MONITORING

In addition to reviews of audits conducted in accordance with 2 CFR Part §200.500, formerly OMB A-133 and Section 215.97, F.S., monitoring procedures may include, but not be limited to, on-site visits by Department of Health staff, limited scope audits, and/or other procedures. By entering into this agreement, the provider agrees to comply and cooperate with any monitoring procedures/processes deemed appropriate by the Department of Health. In the event the Department of Health determines that a limited scope audit of the provider is appropriate, the provider agrees to comply with any additional instructions provided by the Department of Health to the provider regarding such audit. The provider further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Chief Financial Officer (CFO) or Auditor General.

AUDITS

PART I: FEDERALLY FUNDED

This part is applicable if the provider is a State or local government or a non-profit organization as defined in 2 CFR Part §200.500.

1. In the event that the provider expends \$750,000 or more in Federal awards during its fiscal year, the provider must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR Part §200.501. EXHIBIT 1 to this agreement indicates Federal resources awarded through the Department of Health by this agreement. In determining the Federal awards expended in its fiscal year, the provider shall consider all sources of Federal awards, including Federal resources received from the Department of Health. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part §200.502-§503. An audit of the provider conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200.500 will meet the requirements of this part.
2. In connection with the audit requirements addressed in Part I, paragraph 1, the provider shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR Part §200.508 - §200.512.
3. If the provider expends less than \$750,000 in Federal awards in its fiscal year, an audit conducted in accordance with the provisions of 2 CFR Part §200.501(d) is not required. In the event that the provider expends less than \$750,000 in Federal awards in its fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part §200.506, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such audit must be paid from provider resources obtained from other than Federal entities.)
4. An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to agreements with the Department of Health shall be based on the agreement's requirements, including any rules, regulations, or statutes referenced in the agreement. The financial statements shall disclose whether or not the matching requirement was met for each applicable agreement. All questioned costs and liabilities due to the Department of Health shall be fully disclosed in the audit report with reference to the Department of Health agreement involved. If not otherwise disclosed as required by 2 CFR Part §200.510, the schedule of expenditures of Federal awards shall identify expenditures by funding source and contract number for each agreement with the Department of Health in effect during the audit period. In determining the state financial assistance expended in its fiscal year, the provider shall consider all sources of state financial assistance, including state financial assistance received from the Department of Health, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.
2. In connection with the audit requirements addressed in Part II, paragraph 1, the provider shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. 3. If the provider expends less than \$500,000 in state financial assistance in its fiscal year (for fiscal years ending September 30, 2004 or thereafter), an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, is not required. In the event that the provider expends less than \$500,000 in state financial assistance in its fiscal year and elects to have an audit conducted in accordance with the provisions of Section 215.97, Florida Statutes, the cost of the audit must be paid from the nonstate entity's resources (i.e., the cost of such an audit must be paid from the provider resources obtained from other than State entities).
4. An audit conducted in accordance with this part shall cover the entire organization for the organization's fiscal year. Compliance findings related to agreements with the Department of Health shall be based on the agreement's requirements, including any applicable rules, regulations, or statutes. Non-profit or for-profit organizations are required to be submitted within 45 days after delivery of the audit report, but no later than 9 months after the provider's fiscal year end.
