November 17th, 2025

Pinellas County Board of County Commissioners
315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a Teacher at Ignite Academy, a Christian kindergarten through 8- grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

This is the best school to be a part of. I have been a teacher for many years and I hope to retire from Ignite Academy. This school is like family as we support one another in wins and hardships. Our staff and development team have determined this parcel to be the best place for Ignite Academy because the site frontage along Keystone Road is appropriate for a school, the proposal is consistent with existing surrounding uses, and it is large enough to hold 133 students and a small number of staff members. After reviewing the proposed site plans, I am excited to see Ignite Academy expand and thrive as a valued part of this community.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required.

Thus, I hope that you and the other Pinellas County Board of Commissioners will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families.

Sincerely, Jennifer McCoy

[Report Suspicious](#)

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to 3 children (with a 4th who will begin kindergarten in 2027) who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. We have been a part of Ignite Academy since 2020, and have loved watching our children thrive as part of the community. While academic excellence is important to our family, the emphasis on community building and encouragement in our kids' faith is of even greater importance. We cannot imagine our kids attending a different learning environment and are so looking forward to the stability that will come from having a permanent home to call our own.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities compared to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Cameron & Stephanie Fisk,

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to a child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location. Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My child has been attending this school since kindergarten, and it has truly become a place where she feels safe, supported, and understood. We've seen her grow academically and emotionally because of the teachers' dedication and the strong sense of community. The school is a bit closer to our home now, which will make our daily routines much easier for us. Keeping our child in a familiar, consistent environment is important, especially during times of change. Our family also deeply values the religious foundation of the school. It aligns with the morals and faith we teach at home and having that reinforced in their education is something we care about greatly.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Jessica Zuzak

Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am the 3rd grade teacher here at Ignite Academy, a Christian kindergarten through 8 th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

I have now worked at Ignite Academy for two years. It has been a blessing to myself and to my family. Having a close location to our home, the community that is never ending and constantly being nurtured here is a beautiful one to be a part of. Our staff and development team have determined this parcel to be the best place for Ignite Academy because the site frontage along Keystone Road is appropriate for a school, the proposal is consistent with existing surrounding uses, and it is large enough to hold our 133 students and our small number of staff members. We are so excited for the coming years ahead and the potential of having our own plot of land to call our final Ignite Academy home.

After reviewing the proposed site plans, I am excited to see Ignite Academy expand and thrive as a valued part of this community. Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required.

I hope that you and the other Pinellas County Board of Commissioners will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families.

With gratitude,

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members.

Our family has been blessed to be a part of Ignite Academy in Tarpon Springs, and we believe strongly in the value this school brings to our children and our community. Ignite Academy provides an exceptional educational environment where our children are challenged academically, supported personally, and encouraged to grow into thoughtful and confident young leaders. What makes the school especially meaningful to us is its strong foundation in faith-based values—an environment where our children not only learn math, reading, and science, but also learn how to treat others with kindness, respect, and purpose. Having a religious-based institution like Ignite Academy is deeply important to our family, as it reinforces the values we work to instill at home and helps shape our children into well-rounded individuals. We are supportive of the school's efforts to expand, as it will allow more families to benefit from the same nurturing and impactful educational experience that ours has received.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8 th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to a child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My daughter has been at Ignite Academy for the past 3 years. I have 3 older children that have attended public and charter schools in Pinellas County. Ignite is like no other school we have attended. It has been such a blessing for my child, and my family, as we now have a loving community outside of the school. In addition, we do not need to worry about inappropriate curriculum or personal agendas being pushed in the classroom because Ignite Academy values Biblical truths and is teaching students to be respectable citizens in and outside the classroom. I particularly love that all the teachers, staff and students know and interact with each other by name, and the older children also have opportunity to spend time with the younger children.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes

will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Cherise Katsaros

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to 1 child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My son has been attending school since August 2025, and he is truly thriving at Ignite. He has been a student at the school for less than four months and he is already starting to read! He loves his teacher and the staff. The school has been like a family. They truly care about my son and our family. I have never been to a school that the entire faculty knows each child by name. Every day we are greeted at car line with a friendly smile. My son doesn't want to miss a single day of school. We feel truly blessed to have chosen such a great school for our son. I feel it is important for my son to have a Christian based foundation for his education. He looks forward to chapel every Friday.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,
I am a parent to one child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. This is my child's first year with the school and we have already seen a huge difference academically and socially. She is thriving in reading and writing and catching on so much quicker with the small class size and tentative teachers. We believe it is so important to have Christianity involved in the education of our child. We hope to stay with Ignite Academy until the end of middle school. This new location will allow us to stay with our community.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to two children who attend Ignite Academy, a Christian K-8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a family focused community. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My family has attended Ignite Academy for the past 6 years. This school has been a blessing to our family in many ways. We moved to this school after completing a long and hard adoption journey from India with our second son. This school provided a stable environment for both of my children in the midst of chaos following the Covid pandemic and big life changes for our family. My children have both thrived academically at Ignite Academy, but equally as important, they have grown mentally, emotionally, and spiritually. Assuring that Ignite Academy finds a location close to its current location is imperative for so many families, including ours. If the school cannot find a location within a certain radius, getting our children to and from school will not be feasible. I cannot imagine finding another school for my children that will match the endless benefits this school has offered them.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space

