## **Petition to Stop Rezoning!**

**Vote NO to any Land Use Change  
for the Tides Golf Course!**

**Vote NO to any Zoning Change  
for the Tides Golf Course!**

**Vote NO to any Development Change  
for the Tides Golf Course!**

**V**

## To Our Pinellas County Commissioners:

We, the citizens of Pinellas County, plus Visitors to Pinellas County from Near and Far, and the Many Golfers that recreate here, present these **19,188 names** on our signed petition to show the resolve of many that there be **No REZONING** allowed to the Tides Golf Course located at 11832 66<sup>TH</sup> Avenue North, Seminole, Florida. We want it to be maintained as Recreational Open Space, so we and our future generations may enjoy its wondrous beauty.

Homeowners living on the Tides golf course and the more than 3000 residences that surround it recognize the Tides Golf Course as a Recreational Green Open Space that generates opportunities for untold hours of enjoyment, recreating and relaxing playing the game of golf.

A number of years ago, the significance of the Tides as a watershed was realized. Water was backing up and flooding. It was rerouted to the Tides which allows the water to flow over the golf course, clean its contents, absorb it into the earth and eventually reach our Aquifer. Our flood issue was alleviated. With the issue of water shortages and storm water runoff, this must be a major concern for our Commissioners.

Access to the area is now critical. There is one major roadway-66<sup>TH</sup> Avenue North for the people of this area. The other roads feed around the neighborhood or into the neighborhood. This is an Emergency issue plus an evacuation issue now, plus you're adding maybe 350 more households. That cannot make sense since the 66<sup>TH</sup> Avenue corridor cannot be widened according to some County Officials.

Thousands of people travel to our County, spending their money, to enjoy our beaches, eat at our restaurants and play in particular the Tides Golf Course. These 150 acres of pristine beauty and precious open space can never be re-created once it is destroyed! It is "Joined at the Hip", so to speak, with our beautiful New Millennium Park~both acting as a natural preserve for our environment and animals that nest and prosper here. There are majestic Eagles, endangered Wood Storks, owls, egrets, hawks, Ospreys and Rosetta Spoonbills that inhabit this area. Many even nest here. Plus we

have Brazilian otters, large turtles of all types, raccoons, armadillos, Coyotes that rely on this Golf Course for their very survival. Plus the occasional alligator finds his home in the course's spacious lakes.

Do Not Let the Greed of a few take a wonderland for animal and man alike and destroy it! Please take the road that our Pinellas County Commissioners more than 25 Years ago took, making this a **Recreational Open Space** for our County. We want our Pinellas County of Commissions to Vote – **NO to the REZONING**, and a destruction of this beautiful Natural Resource called the Tides Golf Course!

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

10

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years.

We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

The Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Re-zoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

**W**e, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years.

We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

As the citizens of Pinellas County, we hereby submit this petition to stop any rezoning attempt of the Tides Golf Course. The Tides Golf Course is located at 1662 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Rezoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plants and animals. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- Keep any changes to the current Tides Golf Course zoning.
- Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- Maintain the "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- Deny any changes to the current Tides Golf Course Zoning.
- Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years.

We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

**W**e, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

**W**e, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

**We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:**

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years. We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

We, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years.

We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.

# -SAVE THE TIDES GOLF COURSE- PETITION TO STOP REZONING!

**W**e, the Citizens of Pinellas County, hereby submit this petition to stop any re-zoning attempts of the Tides Golf Course. The Tides Golf Course is located at 11832 66th Avenue North, Seminole, Florida. The Tides Golf Course is currently zoned as recreational open. The Tides Golf Course represents a gem for our county and for our fellow residents. A change in zoning would lead to a lower quality of life for residents who live in neighborhoods surrounding the golf course and for our county as a whole. Rezoning would allow developers to change the Tides Golf Course from the 150 acres of rolling sea grasses to 167 homes, townhomes and/or condos replacing grass with concrete and asphalt. Re-zoning would also disturb and disrupt the sensitive eco system of the area that is home to many native Florida species of plant and wildlife. We want the Tides Golf Course to be saved so future generations may be part of the pleasure that this open green space has provided millions for the past 39+ years.

We request the Pinellas Board of Commissioners/Zoning Board:

- > Deny any changes to the current Tides Golf Course Zoning.
- > Protect the Tides Golf Course for the "Open Green Space" that it is and prohibit any construction of residences.
- > Maintain our estuary of "Green Open Space" so that generations of Eagles, Egrets and Owls may continue to have their rightful nesting areas.
- > Protect our Trees and Native Greenery on The Tides GC that cleans our air and provides habitat for the hundreds of animals that call it home.
