bikepath country® sponsoring paths for the future.

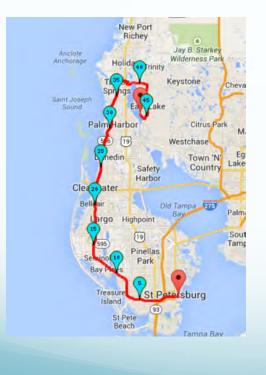

Program

- Bikepath Country is the only company of its kind to specialize in sponsorship of trails and greenways. The socially responsible partnership program allows companies and organizations to sponsor one or multiple new signs.
- The sponsorship program and smart signs become a partnership between the municipality and Bikepath Country. Bikepath Country works closely with municipalities to select sponsorship opportunities that work for the trails, choosing options that work with the natural environment and provide a benefit to the end user.

Sign Locations

Toured path to inspect sign location & GPS locations.

Sole Source Contract

Responded to SOLE SOURCE CONTRACT, awarded to Bikepath Country Florida LLC. Sole Source includes 30% of the net revenue going back to the county and the signs under this contract become part of the county's property.

Removal of 27 signs

Sign Before & After

Sign Locations

Sales sponsors / media kits

NATIONAL SALES.

- When working with Bikepath Country, the trail owner can be as engaged as desired. If less engagement is preferred, Bikepath Country is equipped to coordinate the entire project, selecting designers and printers, getting sponsors, installing amenities and developing a maintenance plan.

25th Anniversary

Placed 25th anniversary information alerting information about event in signs.

Create a Smart Trail

Trail users can tap or scan the mTAGs with their mobile device to obtain relevant information such as weather updates, nearby restaurants and local activities related to their location along the trail. The mTAGs can also be used for fitness challenges, with users tapping or scanning in at the start of their exercise routine and doing so at each sign along the way. At the end of the workout, the user will be able to see how far they have traveled and how they've done compared to others.

mTag

Tap or Scan the mTAG to gain access to useful and relevant content as users explore the trail.

Users will continue to reference the mobile experiences long after the initial tap.

Using the mTag

Trail Information

Joined ST. PETE CHAMBER to expose local clients to sponsor a sign and mobile exposure opportunities.

Planning an event with the chamber to introduce program & bright spot Monday exclusive email to 1,600 members .
