I don't see why they can't have a threshold for having to comply with County criteria. I don't think asking for anything 2 acres and under only comply with SWFWMD criteria is unreasonable.

John

I think it makes sense to conform to SWFWMD exemption criteria.

Proposed changes to Pinellas Stormwater code (from DCAG)

To my knowledge there is not a legal reason that Pinellas County cannot be less restrictive than SWFWMD, however, for this initial baby step, will try to mimic their exemption rule.

Comments/Suggestions ??
