending correction of the deficiency by the non-Federal entity or more severe enforcement action by the Federal awarding agency or pass-through entity.
- Disallow (that is, deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance.
- Wholly or partly suspend or terminate the Federal award.
- Initiate suspension or debarment proceedings as authorized under 2 CFR part 180 and Federal awarding agency regulations (or in the case of a pass-through entity, recommend such a proceeding be initiated by a Federal awarding agency).
- Withhold further Federal awards for the project or program.
- Take other remedies that may be legally available.

Prior to imposing sanctions, the COPS Office will provide reasonable notice to the recipient of its intent to impose sanctions and will attempt to resolve the problem informally. Appeal procedures will follow those in the U.S. Department of Justice regulations in 28 C.F.R. Part 18.

Awards terminated due to noncompliance with the federal statutes, regulations, or award terms and conditions will be reported to the integrity and performance system accessible through SAM (currently FAPIIS). False statements or claims made in connection with COPS Office awards may result in fines, imprisonment, debarment from participating in federal awards or contracts, and any other remedy available by law.

Please be advised that recipients may not use COPS Office funding for the same item or service also funded by another U.S. Department of Justice award.

Freedom of Information and Privacy Act (5 U.S.C. 552 and 5 U.S.C. 552a)

All applications submitted to the COPS Office (including all attachments to applications) are subject to the federal Freedom of Information Act (FOIA) and to the Privacy Act. By law, DOJ may withhold information that is responsive to a request if DOJ determines that the responsive information is protected from disclosure under the Privacy Act or falls within the scope of one or more of the nine statutory exemptions under FOIA. DOJ cannot agree in advance of a request pursuant to the FOIA not to release some or all portions of an application/award file.

In its review of records that are responsive to a FOIA request, the COPS Office will withhold information in those records that plainly falls within the scope of the Privacy Act or one of the statutory exemptions under FOIA. (Some examples include certain types of information in budgets and names and contact information for project staff other than certain key personnel.) In appropriate circumstances, the COPS Office will request the views of the applicant/recipient that submitted a responsive document.

COPS Other Information

Reporting, Monitoring, and Evaluation Requirements

Reporting

If awarded, your organization will be required to submit quarterly Federal Financial Reports as well as semiannual Programmatic Performance Reports. Recipient should be prepared to track and report program award funding separately from other funding sources (including other COPS Office federal awards) to ensure accurate financial and programmatic reporting on a timely basis. Recipients should ensure that they have financial internal controls in place to monitor the use of program funding and ensure that its use is consistent with the award terms and conditions. Good stewardship in this area includes written accounting practices, and use of an accounting system that tracks all award drawdowns and expenditures, and the ability to track when award-funded positions are filled or approved purchases are made. *Failure to submit complete reports or submit them in a timely manner may result in the suspension and possible termination of a recipient's COPS Office award funding or other remedial actions.*

Monitoring

Federal law requires that agencies receiving federal funding from the COPS Office be monitored to ensure compliance with their award conditions and other applicable statutory regulations. The COPS Office is also interested in tracking the progress of our programs and the advancement of community policing. Both aspects of award implementation-compliance and programmatic benefits-are part of the monitoring process coordinated by the U.S. Department of Justice.

Awarded organizations will be responsible for submitting Programmatic Performance Reports on a semiannual basis and Federal Financial Reports on a quarterly basis. In addition, awarded organizations will be responsible for the timely submission of a final Closeout Report and any other required final reports. All COPS Office recipients will be required to participate in such award monitoring activities of the U.S. Department of Justice, including but not limited to the COPS Office, the Office of the Inspector General, or any entity designated by the COPS Office.

Please note that the COPS Office may take a number of monitoring approaches, such as site visits, enhanced office-based award reviews, alleged noncompliance reviews, and periodic surveys to gather information and to ensure compliance. The COPS Office may seek information including, but not limited to, your organization's compliance with nonsupplanting and both programmatic and financial requirements of the award, and your organization's progress toward achieving your community policing strategy. Program and monitoring specialists as well as auditors are particularly interested in confirming that the purchase of items and/or services is consistent with the applicant's approved award budget as reflected on the Financial Clearance Memorandum and Final Funding Memorandum.

If awarded funds, you agree to cooperate with and respond to any requests for information pertaining to your award in preparation for any of the above-referenced award monitoring activities. Please feel free to contact your COPS Office Program Manager to discuss any questions or concerns you may have regarding the monitoring, reporting, and evaluation requirements.

Program evaluation

Though a formal assessment is not a requirement, awarded organizations are strongly encouraged to conduct an independent assessment of their respective award-funded projects. Project evaluations have proven to be valuable tools in helping organizations identify areas in need of improvement, providing data of successful processes, and reducing vulnerabilities.

Selected award recipients shall be evaluated on the local level or as part of a national evaluation, pursuant to guidelines established by the Attorney General. Such evaluations may include assessments of individual program implementations. In selected jurisdictions that are able to support outcome evaluations, the effectiveness of funded programs, projects, and activities may be required. Outcome measures may include crime and victimization indicators, quality of life measures, community perceptions, and police perceptions of their own work.

Financial Management and System of Internal Controls

Award recipients and subrecipients must, as set out in the Uniform Guidance at 2 C.F.R. § 200.303, do the following:

Establish and maintain effective internal control over the federal award that provides reasonable assurance that [the recipient (and any subrecipient)] is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework" issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

Comply with federal statutes, regulations, and the terms and conditions of the federal awards.

