Good morning David,

Per earlier conversation, the County cannot indemnify other agencies/entities under most circumstances per County Resolution No. 06-70 (attached). Can FDOT remove or modify the indemnification requirements in Section 8 of the attached agreement?

Thank you,

Merry Celeste

Another request:

Section 3.d seems to have the incorrect box checked. Okay to change the selection to the second option/box since we have the three party escrow agreement?

This agreement is being routed through our required County contract review process and for submission on the February 5th Board agenda. As soon as I receive the Chairman's signature on the agreements, which is usually the day following the Board meeting, I'll scan the partially signed agreements to you and FedEx the originals.

Okay with you?

Please disregard my question regarding Government-Owned Utilities versus Non-Government-Owned Utilities for Indemnification. I wasn't reading it correctly.

The other question remains – is it okay to insert a “%” under paragraph 6 as shown in the attached?

Thank you,

Merry Celeste

Dan,

The County really appreciate the FDOT helping the County on this project by proceeding with the UWHCA. The UWHCA will allow a smoother working environment with one contractor doing both the drainage improvements and utilities relocations. The County looks forward to working with the FDOT and Ajax on this project.

Our contract's group have a few questions about the UWHCA documents you emailed yesterday.

Please see Merry's email below with the questions.

If you have any questions please do not hesitate to contact Kelly or myself or email Merry directly in order to expedite the process.

Good morning,

I believe the first Word document should have a “%” in paragraph 6. Please advise if okay to change.

Also, concerning para 8 in the first Word doc, why is the para “FOR GOVERNMENT-OWNED UTILITIES” struck, and the para “FOR NON-GOVERNMENT-OWNED UTILITIES” remains?

See the attached UWHCA documents that were forwarded to us yesterday afternoon. It is our intent to move forward with the Joint Project as we feel is the best approach for the County. Joe, please review the documents as to form and let us know if you approve.

Merry and Bunny, once the documents are approved by Legal, we will be working with you to expedite the execution.

Feel free to call Dennis or I with any questions.

Mr. Hunter,

I just spoke with Dennis Simpson and he asked me to send you an email stating Pinellas County Utilities is in agreement with the latest quote submitted by AJAX Paving in the amount of \$7,646,917.47. For the relocation of Pinellas County facilities on the Gulf Blvd project from Park Blvd to Walsingham Rd. Dennis also asked me to remind you that there was some discussion regarding the FDOT potentially reducing the Administration/Maintenance of Traffic Charges from 5% to 2.5%.

Please provide us with the required UWHCA forms for execution at your earliest convenience.

Please call me if you have any questions or need additional information.
