Comments

Governor Desantis has issued an executive order banning any fines or the closing of businesses for not wearing a mask or social distancing. Since your orders no longer have the weight of law, I ask you end this mandate. I am tired of being bothered walking into businesses and being told I have to wear a mask or leave. Without your mandate, a business doesn't have the authority to do so anymore.

After the Governor and his panel of doctors and the information that has been published there is no reason to continue the mask mandate. I understand there is pride involved but allow us to have a choice. After wearing a mask for extended periods of time I feel sick and rundown and on several occasions almost passed out, my son has headaches and several infections since starting school and wearing a mask all day long. My son is not even allowed a mask break in his class where he is the only child. It is time to end this and let us live our lives again.

Topic End the State of Emergency and Mask Mandates

BCC Agenda Date 10-1-2020

Your Stand on the Issue Oppose

Comments

As you know by now, our Governor has moved the state into Phase 3 of reopening, which is basically business as usual. To this end, he also eliminated and fines or penalties that could be assessed against individuals for not wearing a mask indoors at public places. Since this is now in effect and overrules the county mask mandate, it's time to end the state of emergency and the mask mandate. There are no penalties for those that refuse to wear a mask and there is also an overwhelming amount of evidence that masks don't work, and potentially cause more harm than good in the current scenario, than there is that they work. Now is the time to reopen Pinellas and ensure we have a bright future. Continuing to attempt to "enforce" a mask mandate will do nothing more than drive potential visitors to other locations and put a burden on many of our local businesses that are barely hanging on as it is.

Direction of Inquiry General Information

Subject Get rid of mask mandate please

Message Can we please stop with this mask mandate. It's getting ridiculous. They dont do any good so why force people to wear them. & because I dont want to wear one because it's my right to decide I shouldnt be turned away from a store or restaurant its doesnt make sense to wear a mask for 5 feet into a restaurant then take it off to eat.so the virus just stops at your dinner table sounds kind of dumb to me. If people want to wear one that's fine but dont force people to wear them especially since they cause more issues for people & kids shouldn't have to wear them to school they already have proven kids dont really get it anyways. There will always be some kind of cold or flu that goes around. Why do this stupidity now. Please just get rid of the mandate so I can have a normal night out to dinner again or a normal trip to the store. I'm not a afraid of some cold or living my life so put a stop to this non sense.

Subject	Mask Mandate.
Message	The mask mandate should be made voluntary. Employers should be in charge as to whether there employees wear masks or if the patrons are to wear a mask to enter there businesses. The masks hurt the chances of achieving the ultimate goal of herd amunity. Please drop the mandate. You have done you part as commissioners. Take the lead instead of always following what Hillsborough county does.