Evaluate and monitor [the recipient's (and any subrecipient's)] compliance with statutes, regulations, and the terms and conditions of federal awards.

Take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings.

Take reasonable measures to safeguard protected personally identifiable information and other information the federal awarding agency designates as sensitive or [the recipient (and any subrecipient)] considers sensitive consistent with applicable federal, state, local, and tribal laws regarding privacy and obligations of confidentiality.

Audit Requirement

The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards at 2 C.F.R. Part 200, Subpart F - Audit Requirements, available at https://www.ecfr.gov/cgi-bin/text_idx?tpl=/ecfr.browse/Title02/2cfr200_main_02.tp1, establish the requirements for organizational audits that apply to COPS Office award recipients. Recipients must arrange for the required organization-wide (not award-by-award) audit in accordance with the requirements of Subpart F.

Civil rights

All recipients are required to comply with nondiscrimination requirements contained in various federal laws. A memorandum addressing federal civil rights statutes and regulations from the Office for Civil Rights, Office of Justice Programs will be included in the award package for award recipients. All applicants should consult the Assurances form to understand the applicable legal and administrative requirements.

Please be advised that a hold may be placed on this application if it is deemed that the applicant organization is not in compliance with federal civil rights law or is not cooperating with an ongoing federal civil rights investigation.

Equal treatment of faith-based organizations and safeguarding constitutional protections related to religion: For guidance on the protections provided in law for faith-based or religious organizations, please see the Office for Civil Rights website at <https://www.ojp.gov/program/civil-rights/partnerships-faith-based-and-otherneighborhood-organizations>.

In addition, all recipients and subrecipients (at any tier) must comply with the applicable requirements of the DOJ regulation entitled "Partnerships with Faith-Based and Other Neighborhood Organizations" at 28 C.F.R. Part 38, which, among other things, prohibits using DOJ financial assistance to fund explicitly religious activities and also prohibits discrimination in the provision of DOJ-funded services on the basis of a beneficiary's religion, religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice. For more detailed information about the regulation, please see the Office of Civil Right website at <https://www.ojp.gov/program/civil-rights/partnerships-faith-based-and-other-neighborhood-organizations>.

Section 508 of the Rehabilitation Act

If you are an applicant using assistive technology and you encounter difficulty when applying, please contact the COPS Office Response Center at AskCopsRC@usdoj.gov or 800-421-6770. The department is committed to ensuring equal access to all applicants and will assist any applicant who may experience difficulties with assistive technology when applying for awards using the JustGrants System.

The public reporting burden for this collection of information is estimated to be up to 11.3 hours per response, depending upon the COPS Office program being applied for, which includes time for reviewing instructions. Send comments regarding this burden estimate or any other aspects of the collection of this information, including suggestions for reducing this burden, to the Office of Community Oriented Policing Services, U.S. Department of Justice, 145 N Street NE, Washington, DC 20530; and to the Public Use Reports Project, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503.

You are not required to respond to this collection of information unless it displays a valid OMB control number. The OMB control number for this application is 1103-0098, and the expiration date is 04/30/2024.

Performance Measures

To assist in fulfilling the U.S. Department of Justice's (DOJ) responsibilities under the Government Performance and Results Modernization Act (GPRAMA) of 2010, P.L. 111-352, recipients who receive funding from the Federal Government must measure the results of work that funding supports. GPRAMA specifically requires the COPS Office and other federal agencies to set program goals, measure performance against those goals, and publicly report progress in the form of funding spent, resources used, activities performed, services delivered, and results achieved.

Performance measures for this program will include:

Objective	Performance Measures	Data Recipient Provides
1. Increase the capacity of law enforcement agencies to implement community policing strategies that strengthen partnerships for safer communities and enhance law enforcement's capacity to prevent, solve, and control crime through funding for personnel, technology, equipment, and training.	(1) Extent to which COPS Office award funding (technology and equipment, training, etc.) has increased your agency's community policing capacity? (2) Extent to which COPS Office knowledge resources (e.g., publications, podcasts, training, etc.) have increased your agency's community policing capacity?	Data will be collected on a periodic basis through recipient performance reports.

COPS Office awards target increasing recipient capacity to implement community policing strategies within the three primary elements of community policing: (1) problem solving; (2) partnerships; and (3) organizational transformation. The COPS Office requires all applicants to describe how the personnel, technology, equipment, supplies, travel, or training requested will assist the applicant in implementing community policing strategies.

To read an overview of the principles of community policing, please see the COPS Office publication [Community Policing Defined](#).

As part of the programmatic performance reports, all recipients will be required to report on their progress toward implementing community policing strategies. Based on the data collected from recipients, the COPS Office may make improvements to the program to better meet the program's objective and law enforcement agency needs.

However, leveraging multiple funding sources in a complementary manner to implement comprehensive programs or projects is encouraged and is not seen as inappropriate. To aid the COPS Office in the prevention of awarding potentially duplicative funding, please indicate whether your agency has a pending application or an active award with any other federal funding source (e.g., direct federal funding or indirect federal funding through state sub-awarded federal funds) which supports the same or similar activities or services as being proposed in this COPS Office application.
