Hi Meghan!

Below is our "allocation" for the 2023 DNA CEBR formula grant. The solicitation is attached. Can you get the grants.gov thing rolling? I will start working on the Narratives and Budget, etc.

There is also an competitive version this year. We are going to meet later today to see if we will apply for, if so I will send you a separate email with that info.

As always THANKS!

Good morning,

We have calculated the allotments based on the 2021 UCR data. Your amount for application 2023 is \$260,324.00

Contracts/MOU for Coverdell are in review and should be out soon.

We apologize for the delay and will work to have a faster response to these activities in the future.
