ARTICLE 3 SUMMARY PROJECT INFORMATION

3.1 Summary of Project's Statement of Work.

The Pinellas I-PED (Impaired Pedestrian-Bicycle Evaluation and Demonstration) Project activities include research into discrepancies in the crash reporting process within the State of Florida dealing with fatal crashes involving pedestrians and bicyclists that are under the influence. Provide analysis and document the crash reporting process to determine why the toxicology report findings in 2021 identified over 67% of pedestrian and bicycle fatalities being under the influence versus the statewide reporting system's (Signal 4) 16% rate of being under the influence. The program will also test various physical infrastructure, educational sessions, and enforcement activities to test the effectiveness to reduce these types of fatal crashes.

The project will be completed in three phases as follows:

The Pinellas I-PED (Impaired Pedestrian-Bicycle Evaluation and Demonstration) Project will build off the Pinellas County Metropolitan Planning Organization's (Forward Pinellas) Vision Zero Action Plan.

Base Phase (Pre-NEPA):

Pre-NEPA activities include researching discrepancies in the crash reporting process within the State of Florida dealing with fatal crashes involving pedestrians and bicyclists that are under the influence. The team will analyze and document the crash reporting process to determine why the toxicology report findings in 2021 identified over 67% of pedestrian and bicycle fatalities being under the influence versus the statewide reporting system's (Signal 4) 16% rate of being under the influence. During this phase the project team will submit a preliminary and final NEPA checklists, determine locations, potential treatments and countermeasures, preliminary design, and develop potential educational campaigns.

Option Phase 1: Design of Demonstration Activities:

During Phase 1, the program will finalize design plans and continue stakeholder coordination.

Option Phase 2: Construction of Demonstration Activities:

During Phase 2, the program will continue stakeholder engagement, construct the demonstration projects' various temporary physical infrastructure countermeasures, implement educational campaigns and enforcement activities to determine the effectiveness of each strategy in reducing these types of fatal crashes. The project will perform an evaluation of countermeasures and produce an evaluation report that will be used in developing a supplemental safety action plan to add to the existing Pinellas County Metropolitan Planning Organization's (Forward Pinellas) Vision Zero Action Plan.

Throughout this project, Pinellas County will coordinate with the Florida Department of Transportation, Pinellas County Sheriff's office, Community Traffic Safety Team, Florida Department of Health, and the Metropolitan Planning Organization Forward Pinellas, to build upon the existing Vision Zero Action Plan to determine and demonstrate specific measures that will reduce the number of pedestrian and bicycle fatalities under the influence of drugs and alcohol.

USDOT ADMINISTRATIVE INFORMATION

5.1 Office for Subaward and Contract Authorization.

USDOT Office for Subaward and Contract Authorization: FHWA Office of Acquisition and Grants Management

SUBAWARDS AND CONTRACTS APPROVAL

Note: See 2 CFR § 200.331, Subrecipient and contractor determinations, for definitions of subrecipient (who is awarded a subaward) versus contractor (who is awarded a contract).

Note: Recipients with a procurement system deemed approved and accepted by the Government or by the Agreement Officer (the “**AO**”) are exempt from the requirements of this clause. See 2 CFR 200.317 through 200.327. Note: This clause is only applicable to grants that do not include construction.

In accordance with 2 CFR 200.308(f)(6), the recipient or subrecipient shall obtain prior written approval from the USDOT agreement officer for the subaward, if the subaward activities were not proposed in the application or approved in the Federal award. This provision is in accordance with 2 CFR 200.308(f)(6) and does not apply to procurement transactions for goods and services. Approval will be issued through written notification from the AO or a formal amendment to the Agreement.

The following subawards and contracts are currently approved under the Agreement by the AO. This list does not include supplies, material, equipment, or general support services which are exempt from the pre-approval requirements of this clause.

5.2 Reimbursement Requests

- (a) The Recipient may request reimbursement of costs incurred within the budget period of this agreement if those costs do not exceed the amount of funds obligated and are allowable under the applicable cost provisions of 2 C.F.R. Part 200, Subpart E. The Recipient shall not request reimbursement more frequently than monthly.
- (b) The Recipient shall use the DELPHI iSupplier System to submit requests for reimbursement to the payment office. When requesting reimbursement of costs incurred or credit for cost share incurred, the Recipient shall electronically submit supporting cost detail with the SF-270 (Request for Advance or Reimbursement) or SF-271 (Outlay Report and Request for Reimbursement for Construction Programs) to clearly document all costs incurred.
- (c) The Recipient’s supporting cost detail shall include a detailed breakout of all costs incurred, including direct labor, indirect costs, other direct costs, travel, etc., and the Recipient shall identify the Federal share and the Recipient’s share of costs. If the Recipient does not provide sufficient detail in a request for reimbursement, the Agreement Officer’s Representative (the “**AOR**”) may withhold processing that request until the Recipient provides sufficient detail.

- (d) The USDOT shall not reimburse costs unless the AOR reviews and approves the costs to ensure that progress on this agreement is sufficient to substantiate payment.
- (e) In the rare instance the Recipient is unable to receive electronic funds transfers (EFT), payment by EFT would impose a hardship on the Recipient because of their inability to manage an account at a financial institution, and/or the Recipient is unable to use the DELPHI iSupplier System to submit their requests for disbursement, the FHWA may waive the requirement that the Recipient use the DELPHI iSupplier System. The Recipient shall contact the Division Office Lead Point of Contact for instructions on and requirements related to pursuing a waiver.
- (f) The requirements set forth in these terms and conditions supersede previous financial invoicing requirements for Recipients.

The Recipient also agrees that demonstration activities are temporary in nature and must be removed and/or ended following the conclusion of the project if the assessment of the demonstration activities does not affirm that the activities provide safety benefits.
- 6.6** The Recipient acknowledges that it is required to conduct certain environmental analyses and to prepare and submit to FHWA, or State with applicable NEPA Assignment authority, documents required under NEPA, and other applicable environmental statutes and

regulations before the Government will obligate funds for Option Phase 1 under this agreement and provide the Recipient with a written notice to proceed with Option Phase 1.