between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Tiffany Loomis

Subject: Parent Support for Ignite Academy's New Campus – 2271 Keystone Road

Stephanie Jones

322 Sheffield Cir E
Palm Harbor, FL 34683

November 11, 2025

Pinellas County Board of County Commissioners
315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and Members of the Pinellas County Board of County Commissioners,

I am a parent of two children who attend Ignite Academy One is in 2nd grade and one in 1st. Both of my children have been part of Ignite since kindergarten, and it has been an incredible place for my kids to learn and grow.

Ignite Academy is a private Christian K–8 school located at 1350 East Lake Road North in Tarpon Springs. Beyond its strong academic foundation, Ignite provides a close-knit community that truly feels like family. The school places great emphasis on health, character, and the growth and development of the *whole child* — not just academically, but emotionally, physically, and spiritually. It also instills in students the importance of community and giving back, which are values that deeply align with our family's priorities.

Due to Radiant Church's decision not to renew the school's lease in 2026, Ignite Academy has been searching for a permanent home. Thankfully, they have found the perfect location at **2271 Keystone Road, Tarpon Springs, FL 34688**, and I wholeheartedly support this move.

Ignite currently serves 133 students from 75 families, with a small but dedicated staff who pour into each child daily. The only obstacle standing in the way of this relocation is the need for your approval of a small zoning amendment. The new property totals 5.23 acres—just slightly over the 5-acre limit for institutional use. Although the current zoning and land use already allow for K–8 schools, this minor excess requires an amendment to change the zoning from **Residential Agriculture (R-A)** to **Limited Institutional (LI)** and the future land use from **Residential Rural (RR)** to **Institutional (I)**.

This request is reasonable and will ensure the school has the proper space for safe and effective learning while maintaining ample distance from neighboring properties. Comparable nearby schools, such as Solid Rock and Plato Academy, operate successfully on larger lots, showing that this use is appropriate and consistent with the surrounding area.

I respectfully ask that you approve these changes so Ignite Academy can build its forever home and continue serving Pinellas County families like ours for generations to come.

Sincerely,

Justin & Stephanie Jones

Subject: Upcoming Hearing for Rezoning

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to two children who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My children have been attending the school now for two years and we continue to go back each because of how happy our kids are at school. We love the community we are all getting to create at the school and we want to see it grow and flourish.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Travis and Sarah Stephenson

Subject: Ignite Academy Zoning

Pinellas County Board of County Commissioners
315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,
I am a parent to a child who attends Ignite Academy, a Christian K-8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688.

I adamantly support the school's decision to move to this new location. Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members.

My daughter has been attending for 1 year, and I cannot imagine her attending anywhere else. There is truly no other school in this area that has the set up that Ignite has with its small class sizes and emphasis on instilling compassion and empathy into children as well as academics. In a world where children grow up too fast, and are exposed to material far beyond what they should be exposed to, Ignite makes a difference to keep children, as children. They also teach the foundations of Christianity and apply them to my child's daily life in a way that I could not do on my own. Please do not make so many families have to look elsewhere for such amazing guidance for their children. This is an amazing opportunity for our community and is truly unlike any other school in the area.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8 th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road, who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Subject: Ignite Academy New Location

Matthew Housh
1555 E Lake Drive
Tarpon Springs, FL 34690

October 31, 2025

Pinellas County Board of County Commissioners
315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to four children who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the landlord, Radiant Church's, decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I fully and passionately support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also offers a close-knit and welcoming community for its families. My children have been attending Ignite Academy for the last 5 years. Over the years, our family has come to cherish the school's inclusive environment. Many of my friends' children also attend, and those we did not know before have since become part of our circle. This sense of unity and belonging stems directly from Ignite's ability to create an environment where learning, faith, compassion, and inclusiveness coexist seamlessly. In today's world, where division can often feel overwhelming, it is powerful to have all four of my children in a school that reflects such essential and unifying values.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permit kindergarten through 8th grade schools, the property, at 5.23 acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable and necessary request by the school, allowing for appropriate classroom space while maintaining ample buffers between the campus and neighboring properties. Moreover, this proposed use aligns with other nearby schools, such as Solid Rock and Plato Academy, both of which operate on larger properties.

