OPUS Project Title 002578B - FY20 AQ EPA 103 Grant

Duration Multi Year

Proposed Abstract (Project Scope of Work) This grant program/project has been ongoing since 1998. The program monitors fine particulate matter air pollution levels in accordance with EPA requirements and standards to demonstrate compliance with National Ambient Air Quality Standards. This application is for an additional two-year budget/project period award to support continued funding of the existing County program.

Benefit Summary (How will this benefit the County, Dept, etc?) This project supports Pinellas County's Strategic Plan Goal 3.3 (Practice Superior Environmental Stewardship) to protect and improve the quality of our air. This project supports EPA's Strategic Plan Goal 1 (A Cleaner, Healthier Environment) and Objective 1.1 (Improve Air Quality), by implementing a variety of monitoring activities that will assist in achieving and maintaining health based air pollution standards to reduce the direct emission of particulate matter and other criteria air pollution from stationary and mobile sources that are protective of human health. The anticipated environmental outcome will be reduced respiratory illnesses including asthma and lung cancer and improved visibility in scenic parks and wilderness areas.

Director Approval (Attach) Yes

Is the proposal submitted for a different Department? No

If submitting for a different department, what is that department name?
