Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This contract provides maintenance and support services to the Tyler Odyssey Case Management System for use by Clerk of the Court, Public Defender, State Attorney, Sheriff, Board of County Commissioners, and local law enforcement.

This Third Amendment provides for a thirty-six (36) month term extension and increases funds for the extension in the amount of \$1,800,000.00 for annual maintenance and license support, and budgeted professional services to align ongoing business changes with system enhancements.

Funding is sufficiently budgeted in FY25 in the Business Technology Services Fund for the first year of this amendment. A request for funding is included in the FY26 budget request in the same fund. Future funds will depend on future-year budgets.