I respectfully urge you to approve Ignite Academy's request to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI), and the future land use from Residential Rural

(RR) to Institutional (I). We are encouraged to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. Your approval will allow Ignite Academy to establish its permanent home and continue serving Pinellas County families like ours with quality education grounded in faith, compassion, and community.

Thank you,

Matthew Housh [VP & Owner]

Subject: Support for Ignite Academy's Forever Home

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to 2 children who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. Our family has been part of the Ignite Academy community since its start in 2018. Ignite Academy is not just a school. It's a community that is strengthening families and marriages, instilling a faith-based foundation for the students and parents alike, and teaching the next generation how to be productive, conscientious citizens. The relocation of the school to 2271 Keystone Road will ensure that the current students and families served will continue to reap the benefits of this amazing school and will also allow Ignite Academy the ability to reach more students and families.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Heather Gingerich 556 Austin Drive Tarpon Springs, FL 34688

Subject: Ignite Academy Rezoning

Pinellas County Board of County Commissioners 315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to two children who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. My oldest has been attending for 3 years and now my youngest is in kindergarten. This school has been the biggest blessing in my kids lives, they feel loved and supported and they have grown tremendously in not only their academics but their character as well. They believe in whole child development and value not just what goes in their minds but their bodies as well, they teach nutrition and exercise is a priority. They allow the kids to expand in all areas of development and education. Having the school centrally located and a permanent property will only increase their ability to continue serving their families and community.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot. I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Subject: Rezoning Support for Ignite Academy

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

Hope each of you is doing really well. My name is Libet Garber, mom of two precious elementary school kids and I hope you have a few minutes to read the email below for our dear school who needs your support for the school to have a permanent home.

My children attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child(ren), but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. This is the third year our children have attended the school after having tried two other different schools that did not fit our family religious values. I can not emphasize the strong academic, thriving environment this school has been for our two children. From the teachers, to the administration everyone is well trained to do an excellent job and are children are healthier, happier and being excellently educated thanks to the school great work, community and support.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will

allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

We are parents to a child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. Our child has attended this school since kindergarten so for 5 years now and we also have another child that will attend Ignite Academy in 2 years when he starts Kindergarten. We love Ignite Academy because of their small class sizes that allows our child to receive the attention, time, and nurturing they need along with the wonderful teachers and staff that we are so grateful for. This new location will be closer to our home and cut down on commuting time which will allow for my child to receive the time and rest they need in the mornings before starting their school day due to the shorter distance to our home. We chose Ignite Academy because it is very important to our family to have a religious based institution that instills a kingdom mindset and love of God and we couldn't imagine a better school fit for our child.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Jamie & Danielle Clay

Pinellas County Board of County Commissioners
315 Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am the Assistant Principal at Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

This is my fifth year working at Ignite Academy and my coworkers, along with the community of families we serve, have become extended family to me. This school deeply cares about not only kids, but the entire family unit. I've seen lives transformed and families supported and cared for through different seasons of grief and struggle. I've also had the privilege to be part of many community events and celebrations. Now I get to raise my own kids in a community where they are loved and looked after by my fellow staff members and the community of families they see every day. This community is special and a blessing to anyone who has the opportunity to be part of it. This new location would bless our entire community of staff and families when we can finally call it our "Forever Home". Its central location would truly be perfect for the community we serve. We hope to make a lasting impact in the lives of our students and their families, as well as our neighbors in Tarpon Springs and beyond. Our staff and development team have determined this parcel to be the best place for Ignite Academy because the site frontage along Keystone Road is appropriate for a school, the proposal is consistent with existing surrounding uses, and it is large enough to hold our 133 students and small number of staff members. After reviewing the proposed site plans, I could not be more excited to see Ignite Academy find a forever home and be a place where families can come to feel supported and safe.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required.

Thus, I hope that you and the other Pinellas County Board of Commissioners will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families.

