Return to Field Program Update

Animal Services Director Doug Brightwell provided a status update on the proposed Return to Field (RTF) Program, stating that it is a variation of Trap Neuter Vaccinate Return (TNVR), which the Commission approved in 2014; that it is specific to feral cats; and that it complies with the current ordinance governing TNVR; whereupon, he discussed the County's efforts to receive citizen feedback on the program through public meetings, phone calls, and other means, and related that a summary report will be submitted to Administration in October.

Mr. Brightwell explained that healthy but unadoptable cats would be returned after treatment in the program, released near the area where they were initially found; that RTF guidelines will prevent some cats from being returned, such as ones with injuries or illnesses; and that most of the largest counties in Florida have already implemented a similar program, which is now considered an industry best practice for animal services.

Discussion ensued, and Mr. Brightwell responded to queries by the members, highlighting the following:

- Similar to dogs, many people will not leave a stray cat with Animal Services if they feel it will end up being euthanized.
- Cats are sterilized, vaccinated, ear-tipped, and microchipped.
- A stray cat brought to Animal Services for a third time will not be released, which has happened only three times since 2014.
- Cats are returned to the general area where they were found and not to a specific house or backyard.
- Issues of spraying and noise are significantly reduced once a cat has been sterilized.
- The current practice of euthanization has not reduced the number of feral cats in the county.
- The Florida Wildlife Conservation Commission helped to establish certain guidelines in the proposal.
- There are approximately 200,000 feral cats in Pinellas County.

54. Resolutions to adopt final millage rates and budgets for Fiscal Year 2020 (second public hearing).

Public hearing was held regarding the proposed Fiscal Year 2020 final millage rates and budgets for Pinellas County; resolutions adopted approving final millage rates (No. 19-77) and budgets (No. 19-78) for the Pinellas County General Fund and Pinellas County Health Department Fund; resolutions adopted approving final millage rates (No. 19-79) and budgets (No. 19-80) for Emergency Medical Services Authority, Pinellas Planning Council, Unincorporated Area Municipal Service Taxing Unit (MSTU), Public Library Services District MSTU, Palm Harbor Community Services District, Feather Sound Community Services District, East Lake Library Services District, East Lake Recreation Services District, and the Belleair Bluffs, Clearwater, Dunedin, Gandy, High Point, Largo, Pinellas Park, Safety Harbor, Seminole, South Pasadena, Tarpon Springs, and Tierra Verde Fire Protection Districts; and resolution adopted approving the total final Fiscal Year 2020 County Budget (No. 19-81).

Ms. Phillips reported that no correspondence has been received in connection with the second public hearing.

Chair Seel reviewed the sequence of events for the evening's proceedings and indicated that Pinellas County Property Appraiser Mike Twitty and Deputy for Appraisals Kevin Hayes are available to respond to anyone having questions or concerns about the assessed value of their property or information that appears on the Truth in Millage (TRIM) Notice.

Chair Seel related that even though Florida Statutes provide that a taxing authority may adopt tax levies and budgets of all its dependent special taxing districts and MSTUs by a single unanimous vote, members of the general public can request that the Board discuss and adopt any of those items separately; whereupon, in response to her query, no citizen requested that any item be separately reviewed.

Thereupon, Chair Seel opened the second public hearing on the final millage rates and budgets for Fiscal Year 2020.

Ms. Phillips reported that the public hearing is being held in accordance with Chapters 129 and 200 of the Florida Statutes; that the meeting has been duly noticed by the *Notice of Proposed Tax Increase* and the *Summary of Proposed Budget* legal advertisements that were published in the September 20, 2019 edition of the Tampa Bay Times; and that affidavits stating proof of publication have been received for filing.

Chair Seel announced that the Board of County Commissioners (BCC), as taxing authority for the BCC Countywide, the Dependent Special Districts, and the MSTUs, as previously referenced, will now proceed with the public hearings.

Mr. Burton related that the percentage increase in the millage rate for all budgets over the rolled-back rate, based on the maximum rates on the TRIM Notice and subsequent decreases to such rates, to fund the Fiscal Year 2020 Tentative Budget is a 4.61-percent increase over the aggregate rolled-back rate; whereupon, he indicated that the primary purpose for the changes in millage are as follows:

- In the General Fund including Unincorporated Area MSTU, Health Department Fund, and Emergency Medical Services Authority, revenue increases are required to support personnel and operating expenditure levels that are driven by inflationary factors.
- In the Public Library Services District MSTU, the Palm Harbor Community Services District, the Feather Sound Community Services District, the East Lake Library Services District, the East Lake Recreation Services District, and seven Fire Protection Districts, revenue increases are needed to support increased expenditures by the agencies providing services for those districts.
- In five Fire Protection Districts, revenue decreases are due to those districts having sufficient reserve levels to provide for future planned capital along with property values that can support annual operations at a lower millage rate.

Chair Seel announced that the Board of County Commissioners will continue the hearing as the taxing authority for the BCC Countywide, Dependent Special Districts, and MSTU levies, as previously referenced, by taking public comment from citizens who wish to be heard regarding the Fiscal Year 2020 Budget.

No one appeared in response to the Chair's call for persons wishing to speak.

Chair Seel asked whether the members wished to recommend any changes to the proposed millage rates or budgets.

Chair Seel stated that resolutions will now be considered to set the final millage rates and budgets; whereupon, Mr. Burton announced each of the resolutions separately, noting that the millage rates, rolled-back rates, and percentage change for each taxing authority are listed in Schedule A, which has been posted to the County website and made a part of the record.