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to a child who attends Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my child, but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. For our family, Ignite Academy has truly been a blessing. Our daughter has attended Ignite Academy for the last three years. We have watched her grow exponentially in three key areas: academically, socially, and spiritually. There are numerous schools where we felt confident one or two of those areas would be satisfactory for our child, but it is incredibly hard to find a school that excels at all three the way Ignite Academy does. From the top down, Ignite is filled with leaders and families who love their students and love their community. We cannot imagine life without Ignite, and having the new location be so close to home (we live off of Keystone) will help our family immensely.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school

and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Lucas Spoerl

Address 2687 Beaumont Ct
Clearwater, FL 33761

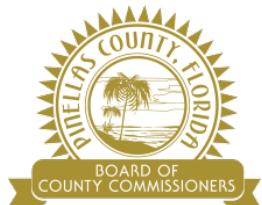

Comments I am commenting today to urge the commissioners to vote in support of both the motion to amend zoning to LI and update FLU to Institutional. I currently have 3 children who attend Ignite and have greatly benefited from both the academic excellence AND spiritual emphasis Ignite Academy promotes. The proposed land use is consistent with other nearby institutions on Keystone Rd. Thank you for your consideration.

Your Stand on the Issue Support

Pinellas County Board of County Commissioners 315
Court Street
Clearwater, FL 33756

Dear Chairman Scott and the Pinellas County Board of County Commissioners,

I am a parent to 2 children who attend Ignite Academy, a Christian kindergarten through 8th grade private school located at 1350 East Lake Road North, Tarpon Springs, Florida 34688. Ignite Academy is in need of a new forever home in light of the Landlord, Radiant Church's decision not to renew the lease in 2026. Thankfully, Ignite Academy has found a permanent home at 2271 Keystone Road, Tarpon Springs, Florida 34688. I adamantly support the school's decision to move to this new location.

Ignite Academy not only provides exceptional curriculum and instruction for my children but it also provides a small-knit community for its families. Ignite Academy currently has 133 students enrolled with 75 families, along with a small number of staff members. Ignite has been a gift to our family and their care for our children as a whole, rather than focusing just on academics, has been refreshing. We have been a part of public, private, charter, FLVS, homeschool and co-op during our academic journey. Ignite is the first place that has checked all the boxes. We adore this school and would love to have a permanent place to call home.

Ignite Academy is unable to move without your approval due to a minor acreage excess. While the current zoning and future land use permits kindergarten through 8th grade schools, the property, at 5.23-acres, narrowly exceeds the 5-acre limit for institutional uses. Thus, an application to amend the zoning and future land use designations is required. I believe this is a reasonable request by the school and will allow sufficient space for classroom activities while still providing ample space between the proposed school and neighboring properties. Moreover, this use is comparable to other schools such as Solid Rock and Plato Academy just down the road who have far larger facilities comparatively to their lot.

I hope that you will consider the request by Ignite Academy to change the current zoning from Residential Agriculture (R-A) to Limited Institutional (LI) and change the future land use from Residential Rural (RR) to Institutional (I). We are excited to have support from the Pinellas County Local Planning Agency and county staff in this endeavor. The Board's approval of these changes will allow Ignite Academy to build their forever home and continue providing an essential service to Pinellas County families like ours.

Sincerely,

Rachel Brokaw

[Report Suspicious](#)

Good afternoon,

I am a parent of one child that currently attends Ignite Academy. While I only have one child at the school this year there is a very strong possibility my second child will join their school next year.

My son has been at Ignite Academy for the past 2 years and the education he has received there far exceeds the education he was receiving in public schools. The main reason we moved my son to the school was because living in the East Lake corridor and having a middle school for the children of the East Lake corridor is apparently something Pinellas County does not feel there is a need for. There is a small magnet Middle School in Eastlake that only accepts 132 children per class and via lottery selection only. The reason given to parents wondering why no middle school has been built for the East Lake corridor, which happens to house two large elementary schools and one large high school, is the increased use of the state Voucher Program.

While Pinellas County Schools has no plans to build any schools for the children of Northern Pinellas County, Ignite Academy would like to do just that for us. Nothing would serve the East Lake corridor better than having schools for the children of the families that live here.

While the East Lake corridor has grown, the education system in Pinellas County unfortunately has not grown with it. Just a few miles north of us in Pasco County, schools of all capacities were built to accommodate the new neighborhoods that were also built when Trinity and Odessa were "commercialized".

So, while Pinellas County Schools doesn't see the need for more seats for the future generations of this area to be educated in, our private industry, led by educational professionals from many diverse backgrounds, has found the exact opposite calling. They are hoping to expand our educational opportunities within our local community. They are hoping to help build and mold the future of this area and invest in the community by investing in our children.

The current school location is just north of the East Lake Road/Trinity Road intersection. This area is backed up every morning, not from school traffic, but because while the area and the traffic count has grown, the same number of lanes exist. Pinellas County is now doing a study, that we as residents would love to fast track, to expand the roads in this area. Keeping up with our infrastructure as a growing community and area is paramount to growth, and schools are the infrastructure of our future. We don't need more car wash places. We don't need more bars and restaurants. We don't need more shopping.

What we do need, are more schools.
